Cure of Dyspepsia.

The undersigned is being consulted by letter from all parts of the Union, by those who are suffering from Dyspepsia and its consequent general weakness, muscular relaxation, and nervous debility. Having for the last few years, in his practice of medicine, turned his attention entirely to the treatment of this disease he is enabled from his large experience to institute a peculiarity of treatment that will enable the patient to see, feel, and know, after a day or two's treatment, that his recovery has already commenced. Has he a dry tongue, thirst, loss of appetite, constipation of bowels, nausea and vomiting!—is the skin dry, harsh with unnatural heat?—is he troubled with sleeplessness, starting in his sleep, solemnency, impaired volition—wit palpitation or "fluttering" of the heart, a cassily out of breath by quickened exertions? All these, after one, two, or three day's treatment will commence to disappear.

Terms of Theatment—\$5 00, for first consultation. Medicine forwarded by mail, withfull and explicit written directions of the course of treatment, &c., to be pursued. Each subsequent consultation and medicine forwarded, \$2 00. Money remitted in all instances should be "registered" at the post office. All letters to be addressed to the undersigned.
