## In Real Life

It seldom happens in real life that the "tail wags the dog" or that people "get the cart before the horse." They are merely extravagant examples of things being done in the wrong way. They say there's a wrong way and a right way to do everything. In taking care of your money, the Right Way is to deposit it in a good bank like ours where it will be Perfectly Safe yet subject to your check whenever needed. No need to tell about the wrong ways to handle your money. It's the Right Way that needs to be known and followed.

### "WHEN DID YOU WRITE MOTHER?"

This is what the soldier boy sees when he enters the army Y. M. C. A. building in camp. Then he can go to the secretary and get all the stationery he wants to use.

By the time he finishes the letter to you there is a good picture show, a splendid concert, a lecture, a minstrel show, or a gospel message ready to begin. It may be that that is the time for the French Class, or the class in mathematics.

There is a baseball, football or basketball outfit in the army "Y" all for his use—there is a Bible class there for him, a Testament too that the "Y" secretary is anxious to give him. This "Y" secretary will not only do anything for him but he will talk to him about home, or Church, or anything he wants to talk about that is nearest his heart.

All this that the soldier can get here in the camps of our country will follow him across to France, even right up to the front trench.

"Keep the Home Fires Burning"—"Bringing the boys home clean." This is what the Y. M. C. A. is doing and all of us want to help.

A representative of the "Y" was in Beaver last week raising funds and, as usual, Beaver people were liberal. He only had us listed for \$125.00, but was given nearly \$200.00 and could have gotten more. Beaver is for the "Y", the Red Cross, Food Conservation, in fact, anything, everything for our Sammies, heart and soul.

### FREE FAIR DELEGATES TO THE HERE

Delegates from the various townships in the county will meet here early in December to discuss and plan for the Free County Fair which is to be established in this county. Citizens of Beaver should see to it that they are given a hearty welcome and all assistance in the way of securing grounds, etc.

### LAKEMP ORGANIZES RED CROSS.

Rev. L. L. Shaw, Mr. and Mrs. W. H. Thomas, and Misses Maude O. Thomas and Erma Crabtree went to LaKemp Saturday night where they met with an enthusiastic crowd of people of that vicinity and organized the LaKemp Branch of Beaver County Chapter, American Red Cross. The officers elected were: Mrs. Ed Lehman, chairman; Mrs. W. C. Rutledge, Vice-Chairman; Mrs. Dan Conley, Secretary-Treasurer; J. W. Steffen, chairman of Finance; Mrs. B. Kollman, chairman of Membership; Mrs. Walter Lehman, chairman of Supplies.

LaKemp Branch is much in earnest. They will do their full quota of work.

### SECOND LOAN OVER-SUBSCRIBED

"I congratulate the American people upon the phenomenal success of the Second Liberty Loan. The final returns just received from the 12 Federal Reserve Banks show that the total subscriptions were \$4,617,532,300, an over-subscription of \$1,617,532,300, or approximately 54 per cent of the amount offered. This is a more gratifying result even than was the first Liberty Loan, when \$2,000,000,000 of bonds were offered and a subscription of more than \$3,000,000,000 was received.

"These financial operations, greater in magnitude than ever attempted by any other government in the world, were not too great for the American people. They not only absorbed readily the full amount of the First and Second Liberty Loans, but in each instance over-subscribed the loan by more than 50 per cent."—From statement of Secretary McAdoo.

### THANKSGIVING

President Wilson in his Thanksgiving Proclamation makes no attempt to recount the specific things for which the Nation at this time has cause to be grateful. Had he particularized doubtless he would have given the result of the Second Liberty Loan a prominent place among those things for which the Nation should be thankful.

For the great result of the Second Liberty Loan campaign, with nearly 10,000,000 Americans rallying to the financial support of the Nation and subscribing over four and a half billion dollars for the purchase of Liberty Loan Bonds, is a cause for deep thanksgiving in the heart of every loyal American.

President Wilson says the Nation should be thankful that we have been given the opportunity to serve mankind as we once served ourselves in the great day of our Declaration of Independence by taking up arms against the tyranny that threatened to master and debase man everywhere.

