S. N. Wible, of the Wible & Kanazsar meat market, is transacting business in Kansas City this week.

Mrs. N. B. Davis was among the ill the past week. She is able to be about at this time.

Walter Probst, manager of the Probst Grain Company, is enjoying a visit this week from two of his brothers.

Attorney and Mrs. R. H. Looftbour are visiting relatives at Anadarko this week.

Mrs. F. C. Tracy has been quite sick with rheumatism and bronchitis the past week, but is improved at this time.

Attorney V. H. Grinstead and wife of Liberal, Kansas, were business visitors in the county seat several days the past week.

H. A. Young and mother arrived the past week from Lamar, Missouri, to make their future home on the former's farm on Six Mile.

Mr. and Mrs. Emmett Gardner's oldest child has been critically ill the past two weeks. At this time the little girl is reported as being somewhat improved.

Mrs. Ford Dale, of Protection, Kansas, visited in Beaver this week. Mrs. Dale was formerly Mrs. Essie Rock-Thackston, and a teacher in the Beaver schools some years ago. Her many friends here were more than glad to see her again.

Mrs. Earl Davis, of the eastern half of the state, is here this week on a visit to her parents, M. Turner and wife, of Elmwood. Mrs. Davis was formerly Miss Bertha Turner. She has a host of friends in Beaver, all of whom are glad to have her with us once again.

You cannot fail to note the page ads of The Savage Cash Store, of Beaver, and of A. N. Eddy's Store, at La Kemp in this issue. Both are advertising immense sales for the next few weeks. Read their ads and take advantage of the bargains offered.

Mrs. W. B. Leonard left Sunday for Nebraska, to which point she was called by the death of her father. The news came as a shock to Mrs. Leonard, she not even knowing that he was ill until the death message came. Beaver friends regret to know of her sudden and sad bereavement and extend sympathy to her in her sorrow.

Mrs. Alice Smith and children, of Los Angeles, who have been visiting the Quinn families the past two weeks, left Tuesday for Pratt, Kansas, where they will visit for some time with Mrs. Smith's parents, before returning to the Golden State. W. T. Quinn and wife motored over to Liberal, Kansas, taking them to the Rock Island.

The writer was one of a party to enjoy Saturday of last week, at the pleasant country home of Mr. and Mrs. Grant Couch, near Boyd. Others were: Misses Edna and Clara Tweedie, Erma Crabtree, Helen Murphy, Marie Harris, Mrs. Jessie Hanson and Mr. and Mrs. R. A. Maple and little daughter, of Mokane. The delightful social time and the sumptuous dinner were enjoyed to the utmost by all.

E. M. Adams was over from Knowles the latter part of last week looking after business matters. Mr. Adams recently returned from an extended visit in Iowa and was glad to get back to the land of sunshine once more after wading in Iowa's snow and mud. He expects to leave soon for a two year's sojourn at Butler, Missouri, and while the change is contemplated as being permanent yet, Mr. Adams feels a strong attachment for Beaver county and does not know but that they may return later. The late string is always out and the glad hand awaits our sojourners in a distant land. Come on back, all of you.

WHAT IS

LAX-FOS

LAX-FOS is an improved Cascara (a tonic-laxative) pleasant to take

In LAX-FOS the Cascara is improved by the addition of certain harmless chemicals which increase the efficiency of the Cascara, making it better than ordinary Cascara. LAX-FOS is pleasant to take and does not gripe nor disturb stomach. Adapted to children as well as adults. Just try one bottle for constipation. 50c.

John E. Swain, assistant state agent in charge of the boys' and girls' clubs, paid Beaver a brief visit last week, coming in Wednesday and leaving again Saturday. While here he looked after business interests at his farm at Blue Mound. Mr. Swain has lots of friends in Beaver who are always glad to see him and who feel that some of these days he will find it impossible to stay away from a good town longer and will come back and cast his lot with the salt of the earth, again.

A. V. Stark, formerly of the Blue Mound country, but now of Greensburg, Kansas, was here the past week on business matters. When asked as to the "angel" appearance at Greensburg recently, Mr. Stark was inclined to view the matter as a hoax. He did not see the apparition, nor did not know of anyone else who claimed to have seen it, except the photographer who claimed to have photographed it and who had the picture copyrighted and has sold several hundred of them. Must have been another get-rich quick idea. If it was, it took, as the sale of pictures would evidence.

