ANNOUNCEMENTS.

I hereby announce myself as a candidate for County Attorney, subject to the will of the Republican Nominating Convention. Geo. H. HEALY.

I hereby announce myself as a candidate for the office of Sheriff of Beaver county, subject to the action of the Republican Convention. A. J. McKew.

I hereby announce myself as a candidate for the office of Register of Deeds subject to the decision of the Democratic Convention. F. P. MADISON.

I announce myself as a candidate for Sheriff of Beaver county subject to the decision of the Republican convention. If elected I will discharge my duties faithfully and with energy and promptness. HARRY H. HANSON.

Mrs. Heulah Hall and son as accompanied Walter Stallings to the farm near Conroy, Tuesday. They will be absent about three weeks. Mrs. Hall is one of our moving social figures and will be greatly missed, but we all wish her a pleasant outing.

H. L. Frost and T. L. Embury, two prominent cattlemen, of Eastland, Texas, purchased the ranch of C. F. Fairless, on Clear creek, last week, and will remain here permanently. They also each filed on homesteads adjoining which gives them a good body of land all in one tract. Mr. Frost ordered the Herald sent to his father at Eastland.

J. M. Seawell, of Hobart, who recently purchased a school section of Judge Carter Tracy, moved to his home on Clear creek last week. Mr. Seawell is very enthusiastic over the prospects of the future of this county and reports crops looking better in Beaver county than in the Kiowa country. He will read the Herald in future.

Craig Brothers, of Liberal, Kansas carry the most complete line of lumber, wire, posts, lime, cement, sash, doors, lath, shingles, building paper, roofing, wind mill timbers and tank stuff in the Southwest. Compare their prices and material with that of other dealers and you will be convinced that they will use you right. They will be glad to furnish estimates free of charge. Give them a trial order and you will become a regular customer.

Andy J. McKew announces in this week's Herald that he is a candidate for the office of Sheriff of Beaver county and that he will appear before the Republican County Convention asking the nomination for said office. Mr. McKew is well acquainted with the duties of the office having served as undersheriff to M. E. Hibbs. If elected to the office he will discharge the duties of same faithfully.

The ball game which was played between the Beaver Blues and Fulton Creek—F. C. I. C. From the Country—Friday afternoon was about one of the "sorriest" games it has been our fortune to witness. In the first place the wind was miserably high which handicapped the players on both sides and the Blues were also out of practice. The F. C.'s played a good game and made a score of 18 to 6. They had some first-rate players in their team.

Harry Hanson and deputes came in Saturday having in charge Beckman and wife and the two Williamson women, the boys, Dan and Wright, are still at large. Beckman was lodged in jail and is a fit subject to go over the road. The mortgage holders have hopped on to what little property was returned like a swarm of bees. The outfit surely ran a coarse game and the surprising part is that they were not stopped long ago.

We are informed this week of the marriage of Miss Etta Turner to Mr. Charles Howard, both of Custer. The ceremony was performed by Squire J. Oneal, on Wednesday, April, 20, 1904 at the home of the bride's parents. Immediately after the ceremony a delicious supper was served at which the guests enjoyed the light fantastic.

Their host of friends wish the happy young couple much joy and a prosperous life.

Harry H. Hanson is a candidate for Sheriff of Beaver county, subject to the will of the Republican County Convention. Mr. Hanson is not unfamiliar with the duties of the office he works for he has been constantly employed as deputy sheriff the past two years and during that time has kept on the move. Those who have resided in the county any length of time are acquainted with his work and are capable of judging his worth. To the newcomers, we feel no hesitancy in recommending him as an active young man and one which would allow nothing to come between him and duty.

While working on his building on his claim Monday Geo. Lyman threw his left arm up in such a manner that his shoulder was dislocated. Dr. Martin was called and attended the injury and Mr. Lyman is able to be about.

To prove that advertising pays we need only to mention the little "Print or Wanted" local published in the Herald. Various replies were received among which one from Chicago, You really, please's ink does the work—It's the Herald's.

THE SEASON'S SWELLEST.

The Leap Year Ball Given Friday Night a Complete Success.

Ball Given by the Ladies of the Beaver Flour-de-la Club, April, 22d, at New K. of P. Hall.

Those who failed to attend the Leap Year Ball given Friday night, April, 22d, 1904, by the ladies of the Flour-de-la club, missed the most enjoyable occasion of the season and the swellest ball that has taken place in Beaver for years.

The Club spared no effort to make the ball a grand success and as a result the evening's entertainment was beyond their fondest expectations. Every feature had been carefully looked after considering always and only the enjoyment of the guests.

The hall was brilliantly illuminated showing off to the best advantage the prettiest features of the dance. The music furnished was without fault and in fact, the management of the entire affair reflected much credit upon the Club and called forth many compliments.

At twelve o'clock supper was served at the Loveless Cafe after which dancing was resumed until the sweet strains of "Home, Sweet Home" died faintly away when all dispersed pronouncing the evening the happiest of years.

