

The Liberal Republican.  
DALLAS, SATURDAY, SEPT. 7.  
CINCINNATI-BALTIMORE PLAT-  
FORM.

1. We recognize the equality of all men before the law, and hold that it is the duty of the government in its dealings with the people to mete out equal and exact justice to all, of whatever nationality, race, color or persuasion, religious or political.

2. We pledge ourselves to maintain the union of the States, emancipation and enfranchisement, and to oppose any reopening of the questions settled by the 13th, 14th and 15th amendments.

3. We demand the immediate and absolute removal of all disabilities imposed on account of the rebellion, which was fully subdued seven years ago, believing that universal amnesty will result in a complete pacification of all sections of the country.

4. Local self-government with impartial suffrage will guard the rights of all citizens more securely than any centralized power. The public welfare requires this supremacy of the civil over the military power, and freedom of person under the protection of the habeas corpus. We demand for individuals the largest liberties consistent with public order; for States, self-government, and for the nation, a return to the methods of peace and the constitutional limitation of power.

5. The civil service of the Government has become a mere instrument of partisan tyranny, and personal ambition, and an object of selfishness. It is a scandal and a reproach upon free institutions, and breathes a demoralization dangerous to the perpetuity of a Republican Government. We therefore regard a thorough reform of the civil service as one of the most pressing necessities of the hour; that honesty, capacity and fidelity constitute the only valid claim to public employment; that the offices of the government cease to be a matter of arbitrary favoritism and patronage and that a public station may again become a post of honor, and it is imperatively required that no President shall be a candidate for reelection.

6. We demand a system of federal taxation which shall not unnecessarily interfere with the industries of the people, and which shall provide the means necessary to pay the expenses of the government economically administered, pensions, the interest on the public debt and a moderate reduction on annually of the principle thereof. And recognizing that there are in our midst honest but irreconcilable difference of opinion with regard to the respective systems of protection and free trade, we remit the discussion of the subject to the people in their Congressional Districts and to the decision of Congress thereon, wholly free from Executive control or dictation.

7. The public credit must be sacredly maintained, and we denounce repudiation in every form.

8. A speedy return to specie payments is demanded alike by the highest consideration of commercial morality and honest government.

9. We remember with gratitude the heroism and sacrifices of the soldiers and sailors of the Republic, and no act of ours shall ever detract from their justly-earned fame, or the full records of their patriotism.

10. We are opposed to further grants of lands to railroad corporations. The public domain shall be held sacred to actual settlers.

11. We hold that it is the duty of the Government in its intercourse with foreign nations to cultivate their friendship by treating them on fair and equal terms, regarding it alike dishonorable to demand what is not right or to submit to what is wrong.

12. For the promotion and success of these vital principles and the support of the candidates nominated by this Convention, we invite and cordially welcome the co-operation of all patriotic citizens, without regard to previous political affiliations.

Horace Greeley has a thousand times said that the republican party saved Union.—Oregonian.

Yes sir, and the Oregonian said, "The N. Y. Tribune has done more for freedom, the justice and the rights of man than any other individual in existence."

"President Grant's record is good; he can wash his hands clean of any charge of corruption" Radical paper.

Wash his hands indeed! Lady Macbeth might hope against hope that after years of sorrowful repentance she could possibly remove the blood of murdered Duncan from her trembling fingers; but all the waters of this world will never make Ulysses Grant's fingers clean; his hands are polluted more hopelessly with all his evil deeds than ever a leper's skin was with his leprosy. Every honest citizen knows it, and by his ballot in November next, will show that he feels it.

A Perilous Season.

Glorious and delightful as the Summer weather is, its tropical heat is a severe trial to the vital powers. Even the strongest are sometimes prostrated by its effects. The common phrase applied to this condition of the body is "general debility." Now, general debility arises from, and includes a variety of ailments. The liver is more or less affected, the bowels are either constipated or too much relaxed, the stomach but half performs the work of digestion, the appetite is poor, and the spirits depressed. This is what is called general debility. It is a general derangement of the physical functions, and requires as a remedy a medicine that will regulate them all. Hostetter's Stomach Bitters is specially adapted to this purpose. Its general operation is not confined to a single organ. If the liver is affected, it restores its tone. If the stomach is torpid, it regenerates it. If the nerves are tremulous and weak it braces and reinforces them. If the mind, which ever sympathizes with the body, is clouded and depressed, it relieves the difficulty, and soon brings the whole mechanism of the body into harmony with the laws of life and health.

There is no civilized nation in the Western Hemisphere in which the utility of Hostetter's Stomach Bitters as a tonic, corrective, and anti-bilious medicine, is not known and appreciated. Throughout the Tropics it is considered both by the people and by the profession, the standard specific. While it is a medicine for all seasons and all climates, it is especially suited to the complaints generated by the weather, being the purest and best vegetable stimulant in the world.

Beware of the Bitters made of acrid and dangerous materials, which unscrupulous persons are endeavoring to impost upon the people. Their names are legion, and the public has no guarantee that they are not poisonous. As there is the tried remedy, Hostetter's Bitters, and only in glass, and never in kegs or barrels.
