

ANOTHER REQUEST

We Will Ask Great Britain to Sit on Filipinos.

THE JUNTA AT HONG KONG.

Seem to Be Bothering the Officials at Washington-Laws of Neutrality Are Said to Have Been Violated.

New York, Nov. 8.—Great Britain will be requested by the government to suppress the Filipino junta at Hong Kong, says a Washington special to the world.

Secretary Hay will direct Minister Choate to represent to the British government that the Filipinos are maintaining a junta at Hong Kong for the purpose of adding Filipinos in their rebellion against the authority of the United States in the Philippines, and that they are practically making Hong Kong a base of supplies for the insurrectionists.

Objection will be based on the ground of a violation of the laws of neutrality. Great Britain is expected to promptly comply with the request. In this same connection it is said that Lopez, the representative of Aguinaldo, who recently came to the United States from Europe, will be closely watched and if excuse be found by reason of his conduct he will not be permitted to remain within the borders of the United States.

The suppression of the junta at Hong Kong is in accord with the policy now to be pursued by the United States in the Philippines.

With the return to Manila of the troops sent to China, General MacArthur will be able to inaugurate a vigorous campaign.

FEW CHANGES IN THE CABINET.

Attorney-General Griggs the Only Member Likely to Retire.

Washington, Nov. 8.—From present indications there is little prospect of any sweeping change in President McKinley's cabinet in his second term. Attorney-General Griggs appears to be the only member of the president's official family who is likely to retire from the cabinet. Secretary Root declined to be a candidate for the republican nomination for vice-presidency on the ground that he wanted to remain at the head of the war department. William Brewster has said to several of his friends that he expected to be in official life for a brief period only. It is now said that he will remain in the state department. Secretary Long twice endeavored to get the president to accept his resignation, but Mr. McKinley refused him to remain. In the understanding that Mr. Long might retire at the beginning of the second term if he had not changed his mind. There has evidently been a change lately in Mr. Long's position and his friends will be surprised if he should leave the cabinet. Secretary of the Treasury, Gage, Postmaster-General Smith, Secretary of the Interior Hitchcock and Secretary of Agriculture Wilson are almost certain to remain in office.

The president, it is understood, is very much opposed to any changes in his cabinet, and there is a disposition among the members to accede to his wishes in that respect.

BATTLESHIP MIKASA.

Said to Be the Most Formidable Vessel of Its Kind.

London, Nov. 8.—The Japanese battleship Mikasa, said to be the most formidable vessel of its kind in the world, was launched this morning at the Vickers-Maxim works at Barrow.

The Mikasa is of 15,200 tons displacement, and has an indicated horse power of 15,000. Her armament will consist of four twelve-inch guns, four six-inch quick-firing guns, twenty-two-pounders, eight three-pounders and four two-pounders. She has a speed of eighteen knots and carries a crew of 730 men.

RACE RIOT THREATENED.

Washington, Penn. Nov. 8.—After a night of excitement over a threatened conflict between negroes and whites, quiet prevails this morning, and through the prompt action of the town authorities, aided by the members of Company H, Tenth Pennsylvania volunteers, a race riot was averted. The trouble started on Tuesday night over the election and the fighting was kept up for a large part of the night and all of yesterday. There were numerous encounters between the negroes and whites and several persons were seriously hurt. Fearful a serious outbreak, a large number of extra policemen were sworn in, and these, with squads of the Tenth regiment, patrolled the streets until daylight. A dozen arrests were made and warrants are out for many more. This morning the excitement has died down and unless there are more assaults, no further trouble is apprehended. The outbreak, it is said, was instigated by negroes recently brought from the south by contracting firms.

TWO BODIES FOUND.

New York, Nov. 8.—The body of Hamilton McGraw, a delivery boy, was found by Tarrant & Co. was found to-day by the workmen engaged in removing the ruins of the Tarrant & Co. and other buildings which were wrecked by the terrible explosion on October 29. This is the third body recovered, two of which have been buried. On the same day, two died in the hospital, and sixteen are yet missing. The total death toll is, therefore, seventeen, counting the one unidentified among the number missing. Later in the day another body, believed to be that of Tarrant & Co.'s missing shipping clerk, William Morehouse, was found. It is said that Morehouse was the only person that knew just what chemicals were stored in the building at the time of the explosion.

LONDON ON THE ELECTION.

Members of Banking Houses Pleased With the Result.

New York, Nov. 8.—England's leading representatives of high finance have been interviewed by the London correspondent of the World relative to the election in the United States.