MUSIC AND ELOCUTION. Interesting Recital Given by the Pupils of Mrs. Beulah Hall and Miss Maude Stallings.

On Thursday evening of last week the people of Beaver enjoyed a rare treat in the way of music and elocution. The evening's entertainment was first-class and highly enjoyable and surpassed anything of the kind ever before given in Beaver.

Each number on the program was promptly and skillfully rendered, each pupil seeming to strive to make her selection the most praise-worthy. As a result all were more than successful. To determine which performer deserved the most commendation would be a difficult undertaking.

While speaking in meritorious terms of the pupils it would not be well to neglect to mention Mrs. Beulah Hall and Miss Maude Stallings, who spared no effort to make the occasion a delightful one. Both of these young ladies are highly accomplished and their attainments were reflected in the work of their pupils. Much praise is due them and they received many compliments upon the manner in which they conducted the affair.

The editor of the Journal hits at the post master through the combination of the post office lock boxes. The combination lock is so simple that any school child can easily remember and work it and yet the busy (?) man of the Journal has difficulty with it. A man who can stand such a combination as the Journal outfit should not be found complaining of that convenient little lock box combination. If you are so rushed, brother, in getting out your little 2x4 sheet, leave your box unlocked or better still, hire a cheap boy to unlock it. Too busy! Rat!

F. P. Madison announces his candidacy for the office of Register of Deeds this week. He is on the Democratic side of the fence. Mr. Madison is well known to all the old residents here having been in business in the county for a number of years. He is strictly reliable and his business principles are such as would recommend him to any public trust. Not only does he stand high in the estimation of his old friends but by his courteous and business-like manner he has many warm friends among the new settlers. If nominated by his party Mr. Madison will make a good race.

W. W. Simpson, dentist, has a permanent office in Meade, Kansas, and will be there from the 6th to 10th, and 20th to 30th of each month; Liberal, Kansas 1st to 5th, of each month.

Mr. Dunn, of Clear Lake, was a caller in Beaver Saturday and while here paid the Herald a friendly call. Mr. Dunn arrived here two weeks ago and is well pleased with the outlook. His idea is to combine farming and stock-raising. He sees no reason why pecan try should not be a profitable investment and has already begun business in that line, having brought a fine flock of thoroughbred chickens along with them. Such families as this are a valuable addition to our county and we are more than glad to welcome them.

COUNTY NEWS.

DEKETER ITEMS.

Mr. Vance, of Woods county, is out on his claim near here. He is making some substantial improvements thereon.

Ab Akin, of Day county, pulled in here Saturday with a fine new modern well drill.

Wm. Beardsley has returned from Alva, where he has been on a visit for the past three weeks.

The school entertainment given Friday eve was a grand success. We suspect the children are glad school has closed as we can remember when a child, how tiresome it became when the days grew warm.

Mr. Sanders, who bought the John Landy claim last fall has been out on it but the dry weather rather discouraged him and he went back. If he had been here Saturday eve he would have thought it rained some when it did rain in Beaver county.

Em Herring, a cattleman from eight miles west, was a pleasant caller at Dexter Sunday. That old Dr. Rogers' Telegram that the cattleman all get, has been the means of keeping the stockmen in touch with all the leading questions of the day. Come again!

Chas. Winters is putting down a well for G. Rohebaugh on the farm near Z-lua. Mr. and Mrs. Rohebaugh will have a fine place when they complete the improvements they contemplate.

Newt McHone sold his claim to J. C. Rickman, of Woods county, last week and will return to New Mexico, where he has a job of punching cattle at \$40. per month. Sorry to see Newt sell out for he may see the time when it would be handy to have that little old claim.

There is being a little friction caused by the changing of pasture fences in this neighborhood. There is one man who is trying to monopolize a little too much territory and if he is not careful he will be interviewed by a government inspector. We would advise pruning the bristles on his back so they would not protrude above his collar.

BLANK CARTRIDGE.

WENTWORTH ITEMS.

Quite a sand storm raged over Beaver county on the 7th and 8th Inst.

Miss Belle Elfers is on the sick list this week.

Grandpa Fischer has been quite sick the past week but at this writing is slowly recovering and will soon be out again we hope. Grandpa is 83.

John Settler is working for F. Wentworth. John makes a good hand.

Geo. Strauss is breaking another sorrel colt. Seems like it takes a good many horses for George lately. He drives over on the flat frequently.

There will be preaching at the Lockwood school house next Sunday. All are invited.

L. Light's family have the measles. Mr. Smith and F. Wentworth are planning to start a brick yard near Wentworth. Won't brick be cheap then! We can put up fine mansions.

Plenty of wind and hot air on the North Fork but no rain.

WANDERING JEW.

SAGE SIFTINGS.

Fine weather now only rain is needed. Measles is the order of the day in this vicinity.

Last Sunday was Rev. Galway's day at Sage but owing to the measles he did not fill his appointment.

Will Evans has the measles so also has Walter Allen.

Uxo.