So, too, can all subscribers to the Liberty Loan be thankful that they have been given an opportunity to aid in this great mission of America and have done their part toward giving to the world liberty and justice and security from the tyranny that threatens to master and debase all nations and all men.

Every purchaser of a Liberty Loan Bond has struck a blow for human liberty and for civilization and humanity. Let them remember this on Thursday, the 29th day of November, and be thankful.

### ATTEND CHRISTIAN CHURCH CONVENTION

Rev. L. L. Shaw, J. R. Quinn, Mrs. W. T. Quinn, and Mrs. B. G. Brown drove down to Clinton Monday, in the former's car, where they are spending this week in attendance at a convention of Christian churches of the state.

### TEACHERS' ASSOCIATION

The teachers of Beaver county met here last week in their annual association and a most profitable session was held Thursday and Friday, including evening sessions. Thursday night, a reception was held at the Christian church, at which time the teachers of the Beaver schools entertained the visitors. Refreshments were served. Friday evening Dr. Phelan, of the State University, addressed the teachers, and his lecture was one of the best that our people have had an opportunity to hear for a long time. It was thoroughly enjoyed. The day sessions were taken up with the usual teachers' programs, all of which were splendid, and goes to show that Beaver county schools have an able and efficient corps of instructors. Mrs. Thad Green, of Beaver, an ex-"schoolmarm," was reminded by the presence of the teachers, of an old scrapbook selection she had carefully preserved since the days she "wielded the rod," and it is particularly fitting at this time. We are indebted to Mrs. Green for the following:

- Schoolmarms and Schoolmarms**

Schoolmarms with no shape at all, Schoolmarms lean and schoolmarms fat,

### WHAT IS NECESSARY TO KEEP THE PLEDGE

The thousands of Oklahomans who have joined Hoover in his task to save and substitute food and win the war, are anxious to keep the pledge. In order to do this they will follow the plan laid down by Hoover. His plan is that there shall be a meatless day each Tuesday and a wheatless day each Wednesday. On Tuesday corn bread, barley bread, rye bread, rice or other foods, are to be substituted for wheat bread. On Wednesday fish, poultry, beans or eggs are to be substituted for beef, pork and bacon. Honey, syrups and the like are to be substituted as far as possible for sugar.

If this policy is followed by the 22,000,000 families in this country the soldiers will be properly fed, war prices will not become prohibitive and America will have the last ounce of food that will win the war.

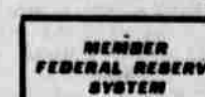

### SPECIAL MUSICAL PROGRAM

A special musical program is rendered at the M. E. Church each Sunday evening. The program of Sunday, November 25, will be especially good. All are invited.

## Do Your Bit, NOW!

Mr. Farmer, perhaps you could not see your way to buy a Liberty Bond, and help to win this war, but now you have a chance to Do Your Bit. Food Administrator Hoover says, "The hog is of greater value toward winning the war, than is a shell. Every pound of fat is as sure of service as a bullet." The government guarantees \$15.50 per hundred as a minimum price on hogs.

### VINE RAIN AT LAST.

True to her traditions, old Beaver county has again redeemed herself. After a long-continued drouth, which threatened to destroy the wheat crop entirely, a fine .60 inch rain came the past week and in time to save most of the wheat. The rain was general throughout this section, came down steadily and every bit soaked into the ground. To use a time-worn expression, "it was worth a million."

Buy it with thought.  
Cook it with care.  
Use less wheat and meat.  
Buy local foods.

### OUR NEW SERIAL STORY

Victor Rousseau, author of "The Deep Sea Peril," the serial story soon to start in The Herald, is the world's most noted writer of weird tales since old Jules Verne laid down his quill years ago. After you've read a few of the Rousseau stories you begin to wonder what kind of a fellow he is. Well, Rousseau was educated at Oxford University, England. He is a veteran of the Boer War and is now in Canada doing his bit for victory. He formerly was an editor of Harper's Weekly and has done considerable newspaper work, and he breaks into the magazine with considerable frequency.