The governor of the Bank of England, Samuel Stewart Gladstone, said: "The Bank of England never gives opinions, but my personal view you must have a healthy effect both financially and politically. I consider it, in the first place, as a great security for the peace of the world. Here, undoubtedly, the belief has been that if Bryan were elected it might mean disturbance and uncertainty in the financial world. Now we may look to a revival of business and a strengthening of American securities."

Hon. Francis Baring, the working chief of the firm of Baring Bros. said: "The good effect of McKinley's election has been already reflected in the American market, where prices have advanced greatly. I believe that it will increase confidence and that business will necessarily improve. English capital will be more ready to invest in American securities and undertakings. As to its bearing on binationalism, that is too big a question to go into to-day. Sufficient for the day is the evil thereof."

At the London office of the Morgans, Pierpont Morgan said: "I consider that the settlement of the question is a relief to business interests both here and in America. The general effect on commerce and finance must be excellent. For the past fortnight prices have shown an upward tendency and the general feeling has been expressed by the further immediate improvement."

"The silver movement has got its finishing stroke. The buying of American securities here is mainly for America. There had been a steady stream of buying for some time past, but now that McKinley is elected English money will also be forthcoming for American stocks."

Sir Samuel Montagu, head of the well known bankers of that name, said: "In consultation with my partners we agreed that if Bryan was elected Americans would immediately begin to hoard gold, apprehending some kind of silver legislation that would draw on our gold reserves, causing a serious shortage of money here. This fear has been removed by Mr. McKinley's election and now the drain of gold will stop; therefore the effect on the money market will be good. It will also improve commerce and confidence and American securities for investors and manufacturers who feared the possibility of Bryan's election and were uncertain whether they would be paid in gold or silver."

SOME ELECTION RETURNS.

Governor Beckham Says He Is Sure of Election.

Louisville, Ky. Nov. 8.—With returns from all but sixty-two out of 1,884 precincts in Kentucky, the Courier-Journal publishes Bryan's majority at 7,774 and Beckham's at 4,068. The missing precincts are about evenly divided between democrats and republicans.

Governor Beckham, at democratic headquarters, said: "I am absolutely certain that I have been elected governor by a majority of between 5,000 and 10,000."

Leslie Combs, chairman of the republican state campaign committee, said: "We still believe that Mr. Leitch has been elected by a majority of 3,000 votes. Our figures show that McKinley has run 900 votes behind Yerkes. At least 3,000 republican ballots have not yet been counted in certain counties and these will increase the republican vote. We also claim the election of four republican congressmen, namely, Boring, in the eleventh district; Irwin, in the fifth; McKenzie Moss, in the third, and Hopkins, in the tenth. We are also of the opinion that S. J. Aldrich has been elected over Kehoe in the ninth district."

Portland, Ore. Nov. 8.—Complete returns from all but three small counties in the state give McKinley a plurality of 14,225.

New Orleans, La. Nov. 8.—Louisiana will show a majority of 30,000 for Bryan and elect all six democratic congressmen. The election was very quiet and the vote light.

Phoenix, Ariz. Nov. 8.—Marcus A. Smith of Tucson, the democratic candidate for delegate to congress, is elected by a majority of 955 over Murphy, the republican candidate.

AMERICAN GIRL WEDS LORD.

Joseph H. Choate, American Ambassador, Gave Bride Away.

London, Nov. 8.—Miss Grace Carr, daughter of H. M. Carr of Kentucky, was married at noon yesterday in the Royal Savoy Chapel, to Lord Charles Wynn Newborough, Joseph H. Choate, the American ambassador, gave the bride away. The bride and groom were two children, Alice Chauncey, niece of the bride, and Doris de Halpert, a cousin of the bridegroom. The wedding was a very quiet one.

St. Louis, Nov. 8.—Miss Grace Carr, who was wedded in London yesterday to Lord Newborough, was born near Leavenworth, Ind. Her father was a veteran of the Civil war. Her sister Alice married the late Dr. Chauncey of New York, and after his death the widow went to Europe with her infant daughter, her mother and sister.

REORGANIZATION REPORTED.

Signatures of Prominent Democrats, Says Don M. Dickinson.

Chicago, Nov. 8.—A special to the Chronicle from Detroit says: "Don M. Dickinson is authority for the statement that within three weeks a meeting will be held in New York city to outline a plan of reorganization for the democratic party. He says the call for the meeting will have the signatures of prominent democrats, and will be attended by democrats of both gold and silver leanings. The call will be sent out in a few days."

BRITISH SHIP OVERDUE.