F. C. Tracy and Frank Laughlin returned Tuesday from St. Louis and Kansas City. They took in the motor show while in the latter city, and report a big display and an interesting show altogether. They brought back some of the new quarter and half dollar coins which have just been issued by the government mints. While they are more beautiful to look upon than the old coinage, in these days of the H. C. L. they won't go a bit further toward driving the wolf from the door. What we are looking for is a new quarter that will really buy a quarter's worth of something. It takes about fifty cents to pay for a quarter's worth of any commodity now-a-days.

B. S. Derthick was a Beaver visitor from Forgan Monday. While here he called at The Herald office and requested us to make mention of the splendid revival services which are in progress at the Methodist church, at Forgan, with Rev. Johnson in charge. A record-breaking service for men only, was held in the Novelty theatre Sunday afternoon, and those who heard the sermon, says that it was one of the best of the kind to which they ever listened. The meetings will continue during this week with a big Red Letter day staged for next Sunday. Among the subjects for this week are: "Crossing the Dead Line" or "The Unpardonable Sin," "The Last Great Day," "Blood, Thunder and Booms." Those who can do so, should make it a point to hear some of Rev. Johnson's great messages.

Whoever You Need a General Tonic, Take Grove's

The Old Standard Grove's Tasteless chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.

RESOLUTIONS OF RESPECT.

WHEREAS, the Grand Architect of the Universe has taken from our midst the little son of our worthy brother, Arthur A. Quinn and grandson of our brother J. R. Quinn;

THEREFORE, be it resolved, that the members of Beaver Lodge No. 269 A. F. & A. M., extend to them our heartfelt sympathy in the untimely loss of their little one, and

BE IT FURTHER RESOLVED, that a copy of these resolutions be spread on the minutes of the meeting, a copy be sent to the bereaved family and copies delivered to the local papers for publication.

SEVERE COLD QUICKLY CURED.

"On December first I had a very severe cold or attack of the grip as it may be, and was nearly down sick in bed," writes O. J. Metcalf, Weatherbury, Mo. "I bought two bottles of Chamberlain's Cough Remedy and it was only a few days until I was completely restored to health. I firmly believe that Chamberlain's Cough Remedy is one of the very best medicines and will know what to do when I have another cold." For sale by Davis Drug Co.

FARMERS' MEETING AT BEAVER.

The meeting of Beaver County Farmers, called at the Court House in Beaver, on Saturday, the 10th inst., was an unqualified success in every particular, and accomplished in full the purpose for which it was called. This meeting was called for the purpose of all getting together and coming to an understanding in regard to the Federal Farm Loan Law, under which loans will be made early this year, and devising the best means of accomplishing the organization of the entire county.

Mr. George Nichols, of Forgan, was elected chairman of the meeting, and he, together with J. B. Gambs, of Knowles, outlined to those present the type of organization thought best for our conditions in this county.

The Chair appointed a committee of six representative men, from different portions of the county, to consider and report on some scheme for the proper division of the county into Farm Loan Districts; and this committee, after thoroughly canvassing the matter and hearing the opinions of others, reported, in substance, as follows:

1st. That because of the size of Beaver County, and the great variety of type and value of lands in different parts of the county, it is best that the county be cut into a proper number of Districts, each of which may form a Farm Loan Association within itself.

2nd. That it is thought best to divide the county into eight districts for this purpose, and in order that the entire county be covered by these eight districts, it is recommended that the territory comprised in each district be as follows:

District No. 1, composed of Townships 1 and 2, Ranges 20, 21 and 22.

District No. 2—Composed of Townships 3 and 4, Ranges 20, 21 and 22.

District No. 3—Composed of Townships 5 and 6, Ranges 20, 21 and 22.

District No. 4—Composed of Townships 1 and 2, Ranges 23, 24 and 25.

District No. 5—Composed of Townships 3 and 4, Ranges 23 and 24.

District No. 6—Composed of Townships 5 and 6, Ranges 23 and 24.

District No. 7—Composed of Townships 1 and 2, Ranges 26, 27 and 28.

District No. 8—Composed of Townships 3, 4, 5 and 6, Ranges 26, 27, 28.

This report was unanimously adopted by the meeting, and its adoption throughout the county recommended.

District No. 6 has already been organized, with George Nichols, of Forgan, as President, and with headquarters at Forgan.

District No. 8 is also organized, with J. B. Gambs, of Knowles as President, and with headquarters at Knowles.

