

LOCAL

A GOOD APPOINTMENT.—Mr. Robt. McKewen for a long time clerking for Mr. J. C. Pike, has just been appointed a conductor on the S. C. R. R. Mr. McKewen is an old railroad man, and the appointment is an excellent one. We wish him well.

THANKS.—Many thanks to Congressman Dibble for Congressional documents in the shape of reports of the Commissioner of Education, and a pamphlet upon the Original Growth of Sheep Husbandry in the United States.

IMPROVEMENTS.—The greatest improvements have been made in Mr. Cornelison's excellent store. The ventilation and capacity have been greatly enhanced, and an air of neatness pervades the whole establishment. The whole is now being freshened up by a coat of paint on the inner walls.

MONSTER RATTLESNAKE.—Mr. Geo Bonnet killed a rattlesnake last week near Reeves Landing on the Edisto river, measuring 5 ft 8 1/2 inches in length, and 4 inches through the body, and having nine rattles and a button. We have the rattles and button on our table for inspection.

NEW ROAD.—By an act of the Legislature, the County Commissioners of Orangeburg and Lexington will soon be called upon to have a new road cut from Kennerly's on the Ninety-Six Road, across the North Edisto at Slab's landing to Knott's Mill, and thence to Huccabee's Mill in Lexington.

TEA CULTURE.—The tea farm established by the Agricultural Bureau at Summerville is advancing satisfactorily. This demonstrates the fact that tea can be cultivated in South Carolina. Prof. Bibbikov, it will be remembered, tried it with success in Orangeburg.

THE LITERARY MICROSCOP.—This is the name of a new literary paper just started in New York by Hall & Co. It is an ably edited paper, the best thinkers in the country being contributors. It is 50 cents per annum, and a sample copy will be sent free to any one desiring to examine it.

MARRIAGE NOTICE.—By Joseph Eros, assisted by years of experience ice cream, the great refresher of our native health to soda water the queen of beverages, delicacies acting as groomsmen and bridesmaids. The entire party will put up at Joseph Eros' and devote themselves to keeping everybody cool. No Cards.

COME HOME.—Mr. John H. Snider, the youngest son of Mr. Lehre A. Snider, who moved out to Arkansas about twenty-five years ago, is on a visit to his relatives in Orangeburg County. He is now a guest of his kinsman, Mr. B. F. Thompson of our town. We hope he will be so pleased that he will conclude to return to his father's old home.

SCHOOL COMMISSIONER'S APPOINTMENTS.—The School Commissioner will be at the following places on the days mentioned, where he will be pleased to consult with trustees, patrons, and all others interested on Public School matters:
Lewisville, Thursday, July 28th.
Ft. Motte and Vicinity, Friday and Saturday, 29th and 30th.
Jamison's, Thursday, August 4th.
Branchville, Friday 5th.
Rowesville, Saturday 6th.

A SERIOUS COMPLAINT.—Mr. Letham, the Scotchman who has come to Orangeburg, says that immigrants desiring to come South are treated with great indifference at New York and are thereby, doubtless, diverted from this course. This is a serious matter, considering the importance of the flow of immigration in this direction. An agent from South Carolina ought to be stationed at New York to act in our interest in this matter.

STATE NORMAL INSTITUTE.—Through the courtesy of Mr. A. M. Howell, Secretary of the Institute to be opened in Greenville, August 2nd, we are able to give the following information for the benefit of teachers:

Board at the hotels can be obtained from \$4 to 7 per week, and at private houses from \$3 to \$1.50 per week, washing not included. Persons paying full fare going on the South Carolina Railroad can return free. On the Columbia and Greenville Railroad the rates will be ordinary fare going and two cents per mile returning. If persons so desire, by applying to Mr. Howell, the Secretary, board will be secured by him in advance.

There is no use in dragging yourself to death, and buying all the vile medicines for internal use when you can be cured of fever and ague, dumb ague, bilious disorders, jaundice, dyspepsia, as well as all disorders and ailments of the liver, blood and stomach, by wearing one of Prof. Guillmette's French liver pads, which is a sure cure every time. If your druggist does not keep the pad, send \$1.50 in a letter to French Pad Co., Toledo, O., and it will be sent you by return mail. It is the only pad that is guaranteed to cure. Beware of counterfeits.

Dr. J. G. Wannamaker has just received the finest stock of cigars, cigarettes, smoking and chewing tobaccos ever offered in Orangeburg. The Dr. never keeps anything but the best of goods in his line and we take pleasure in calling attention to these goods. Go down and try them.

NEW & SECONDHAND ENGINES.—Take notice that Straus & Co are offering the finest lot of second hand engines and new engines at cheaper rates than can be obtained anywhere. A fine lot of them will arrive in a few days, and parties desiring to buy will find it to their interest to call and examine them.

