Dalton Cole went to Miami last week to bring his mother, Mrs. Minnie Cole, to Florence hospital by ambulance. She has been ill for some time but at last report was said to be improving and may be able to be up in the near future.

Hard work demands good oil!

On the toughest jobs, Standard's RPM Heavy Duty Motor Oil will keep your tractor or heavy truck engine humming. Special, patented compounds, blended with the selected base oil of RPM Heavy Duty prevent rings from sticking and keeps oil passages open. Because of war demands, it's not sold for cars or trucks under 3/4 ton.

Two Ways to QUIT STALLING

An automobile has no way of knowing that these are critical times—that the patriotic thing for it to do is to keep running regardless of its condition. So, if your car is behaving like a prima donna, it's up to you to do something about it. Here are two timely suggestions:

1. Take your car to a reliable mechanic and have it thoroughly overhauled. A thrifty Valley Bank Personal Loan will immediately supply any financial help you need to pay for both parts and labor. You can repay the loan in convenient monthly instalments.

2. Trade your car for a better, more dependable model. And finance it under the liberal, low-cost Valley National Automobile Finance Plan—the Plan that saves you money and lets you build personal "bank credit" at the same time.
