SMALLPOX IN NEW BRITAIN.

Possibly Spread by Health Officer's Delay.

New Britain, March 4.—A case of smallpox was discovered yesterday afternoon. The victim is Timothy Shanahan, who boards with his brother-in-law, Edward Hennessey, on the second floor at No 89 Grove street. City Health Officer W. P. Bunnell made every effort to keep the matter quiet yesterday and declined to talk about it. From neighbors it was learned that Shanahan, who is employed at the Russell & Edwin factory, has been home ill since last Saturday. At first he complained of a cold and thought he had the grip. Yesterday afternoon Dr Bunnell and Dr J. E. Martin drove up to the house.

Dr Martin went in while the city health officer spent the time driving up and down the street. After Dr Martin came out he said the case was smallpox. This was between 3 and 4 o'clock in the afternoon and it was after 5 o'clock before Dr Bunnell placed a quarantine on the house with two policemen to enforce it.

In the Hennessey family are Mr and Mrs Hennessey, one child and the man with the smallpox. The lower floor is occupied by John Meehan, the owner of the house. There are eight persons in his family. As soon as it was known that the case was smallpox, Mrs Hennessey and the child left the house, as did all but one of the Meehan family. These people got away before the police arrived and there is considerable criticism of the city health officer for allowing these people, who had come in contact with the case, to go among their friends through the city.

France Not Opposing Treaty.

HAVANA, March 4.—M. Brouwaert,

the French minister to Cuba, asserts

that there is no foundation for the

statements published here under a

Washington date to the effect that

France is opposing the ratification of

the reciprocity treaty with the United

States and is threatening to make re-

pariations against Cuban products if

the treaty is put into effect. M. Brouwaert

says the Cuban demand for French

luxuries will increase under the era of

prosperity which will follow the carry-

ing into effect of the reciprocity treaty.

Thanks For American Charity.

HELSINGFORS, Finland, March 4.—

Dr. Louis Kloppech has left this city

to begin a tour of the famine provinces

in the interior of Finland. Before leaving

he placed at the disposal of the Finnish

relief committee \$20,000 more from the

Christian Herald fund to be used in the

relief work. The committee voted the

heartfelt thanks of the people of Fin-

land to the American people for their

generous aid rendered in time of need.