THE EDISTO TARGET PRACTICE.—On Tuesday afternoon the target practice of the Edisto Rifles, which was intended for the fourth of July, came off on the old field near the river. The target was set at 150 feet from the riflemen, and the prize shooting resulted as follows: W. L. Harley, 1st prize, Set gold studs; T. L. McMichael, 2nd prize, Glass Set; L. J. Izlar, 3rd prize, Chair; T. L. Wannamaker, 4th prize, Box Cigars. The prize drill was postponed until the second Tuesday in October. The company, as usual, made an excellent show on parade.

INKS.—We return thanks to Mr. Kirk Robinson for a number of capsules containing powders for making ink, each powder being a different color. The contents of each capsule are to be mixed with a half pint of rain water, and the ink is made. We are waiting for rain to make the experiment, and will publish the results when we have tested the matter. We have tried the same ink used by Mr. Robinson, and it is a beautiful and cheap article. It is manufactured by Knowles and Maxim, Columbus, Ga.

THE MEETING AT GEORGES.—We learn from Mr. W. A. Edwards, the Secretary, and others who attended the Sunday School meeting last week at Georges Station, that it was quite a success. The attendance of delegates was large, and the interest manifested gratifying. Rev's. Cuttino, Edwards, Snider, McMillan, Moore, and others of the clergy, were present and participated in the meeting. On Sunday morning an enthusiastic mass meeting of the children was addressed by Rev's. Snider and McMillan. All the visitors were splendidly entertained by the hospitable people of this community. It is gratifying to note the fine church building and the good condition of the church at Georges. Rev. Moore, the evangelist of the Orangeburg Missionary Association, a talented young minister, is now conducting a series of meetings at Reevesville.

DANCING AND FANCY WORK.—Miss Ollie Thompson, an accomplished lady of Savannah, Ga., just from Aiken, is now in our city and has opened a dancing school at the Fair Building. Miss T. started Monday night with a good class and has the promise of others. Her instructions here are much admired. They are modest and beautiful. She comes highly recommended as a teacher of the polite art, teaching all the modern and European dances. She has taught classes with success in eighteen cities. Miss T. also wishes to obtain a class of ladies for fancy work. All should see her specimens of point and macrame, lace, fish skin and scale flowers and chenille embroidery. She is boasting of Mrs. Neuffer's. Her advertisement fixing the days and hours for classes will appear next week. She will, doubtless receive a liberal patronage in our town.

NEW COMERS.—Mr. Wm. Letham, a most worthy Scotchman, with wife and four children, came from Brooklyn, N. Y. to Orangeburg last week. This excellent family has settled on the place of Mr. Vastine Joiner in the Fork, a few miles from town. Mr. Letham says, that if he is successful and pleased, a number of his friends and kinsmen will be sure to follow him and settle in our midst. One of his relatives is now on his way. We feel assured that our people will do all in their power to make the new comers happy and satisfied, and we hope that at the end of the year they may have reason to be pleased with their selection of a new home, and that many others from across the water, or from the North may cast their destiny with them. This is the class of settlers we need, and we hope that a nucleus is now formed for a growing colony in our immediate vicinity.

SCHOOL HOUSES.—Now is the time to prepare for the coming school year by building proper school houses. In some localities there are no school houses and schools are not running on account of this fact, and in other places those in use are a disgrace to our advancing age. What then is the plan? To build them entirely out of the public fund would take away from the means of educating our children the coming year. The sensible plan seems to us to be, for the people, both white and colored, to contribute of their means and labor, and as far as possible, put up the school houses themselves, and save the public money for teaching. If this however can't be done, let the houses be put up out of the public money. We hope school trustees will encourage the people, for their own good, to co-operate, with the public school officials, for in this way, and in this way alone, can the system be made a blessing.

-ORANGE LEAVES-

—We regret to hear of the illness of Mrs. Dr. Reeves.

—The Summer examination of teachers commences to day.

—Will our farmers learn wisdom from the drought?

—The poor farmers are having terrible prospect.

—Will we ever have rain? It is sadly needed.

—Rev. J. F. Probst of the Lutheran Church was in town on Tuesday.

Rev. Mr. Kiser is now putting up a bell to his schoolhouse.

—The eastern part of our county has been far more blessed with rain than the western.

—The building of Dr. Reeves, store and residence on Russell street is progressing finely.

—We want settlers to come in and buy our lands and become identified with our interests.

—The immigrants under Mr. Doyle and Capt. Bell are working splendidly, and giving entire satisfaction.

—The ordinance of baptism was performed at the river on Sunday for the colored baptists.

—There are some men who constantly remind us that "the human heart is deceitful above all things."

—Parties desiring new and second hand engines will get a bargain by calling on Straus & Co.

—Alonzo Payne, an Indian doctor, is in town attracting attention by playing the banjo and thus advertising his art.

—The Bishop of the Episcopal Church will be in Orangeburg on Sunday, the 31st, for confirmation services.

—Services will be held at the Factory Chapel, over Wiles building, on Sunday night at the usual hour.

