In Beautiful Mountains.

Green Park, N. C., Aug. 12.—The beautiful Blowing Rock country, in northwestern North Carolina, is now filled with visitors viewing the matchless scenery there spread out as if rolled down from the clouds, at an altitude of 4,300 feet; and enjoying the refreshing healthfulness of this delightful climate, peculiarly its own.

Among the two hundred guests at the Green Park Hotel are Mr. and Mrs. T. D. Darlington, and their two charming daughters, Miss Lucy Vance and Miss Claudia L. of Laurens, S. C., who are adding, in a delightful manner, to the social circle of the happy people gathered here. Mrs. Darlington is generally regarded as one of the prettiest matrons here this season, and now numbers all of the guests as her warm friends. Both she and her daughters enter into all of the festivities and games with pleasing grace and heartiness. Mr. Darlington bears a very striking likeness to President Woodrow Wilson, and wears a hat very much after the fashion of the chief executive—and on more than one occasion has been taken for the President.

WHO CAN DOUBT SWORN TESTIMONY OF HONEST CITIZENS.

Some time ago I began the use of your Swamp-Root with the most remarkable results. For years I was almost a wreck and was a great sufferer. The doctors who treated me made me believe that my great suffering were due to female trouble. I was so bad at times I would faint away and had sinking spells. Finally a new doctor was called in and he said that I had kidney trouble and gave me medicine, of which I took several bottles. I obtained some relief from this but I was getting weaker all the time; I could not sleep and suffered so much pain that my husband and children had to lift me in and out of bed. After this time two friends sent me word to try Swamp-Root, which I did, and I am glad to state that the first dose gave me great relief. After taking the third dose I was helped into bed and slept half of the night.

I took several bottles of Swamp-Root and I feel that I owe my life to this wonderful remedy. The two family doctors said that I could not live three months. I would have to be helped in and out of bed ten to twenty times every night. After taking Dr. Kilmer's Swamp-Root for two days I was entirely free from getting up and could sleep soundly.

Mrs. D. E. Hileman, Tunnelton, W. Va. Personally appeared before me, this 11th of September, 1909 Mrs. D. E. Hileman, who subscribed the above statement and made oath that the same is true in substance and in fact.

Would "Make 'Em Sweat."

In his speech in Darlington last Saturday the governor said:

"He would be nominated for the Senate and for the next six years I am going to make 'em (anti-Bleasites) sweat just like now."

The following is part of the pledge which Governor Blease as a candidate for senator has taken:

"I will support the principles and policies of the Democratic party during the term of office for which I may be elected, and work in ACCORD with my DEMOCRATIC ASSOCIATES in Congress on all party questions."

How would Governor Blease, as senator, make that old "anti-Bleasite," Ben Tillman, "sweat" and at the same time keep his pledge?

How does it comport with the "Tillmanites" of Tirzah and Lisbon and other rural districts of South Carolina to send Mr. Blease to Washington to make Ben Tillman "sweat"?

If you "Bleasites" in Charleston want something done at the White House for your navy yard, or your garrison at Fort Moultrie, or your harbor, or your immigrant station, would you ask Mr. Blease or Mr. Tillman to introduce you at the White House?

Of you "Bleasites" of Georgetown, if you wanted to request the War Department, Secretary Garrison's department, to help you in some matter connected with the Santee river or the dredging of your harbor, would you rather have a Senator Smith or a Senator Blease to speak a word in Garrison's ear for you.

You "Bleasites" are men of common sense. Vote for Blease, yell for Blease, split your throats and burst your lungs for Blease as you like, but answer in your own mind!

How much would a senator in Washington giving time and thought for "the next six years" to making the "anti-Bleasites" in South Carolina "sweat" HELP YOU?

Go ahead, "Bleasites," go right in, the water's fine.

No we don't want the Governor elected senator. We want a senator who in Washington has represented all the people, who would work for Charleston as Tillman has worked for Charleston though Charleston voted against him, who would know neither "Bleasite" nor "anti-Bleasite," who would find no pleasure in making any South Carolina Democrat "sweat."

And here and now, on the responsibility of this newspaper, we pledge for E. D. Smith, for L. D. Jennings and W. P. Pollock, to you "Bleasites," that no one of them, if elected senator, will make any of you "sweat," but rather will work for you whenever you have any fair proposition to advance, as a senator representing the Democratic people of South Carolina should work for YOU.

To us, it does not seem generous or fair or right that you "Bleasites" should try to send a senator to Washington who says he would punish us, would "make us sweat" for six years, because we prefer to vote for another candidate, but you are entitled to your opinion, you are free agents, and if you think that is what a Democratic senator should do, why, as your Governor would say, "we can't help it."

Mr. Smith is now a senator. The writer of these words voted against him in 1908. But he has made no war on the "anti-Smithites" of that year.

He stands in Washington for all the Democratic people of South Carolina and for the Woodrow Wilson Democratic party in the United States.

Some of you "Bleasites" (mighty few according to our information) are cotton raisers. Suppose the great majority of cotton raisers, the same being "anti-Bleasites" should ask a Senator Blease to support a bill affecting the cotton market. Don't you think he would "make 'em sweat?" And don't you think, if he did, you "Bleasite" cotton raisers, you would "sweat" with 'em?

However, what's the use? You know you can't "believe anything the State says." Jump right in; the water's fine. Perhaps if you send your man to Washington he will have the whole national Democratic administration eating out of his hand in less than a week, while the "anti-Bleasites" "sweat"—The State.
