GRAY COURT TO HAVE INSTITUTE.

The Farmers Meeting on July 22nd.

THREE LECTURERS.

Letter from Professor J. S. Newman.

Professors Upton, Morrison and Newman to Conduct It—Large Attendance of Farmers Urged.

The petition of Mr. W. P. Harris and others has had the effect of securing for Gray Court a farmers institute, to be conducted by Clemson professors. The following letter has been received by Mr. Harris:

"Clemson College, S. C., June, 19th, 1903.
"I have appointed July 22nd as the date for the institute to be held at Gray Court.

"Prof. W. S. Morrison, C. O. Upton, Professor of dairying and animal husbandry and I will lecture. Please give all possible publicity to the date of the meeting and office.

"Yours truly,
"J. S. NEWMAN,
"Director Farmers Institutes."

It goes without saying that farmers from all parts of the county should attend this institute. Gray Court is a convenient point and in the midst of a splendid farming country. Much can be learned from the progressive methods of farming of that neighborhood, as well as from the institute.

Those who attend may be sure of a cordial reception and courteous treatment from the good people of Gray Court and Dials township.

SOLD COTTON AT FOURTEEN CENTS.

That Cox Cotton Mill Got for 100 Bales Last Week—It Was Upland Long Staple.

Anderson, June, 25.—The Cox Cotton mill of this city sold 100 bales of cotton this week at 14 cents per pound. The cotton was of the upland long staple variety and came from the Mississippi bottom lands. It is known as the "Mississippi Bander." This cotton usually sells for 1 cent to 1 1/2 cents higher than the ordinary short staple.

The Cox mill had more cotton on hand than was needed to run until the next crop comes in, and as a fancy price was offered it was decided to sell part of it. The cotton was bought for 14 cents, and some of it for less, so a handsome price was realized. The mill has on hand enough cotton to run on until the new crop comes in.

1,000 CLAIMS.

Equal Not a Single Fact. Laurens Endorsement makes this Claim a Fact.

Endorsed by scores of Laurens citizens who cheerfully make a public statement of their experience, is the proof we have to back our claims that Doan's Kidney Pills cure every form of kidney ills, from a common backache to serious urinary disorders. Here is local example.

J. H. O'Dell, of Factory Hill, mill hand, says: "I have been suffering from backache for a long while. At times I could not work on account of the aching across the small of my back and the dull pain gave me no rest day or night. I could not stand straight and if I sat for a bit and attempted to arise I had to catch hold of something to pull myself up. The secretions from the kidneys were very red, full of sediment and got like a jelly after they stood for a while. I could not retain them any length of time and had to rise often at night. I tried several highly recommended remedies and used liniments, but nothing did me any good until I got a box of Doan's Kidney Pills at the Palmetto Drug Co. and used them according to directions. They gave me relief almost at once and since using them the kidney secretions have gotten clear and natural and I do not have to get up at nights as I used to, while the backache has all left me."