If each of the other districts will proceed AT ONCE to organize, we will have Beaver County covered, and it will be possible for every man in the county who owns farm lands to secure loans from the Federal Land Bank, which will open for business in Wichita, Kansas, within a few weeks.

There will be another meeting of the farmers at the Court House in Beaver, at 2 o'clock p. m., sharp, on Saturday, March 3rd, 1917, at which time, among other matters, will be considered the employing of a Secretary-Treasurer, to act for all Loan Associations in Beaver County; and it is recommended that mass meetings be called in each of the above designated districts on Saturday, 24th, 1917, for the purpose of organizing each of said districts and arranging to send their executive committees or other representatives to attend this meeting at Beaver.

Mr. J. F. Newsum, the County Agent at Beaver, has on hand a limited number of pamphlets which explains in full the methods of organizing Loan Associations, and will be glad to send them to one or more interested persons in each of these districts, if the persons to whom they are sent will see that mass meetings of interested farmers are called, as suggested above.

Remember, you must have at least ten farmers who want to borrow money on farm land, and applications for at least \$20,000 in loans before you can organize an Association under the law.

Now, farmers, get busy, for it is up to you to have cheaper farm loans in Beaver County, if you want them.

What is everybody's business is nobody's business, so let some man who is interested in each district, issue a call for a mass meeting of interested farmers to meet at some central point on Saturday, February 24th, 1917, and let the man who issues the call write to the County Agent, at Beaver, right now, for the pamphlets that will explain how to organize. Then advertise the call all over the district, by phone and announcement at school and church, and send a committee to Beaver on March 3rd.

FOR A BILIOUS ATTACK.

When you have a severe headache, accompanied by a coated tongue, loathing of food, constipation, torpid liver, vomiting of partly digested food and then bile, you may know that you have a severe bilious attack. While you may be quite sick there is much consolation in knowing that relief may be had by taking three of Chamberlain's Tablets. They are prompt and effectual. For sale by Davis Drug Co.

WARNING.

The County Engineer would be very thankful if the parties would return those lanterns that were stolen on the State road. They were placed there as danger signals. Persons doing such little petty stealing as this endangers the lives of the traveling public and might cause innocent persons to be killed or wounded for life. I guess the guilty parties think it a high cost to get cheap lanterns, but it might turn out to be a short road to the penitentiary. This is not the first time that things like this has happened. It has been almost impossible to keep ropes on our Fresno, besides several picks, shovels and other small tools have been stolen in the last few months, and not very long ago a small sack of bridge bolts were stolen. In fact there seems to be a mania along that road to steal tools, or anything that can be found loose at both ends. Now we don't care how much you ease the road or any of its construction, but whoever is doing this is some petty thief that might be brought to justice, as we have a very good line on the guilty parties, with good prospects of an early arrest and conviction, so it might be well for those things to be replaced and put where you found them. We understand one party said he borrowed them for a few days.

The Quinine That Does Not Affect The Head Because of its tonic and laxative effect, LAX-FIVE BRAND QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE.

B. B. Standard and wife, of Kansas City, are new residents of Beaver having arrived Saturday. Mr. Standard is a painter and sign writer. They are domiciled in the "Dad" Mansfield property.

Bethlehem's Bid on Shells for the United States Navy

To the American People:

The Secretary of the Navy has awarded contracts amounting to over \$3,000,000 to a British bidder for 14 and 16-inch projectiles for the Navy because of very much lower prices offered by the English bidders.

We know nothing of the basis upon which the British bids were made, but the public is entitled to know the facts upon which we ourselves bid for this work.

Two years ago we took contracts to make 4,200 14-inch shells at a price of \$1,515,000. Up to now not a single shell has been accepted by the Government, although we have expended, in wages, materials, etc., on these orders \$522,881, and we have not received a SINGLE DOLLAR on these contracts.

In addition, a liberal interpretation of the contract might make us liable for penalties amounting to \$675,000.

In the light of our experience, and having no other basis, we bid for 16-inch shells approximately the same rate per pound as that which the Navy Department actually awarded a 14-inch shell contract one year ago.

It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill."

I wish every suffering woman would give

CARDUI

The Woman's Tonic

a trial. I still use Cardui when I feel a little bad, and it always does me good."

Headache, backache, side ache, nervousness, tired, worn-out feelings, etc., are sure signs of womanly trouble. Signs that you need Cardui, the woman's tonic. You cannot make a mistake in trying Cardui for your trouble. It has been helping weak, ailing women for more than fifty years.
