Arm Torn From Shoulder.

The most distressing and regretful accident that has shocked our little city in many months if not in the entire history occurred about five o'clock yesterday evening when the news was flashed over town that a man was hurt at the Farmer's Elevator. It soon developed that the sufferer was Floyd Rifer, a young man that has been employed there for several weeks. His duties were to look after the gasoline engine and the like. The engine had been running the greater part of the day and everything apparently running smoothly until about five o'clock when Floyd had the misfortune to in some way get the sleeve of his jumper caught on the main shafting of the fly wheel whereupon release was impossible. His cries for help were heard by several but it was impossible to reach him for several minutes, consequently the engine was all this time in operation with the left arm of Floyd being wound around the shafting without any hope of relief until the engine could be stopped. By this time the left arm had become torn off at the shoulder and his clothing from his waist up was wrapped around the shafting. Dr. Hawley was summoned and the boy was carried to the east side of the elevator and laid in the shade where medical aid was administered as fast as possible, all this while the arm which was broken off was still wrapped around the shafting together with the clothing.

After his wound was dressed he was carried by a squad of men to the doctor's office where further medical aid was given and Dr. Ireland of Ashland summoned to assist Dr. Hawley. Mr. Rifer remained conscious the entire time out the doctors thought it best to remove him to Wichita where he could receive hospital care. He was yet conscious this morning and apparently doing as well as could be expected. He is a brother of Mrs. C. W. Newby.

About two years ago Ed Edmiston was caught on the same shafting and his arm broken in two or three places and was compelled to spend two or three weeks in a hospital. The man that erected this machinery was also hurt putting it up.—Englewood (Kan.) Tribune.
