

Why a Woman is Able to Help Sick Women When Doctors Fail.

How gladly would men fly to a woman's aid if they but understood a woman's feelings, trials, sensibilities, and peculiar organic disturbances. Those things are known only to women, and the aid a woman gives is not at his command. To treat a case properly it is necessary to know all about it, and full information, many times, cannot be given by a woman to her family physician. She cannot bring herself to tell everything, and the physician is

at a constant disadvantage. This is why for the past twenty-five years, thousands of women have been confiding their troubles to me, and our advice has brought happiness and health to countless women in the U.S. Mrs. G. H. Chappell, of Grant Park, Ill., whose portrait we publish, advises all suffering women to use Lydia E. Pinkham's Vegetable Compound, as it cured her of inflammation of the ovaries and womb, and she therefore speaks from knowledge, and her experience ought to give them confidence. Address Mrs. Pinkham's Laboratory, Lynn, Mass.

Moral Effect of Pistol Toting.
When a man carries a pistol constantly, slipping it into his pocket every morning and taking it out at night, feeling its constant pressure against his person, these things tend to familiarize his mind with the idea of killing and lovers his conception of the sacredness of human life. What does a man carry a pistol for? To shoot some other man with. The miserable thing to make expressly to kill human beings. It has no other earthly purpose. That a hardening effect it must have, then, upon the conscience and heart of a man who carries it constantly in his pocket and lives in daily contact with it and with the idea it constantly suggests to his mind! Let us warn young men and old ones not to carry pistols, and then you will avoid doing a rash act.—Marietta (Ga.) Journal.

Storms on the Ranch.
A former cowboy says: "When I used to be a cow puncher, the one thing I dreaded was a thunderstorm, for lightning usually seeks out and strikes the highest thing in the place where it hits, and out on the plains the man on horseback is the tallest thing out. When a storm comes up, you have constantly to ride hard, for the cattle get restless and need close watching to prevent them from stampeding, and I can tell you it tries a man's nerve when you can see the lightning strike all about you and know that it is almost an even chance that it will ultimately seek you out and slay you."—St. Louis Republic.

No External Symptoms.
The blood may be in bad condition, yet with no external signs, no skin eruption or sores to indicate it. The symptoms in such cases being a variable appetite, poor digestion, an indescribable weakness and nervousness, loss of flesh and a general run-down condition of the system—clearly showing the blood has lost its nutritive qualities, has become thin and watery. It is in just such cases that S. S. S. has done some of its quickest and most effective work by building up the blood and supplying the elements lacking to make it strong and vigorous.

No Keys to White House.

In these modern days the front door of the White House is not locked at night. Practically no doors are locked, and if the steward should look around for keys he would probably not find half of those formerly in use. Big policemen are about the only doors at the executive mansion. They guard the main door at all hours of day and night, and there is no need to close and lock the inner doors. Before President Lincoln's time policemen were rare at the president's home, and when all the clerks and servants had gone home at night the housekeeper went around and carefully locked all the doors inside and outside except to rooms occupied by those going in and coming out.

IN BED FOR YEARS DECLARED A HOPELESS INVALID BY LEARNED PHYSICIANS. Restored to Perfect Health and Strength by Dr. Williams' Pink Pills for Pale People—A Most Wonderful Cure. From the Press, Grand Rapids, Mich.

Of the many remarkable cases which have attracted the attention of the medical world and of the public at large, none more strikingly illustrates the wonderful power of Dr. Williams' Pink Pills for Pale People than the recovery of Mrs. Jennie Tuttle, who, after two years' confinement to her bed, was restored to perfect health and strength. Mrs. Tuttle, who lives at the corner of Fulton and Market Streets, Grand Rapids, Mich., tells the following story:
"I had been flat on my back in bed for two years and the doctors had given me up as a hopeless case. They had resorted to every remedy known to their profession and had even subjected me to the tortures of five surgical operations. My trouble was due to change of life and I grew weaker and weaker until I became helpless and unable to leave my bed. My nurse and four physicians attended me.
"One box of Dr. Williams' Pink Pills for Pale People gave me great relief and after using them for three months I was a well woman, having been able to leave my bed the sixth week after giving me up as a hopeless case. I can state that the cure was complete and permanent, as it is now three years since I used them.
"I have recommended the pills to several of my relatives. My mother-in-law, who is 72 years old, took them for general debility and they soon produced a very marked improvement in her condition. I wish that the thousands of women who are afflicted as I have been may know of this remedy, which has saved my life and given me health and strength."
Subscribed and sworn to before me this 2nd day of August, 1900.

PUNISHMENT OF THE PAINTINGS

They Violated Editor Storey's Cast-Iron Rule, and Were Hanged. "When we came to Chicago to live, just after the fire," said a woman who formerly lived in New York, "we furnished the house with all that was necessary to make it attractive." One winter my husband bought a number of paintings, and after they had been placed properly we invited a clever young woman to come in and see the collection. I don't mind telling you that she wrote for Mr. Storey's newspaper, the Times. She understood art. She had been reared in Boston and she had studied abroad.

The wickedness of mules is a standing joke, and you are always hearing their abuses. Ever see a team of mules run away? Almost every day you see a family horse running away, usually with screaming women and children in the buggy, but did you ever see a mule run away? Did you ever personally know a mule to kick any one? The fact is, the mule works hard on light feed and gets nothing but abuse.—Acheson Globe.

IN BED FOR YEARS DECLARED A HOPELESS INVALID BY LEARNED PHYSICIANS. Restored to Perfect Health and Strength by Dr. Williams' Pink Pills for Pale People—A Most Wonderful Cure. From the Press, Grand Rapids, Mich.

Of the many remarkable cases which have attracted the attention of the medical world and of the public at large, none more strikingly illustrates the wonderful power of Dr. Williams' Pink Pills for Pale People than the recovery of Mrs. Jennie Tuttle, who, after two years' confinement to her bed, was restored to perfect health and strength. Mrs. Tuttle, who lives at the corner of Fulton and Market Streets, Grand Rapids, Mich., tells the following story:
"I had been flat on my back in bed for two years and the doctors had given me up as a hopeless case. They had resorted to every remedy known to their profession and had even subjected me to the tortures of five surgical operations. My trouble was due to change of life and I grew weaker and weaker until I became helpless and unable to leave my bed. My nurse and four physicians attended me.
"One box of Dr. Williams' Pink Pills for Pale People gave me great relief and after using them for three months I was a well woman, having been able to leave my bed the sixth week after giving me up as a hopeless case. I can state that the cure was complete and permanent, as it is now three years since I used them.
"I have recommended the pills to several of my relatives. My mother-in-law, who is 72 years old, took them for general debility and they soon produced a very marked improvement in her condition. I wish that the thousands of women who are afflicted as I have been may know of this remedy, which has saved my life and given me health and strength."
Subscribed and sworn to before me this 2nd day of August, 1900.
B. F. BARENDSEN.
Notary Public.