—Capt. Mortimer Glover returned from a pleasant visit to Sullivan's Island on Monday. We are glad to see him looking so well.

—A couple of canary birds got away from Mrs. W. T. Lightfoot this week and last. We wonder how they will thrive in our woods.

—Rev. J. F. Kiser has completed the wing to his school house, which considerably increases the capacity of the room.

—In some sections of our County the farmers are cutting down their corn, and others are watering their stock.

—Russell Street, from Doyle's corner to the Railroad will soon be covered by cut stone from Columbia by action of Town Council.

—A colored woman at Mr. W. F. Robinson's fell in an insensible state on Monday afternoon, and is still lying in a dangerous condition.

—It is said that the use of toy pistols has caused the death of a number of boys from lockjaw. We mention the fact as a warning, in case any of these toys should find their way to Orangeburg.

—The rush at the Auditor's office to make returns during the last two days was tremendous. The time ought to be extended by all means.

—The County Commissioners, at their last meeting, passed a resolution denying the use of the Court House for any private purpose.

—Everything goes to show that the burning of the residence of Mr. J. H. Felder at Feldersville was the act of an incendiary. We hope the fiend may be caught.

—See change of notice in the advertisement of H. Spahr, jeweller, in to-day's issue. He has on hand every style of jewelry, and is always prepared to do repairing of all kinds in the most prompt and neat style.

—The School Commissioner was badly poisoned last week on his rounds through the County by handling a poisonous switch picked up by the roadside. We hope this is not a sample of the switches used by the teachers to punish bad boys.

—The Board of Equalization of Orangeburg county meets at the Court House on the first Monday in August. See notice of County Auditor. Parties having complaints about assessments had better bring them forward on that day.

—Why can't it be so that in our little town election, the citizens both white and colored meet together and put forward a "Citizen's Ticket" upon which all, irrespective of party, can unite.

—George Vetter, Justice of the Peace, Toledo, O., says: "I was troubled with sciatica and kidney disease for years at times had to go on crutches and suffered untold agony. Prof. Guillmette's Kidney Pad cured me in three weeks."

—Read Henry Kohn's advertisement. He is clearing off his stock and bargains can be had by calling at his splendid clothing emporium.

—A fine Sunday School picnic place last Saturday at Canaan in the Fork. A big dinner, big order and big speeches were the order of the day. The latter were made by Dr. Jaggott and Revs. Chaplin and Stendennire.

—D. A. Straker, we understand, has ventilated himself in the Nation al Republican in abuse of the Democrats of Orangeburg. The abuse is harmless, but when he says as we are told, that the colored people have no right of publicly redressing their wrongs, he tells a not so. The columns of the TIMES are always open to him as well as to the most ardent citizen, white or colored.

PRIMARY ELECTION.—At the meeting of the Edisto Rifles on Tuesday last, Captain Dibble, whose name will now be very much occupied in public affairs in consequence of his election to Congress, felt it necessary to send in his letter of resignation as Captain of this excellent Company. The letter was accepted by the Company with great regret as Capt. Dibble was an admirable officer, much beloved by the men, and had done a great deal in making the Company what it now is. It is fortunate, however, for the Company that his place is filled by so popular a gentleman as Mr. G. W. Brunson. After the parade and target practice, the annual election of officers was held with the following result: Captain, G. W. Brunson; 1st. Lieut., F. S. Dibble; 2nd. Lieut., J. M. Brunson; 3rd. Lieut., C. P. Brunson; O. S., T. L. Wannamaker; 2nd. Sergeant, T. O. S. Dibble; 3rd., W. L. Izlar; 4th., G. A. Neuffer; 5th., J. A. Holman; 1st. Corporal, Samuel Spiegel; 2nd., W. A. Hoffman; 3rd., J. R. Tucker; 4th., T. M. McMichael; Secretary, L. H. Wannamaker; Surgeon, Dr. W. C. Wannamaker; Chaplain, Rev. J. D. A. Brown.

Y. M. C. A.—The prayer meeting held at the Rooms last Tuesday evening, though not as largely attended as previous meetings, was interesting and appreciated. The subject for next Friday evening, will be, "A place in the Lord's Work for every Believer." References: 1st Cor., 12 chap., 12, 27 vers. Leader, Mr. Mortimer Glover. At a meeting of the Executive Committee, it was thought advisable to resume the Sunday afternoon services held during the summer months heretofore. The first of the services for this season will be held at the Y. M. C. A. Rooms on Sunday afternoon next, 24th inst., at quarter past six o'clock. Subject: "The Heart's Response to God's Call." References, 1st Sam., 3rd chap. 1st, 10th vers. Psal., 27, 8. Leader, Mr. F. A. Schilleby. An invitation is extended to all who desire so to do to attend the services both on Friday evenings and Sunday afternoons. Rooms on Russell street over W. Wilcock's store, open every evening. Friday evenings, young men's prayer meetings, at half-past eight o'clock. Sunday evenings, every meeting at quarter past six o'clock.
