

BASKET SOCIAL

The dance and basket social at Island Park last Saturday evening yielded a net profit of a little over \$200, the proceeds from the sale of baskets being \$205 and the dance \$32. After a few expenses are paid, there will still be left over \$200 for the soldier benefit fund.

Messrs. Frank Wall and J. E. Myler of Gettysburg represented the committee having charge of the fund, Mr. Myler conducting the auction in his well known felicitous and efficient style.

POPULAR YOUNG PEOPLE WED

Mr. F. C. Mills of Mossman, S. D., announces the marriage of his daughter, Miss Myrtle M. Mills, to Mr. W. S. Looney, of LaPlant, S. D. The wedding took place in Portland, Ore., Thursday, Sept. 12th. The bride was attended by her sister Mrs. Elmer Porter of Tacoma, Wash. After an extended visit in California and other southern states, Mr. and Mrs. Looney will return to Mossman, for a time, at least.

Vern Douglas, who is now in France, writes as follows to Mrs. Frank Smith:

"I had a very interesting trip across the Atlantic and saw some country since I left the states. This country is all so different that I hardly know what to say about it. Those pictures of fortresses as such are not myths—they are real, because I saw some and I recognized them by their pictures. Also I've seen a real old Holland wind mill in operation, and everything is on that order, ancient as the civil war or more so. But as a sign that they are catching up with the times, I saw a pair of oxen pulling a mower like I've seen in the states.

"The land is all cut up into plots of about an acre or two, with hedges between them. It looks to me like a big vegetable garden."

Messrs Bieler and R. A. Bielski from Fort Pierre were pleasant visitors at the Press office Tuesday evening on their way home from a call at the Agency on legal business in behalf of some of Mr. Bielski's Indian clients. The latter is a candidate for the state senate from Haakon county. As he has already served three terms in that body, he looks to us like he was pretty 'good timber'—especially when he assured us that he was not "a politician."

Messrs H. J. Eidam and E. P. Thorne, also Mrs. H. E. Gates and Mrs. Margaret Voorhes, of Sylvan camp R. N. A., and Miss Annie Voorhes, attended Mrs. Rosa's funeral at Gettysburg. Will Ripley and family were also present. The threatening weather probably prevented others from going. A large number of other friends and acquaintances from Gettysburg and other parts of the county also attended the services.

Mr. I. T. Timberlake writes us an interesting letter from Livermore, Maine, under date of September 20. He says he is enjoying good health and the various visits with old time friends. He wishes to be remembered to his Forest City friends and will take pleasure in answering any letters of inquiry.

He is making his home with his niece Mrs. Clarence Briggs, and family, and he send us the announcement of the marriage of her daughter, Alice May, to Mr. Clifton Cross Mitchell, which occurred Sept. 11th.

Mr. John Wesley Little of Williamsport, Pa., dropt into the Press office this a.m. in search of some material to make sketches on. He is engaged in taking sketches of scenery in this part of the country which he finishes in oil and cryon colors to place on exhibition at different fairs and expositions.

Messrs O. N. Addy and Jack Worth with their families of Bulkly are in the City today on a pleasure trip. They were somewhat disappointed to find that there was to be no Indian Fair at the Agency this year. The Press acknowledges a pleasant call from the gentlemen.

Michel Wolf and John Oscar Cox left this a.m. for Minneapolis where they will attend the University of Minnesota, to get the benefit of the federal army training. Mrs. Wolf remains with the Cheyenne Agency Boarding School where she will fill the position of seamstress

Rumors are afloat this a. m. of a wedding, or a chivari, on the other side of the river. But as our fightin' editor suggests that we had better wait till the contracting parties furnish us full particulars, we pass the matter up this week.

Will Garbe has purchased the old barn in the rear of the Press office, which has "marked time" for several pages of history, and is moving it to his new residence east of the Gates House, where he is remodeling and otherwise improving it.

SOLIDARITY.

Across the sea, from the Vosges to plains of Flanders, American boys face the east—face the enemy—in defense.

They do not look back at us. They trust us, behind their backs, to do our part.

Our part is to work for war and not for self. Force, force to the uttermost, for them.

Work, work to the uttermost, for us.

Federal Food Administration for South Dakota,

C. N. HERREID, Administrator.

FARMERS' SUGAR RATION CUT.

Owing to the extreme shortage of sugar, it has been found necessary to place all sugar users in North Dakota on the same basis and upon instructions from Washington, a new regulation has just been issued by the Federal Food Administration for the state, cutting down the amount that may be sold to farmers during the threshing season, from three pounds per person per month to two pounds per person per month.

Heretofore, farmers have been allowed to buy sugar for the threshing season on the basis of three pounds per person per month.

"Our sugar supply is very much under our sugar requirements," said Federal Food Administrator Ladd, today.

"There is not enough sugar for canning purposes and it is feared that a large amount of fruit may go to waste in this state unless sugar is available immediately for that purpose. This would involve the loss of a large amount of food products and it has been found necessary to reduce the use of sugar for household purposes to the lowest possible minimum."

ARE YOU THINKING AND LIVING IN TERMS OF WAR?

The U. S. Food Administration says: WAR NEEDS Govern Exports—America is giving up wheat to ship it to keep warlike and efficient the Allied and American armies and save Belgium from starvation.

WAR NEEDS Govern Exports—America is limiting her luxuries and getting down to plain living to release shipping for war.

WAR NEEDS Govern Business—Non-essential industries are cut out, war-profits forbidden, the whole machinery of business is fighting for America.

WAR NEEDS Govern Living—As a military necessity—a War Measure—Americans are eating potatoes instead of wheat, putting the sugar bowl out of sight, wearing their old clothes, saving their incomes, investing in war securities, setting the clocks an hour earlier, raising home gardens, canning and drying, eliminating waste and working like beavers.

CHANCE OF A LIFETIME.

No county in the west offers better investments to-day to the farmer desiring to build a home or to the capitalist looking for a profitable investment for his money than is offered in the fertile lands of Potter county, South Dakota, which can be purchased at prices which are merely nominal when compared with less productive lands but a short distance east. Here can be found railroads, school houses, towns and villages ready built, society organized and equal to that of the east on the one hand, and cheap fertile lands on the other—a combination impossible to find in a country either older or newer than this. That this condition cannot long remain is attested by the fact that some of the shrewdest investors of the west, conversant with the value of such lands, are rapidly buying them up.

There is more catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies and by constantly failing to cure with local treatment pronounced it incurable. Catarrh is a local disease greatly influenced by constitutional conditions and therefore requires constitutional treatment. Halls Catarrh Medicine manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally, and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars Reward is offered for any case that Halls Catarrh Medicine fails to cure. Send for circulars and testimonials