San Francisco, Nov. 8.—The British ship Angleser, out 182 days from Swansea for San Francisco, has been postponed as overdue with reinsurance of 8 per cent offered. Insurance on the Italian bark Antone, out 188 days from Sydney for Rotterdam, has advanced to 9 per cent.

WANTS TO BE AN ACTRESS.

Fifteen Year Old Girl Leaves Her Home.

She Is The Daughter of a Retired Grain Merchant—General Alarm Sent Out By Police In An Effort To Locate The Girl.

New York, Nov. 8.—Infatuated by the prospect of a career as an actress, Beatrice Lemson, the 15-year-old daughter of a retired grain merchant of Millers Falls, Mass., has left her home. William Lemson, the girl's father, believes that she has come to this city to find employment through one of the Metropolitan theatrical agencies.

At his request a general alarm was sent out from police headquarters last night, with special instructions to examine carefully the identity of all girls who have recently made application for employment through the theatrical agencies.

Beatrice Lemson left her home on November 2 with an armful of text books, which she had been studying on the preceding night, she started for school as usual, at half past eight o'clock in the morning.

When evening came and his daughter had not returned, Mr. Lemson became alarmed. He sent a servant to the home of the girl's teacher to inquire about her. She had not attended school that day.

Fearing that some misfortune had befallen his daughter, Mr. Lemson hurried to the home of Beatrice's most intimate friend, a girl about her own age.

When questioned, she told the troubled father that Beatrice had run away from home. The girl said that Beatrice had long desired to become an actress, but had feared to confide her ambition to her parents.

She had saved her pin money, the friend said, until \$20 had been accumulated and had then resolved to come to New York. This confidant said that she thought Beatrice had come to this city on November 2.

Letters written by Mr. Lemson failed to bring satisfactory information, and yesterday he came to this city to personally search for his lost daughter.

Beatrice Lemson is pretty, about five feet three inches in height and has light hair and blue eyes. When she left home the girl wore a blue silk dress, and blue silk waist and a Tam O'Shanter cap.

APPROVE OF SIR WILFRID.

As Premier of the Dominion of Canada.

London, Nov. 8.—The editorials in the papers here to-day express warm approval of the re-election of Sir Wilfrid Laurier, the premier of the dominion of Canada, and the return of the liberal government to power. The Pall Mall Gazette voices the general tone of the comment in saying: "Sir Wilfrid Laurier is the living embodiment of the spirit required in Canada. It looks as if he might have been as long a spell of power as Sir John Macdonald. Not only is this French Canadian and enthusiastic British imperialist statesman one of the most inspiring and most useful personalities in the empire, but the election attempts to turn race feeling to his disadvantage have deserved the severe defeat."

AFTER TWENTY-ONE YEARS.

President of the Gerry Society Has Resigned.

New York, Nov. 8.—The World says to-day: Elbridge T. Gerry, founder of the Society for the Prevention of Cruelty to Children, and for the past twenty years at its head, has resigned. Vernon M. Davis, former assistant district attorney, has been named by the board of directors of the society as Mr. Gerry's successor.

Mr. Gerry resigned because of the hard work involved in the presidency. He had to devote all of his attention to it, and in so doing had to neglect his personal affairs. Mr. Davis said that he did not know whether he would accept the position or not.

ANNEXED TO RUSSIA.

Tien Tsia, via Shanghai, Nov. 8.—General Linewitch, the commander of the Russian troops, has officially notified the foreign consuls through the Russian consul that the land on the riverside opposite the British and German settlements has been annexed to Russia by right of conquest. Unless all foreign owners of property immediately deposit documents proving their ownership no claims will be entertained. Much railroad property, as well as the east arsenal, is included in the territory annexed by Russia. The consuls will protest against the annexation.

REPORT OF RUSSIAN CROPS.

London, Nov. 8.—The preliminary official report of the Russian crops received here materially conflicts with the rumors of the alleged failure of the Russian cereals which have been circulating for some weeks. The official report referred to places the wheat crop at 45,150,000 quarters, rye 97,250,000 quarters, oats 82,000,000 quarters, and barley 25,750,000 quarters. This is the best wheat crop since 1890.

NORWEGIAN BARK WRECKED.

Liverpool, Nov. 8.—The Norwegian bark Hvidevorn, Captain Andersen, while in tow broke adrift and was wrecked at Little Burbo bar (at the mouth of the Mersey.) Three of the crew and a Liverpool pilot are missing. The other members of the crew have been picked up.

GREAT BRITAIN'S PROPOSITION.

Meeting To-Day of Marine Members To Consider the Rules.

New York, Nov. 8.—There will be a meeting at Washington to-day, says a Reuters special of the American members of the Marine conference, to consider a proposition advanced by Great Britain for the modification of the rules and regulations regarding signal on fishing vessels that are engaged in the fishery.

