Queen Quality

Let you to see the new "Queen Quality" shoes we are now showing. Never shoes handsomer. Never were better fitting shoes produced. Never have shoes at their prices to compare with them for real value.

That "Queen Quality" shoes outsell all other women's shoes in the world. The public is looking more and more to big trademark names for security. "Queen Quality" for instance. The reputation of that name is worth a Million Dollars. Can the makers afford to stamp it on any shoe that would discredit the name? They afford to sacrifice quality? You know it stands for your protection. Know that every dollar of this is behind your single purchase.

 not believe Tu-

cumcari will witness any violations
 of the gambling act as we have
 the most law abiding class of sa-
 loon men of any hamlet, city or
 town in the territory and many of
 them are glad to see the gambling
 stopped, as it is to them a nuisance
 in many ways and an expensive
 luxury as well. The News was
 among a conservative class of
 journals that did not cry from the
 house tops for a legislative bill to
 stop gambling in New Mexico,
 until we understood how the school
 fund was to receive its revenues,
 but since the bill was satisfactori-
 ally arranged and met the approval
 of both houses of the Assembly

and became a law it is up to the
 officials of New Mexico to see that
 it is enforced, and the schools
 must depend on taxation for main-
 tenance. In a new country where
 there is little patented lands and
 taxation is necessarily high and
 the people struggling for a lively-
 hood in the improvement and de-
 velopment of the country it has
 been the custom in many of the
 new states and territories to license
 gambling, the funds going to the
 support of a public school system,
 but as settlement is had and the
 country develops and revenues are
 available from other sources the
 practice is abandoned. So in

New Mexico we must now look to
 other sources for funds to run our
 public school system. Quay coun-
 ty has done nobly in the matter
 and in Tucumcari today we have a
 fifteen mill levy for school purpos-
 es, voted unanimously, but in other
 districts of the country the schools
 will necessarily be cut short unless
 large special levies are voted.
 We believe the people will, how-
 ever, gladly carry the additional
 burden of taxation in order to sup-
 press the evil of gambling.

 that they had better find other em-
 ployment as gambling must cer-
 tainly stop. All paraphernalia in
 any gambling game if found in use
 will be confiscated and used as
