RED CROSS NOTES

What of Your Community?

By some pervasiveness of Fate, there is, in most people, a quirk which makes it impossible for them to see their own faults or their own possibilities.

This same quirk is present in most communities.

Consequently, the Red Cross, in

the working out of its peace-time program, is constantly discovering towns, villages and even cities which shrug their shoulders, metaphorically, and say, "What is the use? The war is over."

They stoutly maintain that there is no sickness to speak of, though the records show that the death rate is far greater than it should be.

They insist that the "war job" is

finished, but when a Home Service Secretary goes into the community she finds hundreds upon hundreds of American soldiers who do not know and who have never been told what privileges and compensations their government is offering them to pay, in a measure, for the sacrifices they made.

Is your community one of those in which the soldiers are pitifully surprised when someone shows an interest in them?

Have you given your soldiers the chance to say, "Oh, folks don't care what happens to me. They've stopped waving the flag."

They argue that a Public Health nurse is a "fad," that children's teeth are Nature's products and therefore should need nothing more than Nature's care. They manifest utmost contempt for the present-day demand for thorough medical school inspection; sneer at the menace of tuberculosis, maintaining that a germ, which cannot be seen, cannot be dangerous, and that organized social welfare work is a bugaboo.

And the "they" referred to is often an obstinate leader who sits back, placidly, with hands folded, remarking with smug complaisance, "We have managed pretty well so far without these new-fangled things. I reckon we can go on without them."

The world is marching forward, and persons in authority or with prestige must be willing to march forward, too, if Progress is to be kept alive.

Are you a stumbling block in the upward march of your community?

Is some perverse, petty idea to which you have clung for years keeping your town from advancing?

The time has come for every man and every woman to decide whether he or she is going to be modern and help make the world a decent, healthful and happy place to live in, or be medieval and permit disease and misery to reign unhampered because individuals are too indifferent to fight.

Service Men Are Urged to Reinstatement Insurance

The attention of all persons interested in the welfare of ex-service men and their dependents is again called to the fact that men may, up to July 1st, 1920, reinstate their lapsed or cancelled insurance regardless of the time they were discharged by simply sending to the Bureau two monthly payments accompanied by the reinstatement application, stating that they are in as good health as at the date of their discharge or expiration of the grace period, whatever is the later date.

Such men should be referred to the Secretary of the Home Service Section who has on hand a full supply of reinstatement blanks and full information as to how to assist men with their reinstatements.

The War Risk Insurance Bureau is making strenuous efforts to have all men who have allowed their insurance to lapse, to reinstate it. For this reason the privilege has been extended to July 1st, 1920. All men should be urged to attend to this matter as promptly as possible for the reason that they are not covered by insurance protection while the policy is lapsed, and for the further reason that their health might at any time become such that they could not conscientiously sign the reinstatement requirements as to health.

INTERESTING RACE FOR DISTRICT ATTORNEY

The three lower counties of this Judicial District—Chaves, Lea and Eddy have an interesting race on for district attorney between Robert C. Dow of Carlsbad and Dillard Wyatt of Roswell. The primaries have been held in Eddy and Lea Counties with the result that Dow is 1081 votes in the lead. Chaves, the home county of Wyatt, will hold its primary on May 11th.

COMPENSATION

A professor of mathematics may not get a big salary, but at least he can make out his own income tax statement.

FROM CHERRY-BLOSSOM LAND

The Japanese Give Good Example

It is a proverb of Cherry Blossom Land that beauty of face and figure depend on womanly health.

What is it that makes our American women often pale, sallow-faced, with dark circles under the eyes, and very often old at forty-five when they should be in their prime?

Women suffer in girlhood from backache, spine-ache and headaches, followed by irregularities and as a result diseases of the womanly organs are more common than any one but a physician in active practice could suppose.

After long experience in the treatment of women's diseases, Dr. Pierce evolved a vegetable tonic and corrective which he called Dr. Pierce's Favorite Prescription. This is a purely vegetable preparation, without a particle of alcohol contained in it.

When a woman complains of backache, dizziness or pain—when everything looks black before her eyes—a dragging feeling, or bearing-down, with nervousness, she should turn to this "temperance" herbal tonic. It can be obtained in almost every drug store in the land and the ingredients are printed in plain English on the wrapper. Put up in tablets or liquid. Dr. Pierce, of Invalids' Hotel, Buffalo, N. Y., will send a trial size of the tablets for ten cents.

CARD OF THANKS

I wish through the columns of the News to thank the ones who so loyally supported me in the race for County Superintendent in the primary on April 24th. I was outnumbered by only 36 votes and certainly appreciate the support that was given me.

Just Where and How Is the Money to be Spent?

A businesslike Answer to a businesslike Question

THIRTY denominations cooperating in the Interchurch World Movement have budgeted their needs. No business could have done it more scientifically.

They have united to prevent the possibility of duplication or waste. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

Each denomination has arranged its budget under six main heads:

1 FOR THE CHURCH'S WORK AT HOME. A score of times come under this head. Consider only one. Five and a half million people in the United States cannot even read and write the English language. Who is to carry forward this vast work of Americanization if the church does not?

2 FOR HOSPITALS AND HOMES. Every year thousands of men and women seriously ill are turned away from Church hospitals because of lack of room. The children's homes are compelled to turn away more children than they can receive.

3 FOR HIGHER EDUCATION. Of the 400,000 American students in institutions of higher grade, one-half are in institutions founded and supported by the Churches. Many of these institutions have had no great endowment campaigns, but their needs are just as pressing as the needs of larger schools; and you have only to read their list of alumni and measure the value of their contribution to America.

4 FOR RELIGIOUS TRAINING. At least 15,000,000 children and young people under 25 years of age are entering American life without any religious training at all. Remembering the faith of Washington and Lincoln, do you think that America will continue to produce Washingtons and Lincolns if faith dies out of the hearts of its youth?

5 FOR THE CHURCH'S WORK ABROAD. Influenza came first from the Orient thirty years ago; nearly all plagues are Oriental plagues. So long as China has only one physician to every 400,000 people the Orient will continue to be a menace. So long as one-third of the babies of India die before their second year, our own babies are not safe. A Christian doctor or teacher sent abroad is working for America as truly as though he worked at home.

6 PREACHERS' SALARIES. The preacher is called the "forgotten man," and well he may be. Eight out of ten preachers are paid less than \$20 a week!

Each denomination has its own detailed budget, and will administer its own funds. Your pastor has copies of the budget; examine them for yourself. In the week of April 25th-May 2nd you will be given your opportunity to help. You can do it with the full satisfaction of knowing that every dollar of your gift has its post assigned to it in advance.

Every dollar for better America and a better world. When your church calls on you give—and give with your heart as well as your pocket-book.
