Inspector C. H. Shinn Speaks of the Improvements. Inspector Charles H. Shinn made a visit to this town recently and was in-

teviewed for the LEDGER Mr. Shinn said: "The Experiment Station has been improving steadily for several years past, and is well worth a terested in the foot-hill region. The latest addition to the Station novelties is a pair of thoroughbred Persian sheep of the Bayazit breed of Astrachans, imported for the United States government by Minister Beale some years ago. A pair of the original importation were obtained for the Paso Robles Station, and the stock has been propagated there ever since. The June-bred lambs of these sheep furnish the true 'Astrachan' which is worth about fifteen dollars to the skin, and is in great demand. No part of California is better adapted to these sheep than the Sierra foot-hills. Persons having flocks of sheep, and desirous of introducing this new blood, will be allowed the privilege without charge, by registering and agreeing to report the

"The Station is about to introduce a very good stock of Belgian hare, which has attracted much attention

"Among the additions to the Station collections the past year are some twenty new varieties of figs. Several of these, while new to California, have the hill. a well deserved reputation in Europe. I advise the planting of more figs in the Sierra foot-hills. Few fruits are so satisfactory as the fig for family use, and the tree endures a great deal of

"Recent analyses of the apples grown at an elevation of from 1500 to 3000 feet in the Sierra, show high sugar and acid, or, in other words, a first-rate allaround fruit. There are many locations in the Sierra foot-hills especially adapted to apples, and we will gladly furnish scions of many new sorts of latekeeping apples to growers within reach

quickly and surely cured by Karl's Clover Root Tea. the great blood-purifier and tissue-builder Money refunded if not satisfactory. Price, 250 and 50c. For sale by A. Goldner, the Druggist. *

Broken Eggs Are Sold.

In the egg trade a broken egg is not lost to the market. When in the course of the packing at the large houses an egg is broken it is frozen and offered for sale in that way. A writer in an Eastern paper says: "Frozen eggs in great masses are not bad to look upon. They are not allowed to thaw until the time comes for use. They are shipped in refrigerated cars, and such consignments as go to Alaska for the gold regions are put into cold storage on board of the steamships. The Klondike demand does not begin to take all of the frozen eggs. Missouri alone furnishes millions of cracked cities the frozen eggs are in demand. it, and it's paste!"—Chicago Tribune. Some restaurants also buy the big tin buckets of the frozen article. Certain classes of restaurants serve scrambled eggs and omelets in winter made from the frozen eggs, and patrons are none

John Dirr, Poseyville, Ind., says, "I never used anything as good as One Minute Cough Cure. We are never without it." Quickly breaks up coughs and colds. Cures all throat and lung troubles. Its use will prevent consumption. Pleasant to take. City Pharmacy.

A Peculiar Announcement.

An exchange prints the following interesting announcement of "A Literary Evening":

"We are pleased to announce that a Literary Evening will be given on Wednesday next for the benefit of the new school bell, which has just arrived by freight, which was duly paid by the trustees. The new bell, which is a thing of beauty and a noise forever, is certainly worthy of a Literary Evening—the best that we can get up. There will be a hot supper and recitations from Byron; ice cream and Tennyson at 10 cents a plate; selections from Bill Arp's writings and baked 'possum; also dancing to the music of the town band, which has recovered from the pneumonia. A large attendance is expected."-Atlanta Constitu-

Troubles of Winter Chicks.

Bowel diseases and leg weakness He says: "Much of the so-called diarrhœa is not diarrhœa at all. The chicks are weak for lack of exercise, the whole system is enfeebled, but the bowels are not suffering a whit more than all the other organs. The troublesome symtom of clogging near the vent is almost invariably caused by lack of exercise, but anything else that debilitates will cause it, and it is not necessarily an accompaniment of diarrhœa, dysentary or any other specially diseased state of the bowels, or of abnormal or vitiated droppings .- Tribune.

The Queen of Gypsies Dies.

Sadie Evans, an alleged gypsy queen, died Thursday night, February 1st, at the camp of her tribes, which is located between Elizabeth and Newark, N. J. Her age is given at 106 years by the members of the tribe. She has been in America fifty years and was born in England. Her husband, Robert Evans, died at an advanced age two years ago, and she will be laid beside him in Evergreen Cemetery at Elizabeth. One son, Edmund, who is 57 gears old and who will inherit her money, which is said to be considerable survives her. She also leaves fourteen grandchildren.-Globe Democrat.

The Manufacture of Pins

The output of the Birmingham (England) pin mills is 30,000,000 a day. Several other factories of that country have a capacity of 17,000,000 pins per day. France turns out about 20,000,-000 per day, Holland and Germany 10,000,000 each.

The manufacture of pins is a very interesting process. The pin machine cut the wire to pin size, head, point, polish, sort and stick them in the
