

"There's a good Farmer!"

As you drive through the country it's easy to pick out the farmers who are progressive and prosperous. A shiftless man allows his buildings to become shabby and weather-beaten. The thrifty farmer keeps everything neatly painted with

The New Grant Six \$795

is one of the most surprising car values of the year. It couples to an extraordinary degree all the virtues of the SIX with entirely new standards of economy and service. Owners average in excess of

20 Miles to the Gallon of Gasoline
900 Miles to the Gallon of Oil

Its wonderful valve-in-the-head motor—of exclusive Grant design—is a source of continuous delight, because of its almost incredible flexibility.

Grant SIX throttles down to 1½ miles an hour without choking or gasping, without losing its pull—and speeds up to fifty miles and more within a few blocks. It has power and to spare. And the new Grant SIX is distinguished, because in addition to remarkably sturdy construction—wonderfully complete equipment, it has the

DOUBLY PROVEN

Union Readers Can No Longer Doubt the Evidence.

This Union citizen testified long ago.

Told of quick relief—of undoubted benefit.

The facts are now confirmed. Such testimony is complete—the evidence conclusive.

It forms convincing proof of merit. W. Lester Davis, salesman, 247 W. Main St., Union, gave the following account of his experience on March 8, 1911. He said: "My kidneys were weak and I suffered from backache. Finally, I got Doan's Kidney Pills from the Palmetto Drug Co. and they fixed me up in good shape."

OVER THREE YEARS LATER, Mr. Davis said: "I have had slight signs of kidney trouble, due to a cold, but Doan's Kidney Pills have always given me prompt relief."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Davis has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

WOULD PROTECT THE BIRDS.

Union, S. C., May 13, 1916.
I ask for information from our city fathers why it is that the law against shooting air rifles within the corporate limits of our city is not enforced? The small boy with this dangerous little weapon is fast destroying our birds. I have seen within the past few years a noticeable decrease in all kinds of birds and especially the mocking bird, cat bird, blue jay, brown thrush, blue bird and others. Sometime ago I read an article of one who was in a position to know and he spoke of how fast all the birds in this country were disappearing except the English sparrow. Very few of us realize that if it were not for the birds no vegetation could withstand the ravages of the insects. I don't think there is any music sweeter than the singing of our song birds in the early morning. If there is no law against using these dangerous little pests (air rifles) let's have one and enforce it to the letter.