The proposition is especially important to American fishermen cruising off the banks and to North Sea fishermen. It is in the interest of protection of fishing vessels that the British government has proposed certain changes. The changes relate to the manner of exhibiting lights and the danger signals to be used to prevent collision at sea.

Great Britain desires that all the nations accept the modifications in order to secure international observance. Lieutenant-Commander V. L. Cottam, one of the American representatives who attended the conference, is now staying in Boston, and is in Massachusetts coast and obtaining their views as to the advisability of adopting the British proposition.

Pettigrew's Opinion.

SIoux FALLS, S. D., Nov. 8.—"I predict the formation of a new party based on the protest of the outraged people against the proposed changes in the constitution," declared United States Senator Pettigrew yesterday. He had just left his home, to which he withdrew when the first considerable batch of telegrams arrived from South Dakota.

"I saw Lloyd was going and was home for weeks I have told the national committee we were defeated in South Dakota. No, I was not disappointed. I slept well last night. I will remain in Sioux Falls and am going to resume business at the mill. Defeat is the more welcome to me, as it has come to the victors would have been if it came by indorsing the sort of policy which the Republican party represents."

Large Importation of Gold.

NEW YORK, Nov. 8.—The North German Lloyd steamer Calcutta Maria, from Bremen, Southampton and Cherbourg, which has arrived and anchored off the quarantine station on Staten Island, has on board the sum of \$500,000 in gold, which was taken on board at Southampton. Of this amount \$100,000 is to be used in the purchase of the Hanover National bank in this city.

A November Thunderstorm.

NEW YORK, Nov. 8.—A thunderstorm, with blinding flashes of lightning, accompanying a deluge of rain such as usually comes only in the stifling days of summer, descended upon the city of New York to-day, and a number of the "oldest inhabitants," who have insisted that lightning never comes in any quantity in November. The storm in Harlem was the severest known this season.

Buford Sails For Manila.

NEW YORK, Nov. 8.—The United States army transport Buford sailed last evening for the far east, carrying about 500 recruits, a detachment of hospital corpsmen and a number of other passengers, many of whom are women. The Buford will take about 50 days for the trip between here and Manila, stopping at Gibraltar and other ports along the route for coal.

To Build Larger Freighters.

BALTIMORE, Nov. 8.—The Maryland Steel company, at Sparrow's Point, has begun laying keels for the two largest steel passenger and freight steamers ever constructed in the United States. The vessels are for the Atlantic coast route, and will run between New York and London. They will cost \$1,500,000 each and will be delivered next spring. The steamers will be duplicates of the Minneapolis and Minnabaha, which are owned by the same company.

The Sultan Must Pay.

TANGIER, Nov. 8.—The United States consul general, Samuel R. Gunner, is understood to have made further strong representations to the government officials regarding the intended payment of the American claims. It is also again reported that an American cruiser is to be sent to enforce the demand.

Sale in Great Britain.

LONDON, Nov. 8.—A heavy gale swept over Great Britain yesterday. There were several wrecks along the coast, and many persons were drowned.

Strict Rules For Gibraltar.

GIBRALTAR, Nov. 8.—An order in council, empowering the governor to expel any person from Gibraltar he judges undesirable has been promulgated. British and other residents not employed in her majesty's service are required to register at the police offices and must take out permits.

Shot and Died.

HARRISBURG, Nov. 8.—Mrs. H. Fields, an aged domestic when told of McKinley's victory, shouted "Hurrah for Old Glory!" and then fell dead from heart disease.

New York Markets.

FLOUR—State and western rather firm, but slow. Minnesota, \$2.00; winter, \$1.95; winter patents, \$2.05. CORN—Firm on bullish cable news, covering a big seaboard clearance; December, 48¢; July, 47¢. OATS—Steady to active; track white, state, 37¢; track, white, western, 37¢. WHEAT—Steady; mass, \$2.25; 12.50; family, \$2.30.

LARD—Dull and easy; prime western, \$2.40.

CHICKEN—Steady; large white, 10¢.

EGGS—Strong; state and Pennsylvania, \$2.40; western, loss off, 25¢.

SUGAR—Raw dull; fair refining, 34¢.

COFFEE—Steady; Java, 15¢; Sumatra, 14¢; Arabica, 13¢.

TEA—Dull and easy; prime western, \$2.40.

SPICES—Dull and easy; black pepper, 15¢.

PEPPER—Steady; large white, 10¢.

EGGS—Strong; state and Pennsylvania, \$2.40; western, loss off, 25¢.

AFTER REGULAR MEETING.

Republican Members Held Secret Conclave.

Much Speculation As to What It Was All About—Said to Have Outlined a Course to Pursue for Balance of Their Terms.

When the adjourned adjourned last night, Chairman Hall gave the republican members of the board the wink and a new session later they were tucked away in the anteroom, talking in a manner which would lead one to believe that they had just committed some great crime and had met to plan a way out of the dilemma, and so on.

The tables and chairs about them had been moved and might be the cat in the bag. It was said that they outlined a plan of action for the balance of the year, including what should be done in reference to consolidation, the annual appropriations, recommendations regarding transfers from one appropriation to another, and various other matters of more or less interest. Whatever way things may go for the balance of the year between the aldermen and their "creatures," as General Kellogg termed the board of public works last night, it cannot be denied that, so far, the relations between these two bodies have been harmonious to a degree never before known since the introduction of the new charter.

The aldermen, republicans as well as democrats, have on all occasions manifested a disposition to help out the board of public works, and in consequence a vast amount of important work has been transacted in all parts of the city since the present administration came into power, without any of the jars which have been so noticeable in the past. It was thought when Mayor Kilbuck returned to power that the old fights between his honor and Chairman Hall that were such a marked feature of the previous Kilbuck administration, would be renewed, but those who thought so erred in their calculations, and the public has profited by the burial of the axe. When Mayor Kilbuck was at the helm before the aldermen lost no opportunity to trip him up, and on that point he was constantly acting on the defensive. This time the situation is reversed and everything goes like clock work. What caused the change of front on the part of the aldermen? This is a question which probably one day will be far from answering correctly if he should say that it is due in a great measure to the fact that the aldermen are more conversant this year than ever before with the why and wherefore of recommendations sent to them by the board of public works. Three or four members of the board of public works and kept posted upon what takes place there and are ready at all times to give their associates in the aldermanic chamber the best information as they desire as to why this petition was forwarded and why that one was acted upon favorably. It is a good plan, too, and would have prevented lots of rows in the past between the aldermen and the board of public works if it had been put into practice when the new charter was adopted.

RECEIVED HIS COMMISSION.

As Prosecutor General of the Order of Holy Cross.

Washington, Nov. 8.—The very Rev. Peter J. Francis, for several years superior of the Holy Cross college, affiliated with the Catholic University of America, has received his nomination as procurator-general of the Order of Holy Cross, with headquarters at Notre Dame, Indiana. The Rev. Father James Burns of Indiana has been appointed to succeed him in Washington.

The Sisters of Notre Dame opened Trinity college for the higher education of women near the Catholic university yesterday, but the structure will not be formally dedicated until the latter part of this month.

PLEASED WITH ELECTION.

Copenhagen, Nov. 8.—President McKinley's re-election has been favorably received in government and business circles here. Negotiations for the sale of the Danish West Indian islands, which have been hanging because of the campaign in the United States, will now be resumed. A number of Danish financiers who have just returned from a business trip to the United States, express gratification because they have succeeded in establishing closer mutual business relations between the two countries.

WEATHER REPORT.

Washington, Nov. 8.—For Connecticut: Rain and colder to-night. Friday fair except rain near coast and colder; fresh southerly winds, becoming brisk west Friday morning.

Weather notes: Cloudy weather, accompanied by light rain or snow, prevails in the eastern portion of the Lake region, Ohio valley, New England and the North Atlantic coast. Pleasant weather prevails in the south and west. The first touch of winter appears in the northwest this morning with temperatures ranging from 10 to 30 degrees.

BROTHER OF FATHER DUGGAN.

Came to Waterbury To-Day to Visit the Deceased Priest's Grave.

High Duggan of Detroit, Mich., brother of the late Father Duggan of this city, accompanied by his daughter, Miss Annie, was in town to-day and paid a visit to the grave of his deceased brother, which is situated beneath the altar of St. Paul's church, on the Charles street side of the massive structure, which Father Duggan so often said would tell future generations the kind of Catholics that lived here in our day and time.

Mr. Duggan and his daughter were in New York on business and decided to make a trip to Waterbury before returning home. They will leave here to-morrow.

ARRIVAL OF STEAMERS.

Boston, Nov. 8.—Arrived steamer Ivernia, from Liverpool.

CITY NEWS.

Mr. and Mrs. John Gagale, residing at 20 High street, are receiving the congratulations of their many friends over the birth of a fourteen pound baby boy.

Owing to some difficulty in securing the proper kind of "branches the water was not shut off last night as announced. The order will be carried out to-night.
