Find Out, Cherokee, Hy Dy, Lovedal and Boston Boy Were First Past the Post Yesterday.

Bright and clear weather, inclined to be chilly, prevailed yesierday, and the track slowly drying out was much heavier and slower than on Thursday, a fact which will account for the very slow times which were made. for the very slow times which were made.

The talent held their own fairly well with the

bookmakers, two very hot favorites and a well Covington is now riding in something like his old form and displaying more energy, which seemed to be entirely lacking in him when pitted against the lads of his own class, who

have now left us.

He perhaps could not well have lost on Find Out, though in other hands El Tirano might have troubled him more, but he rode an excellently judged race on Hy Dy, in the mile race, and won cleverly by a neck after lying third for most of the journey.

The handicap fell to the best horse in the race, who won in a gallop by three lengths from Rominus, whose jockey almost deserves to be set down for sheer stupidity in pulling his horse short up to a standstill at the start. Cherokee was the only fairly long shot that won yesterday, and that was in the second race at which is stated at 2 to 1, after se ing tens. A capital programme is provided to-day, including the Racine stakes, three-quarters of a mile, for two-year-oids, a handicap of a mile and a sixt enth and a hurdle race.

The following are the summaries:

Intendent Lyman's report is anxiously food outyers were in the market and the price of the stock was advanced to \$5.75. It is pretty generally believed that the ore holds as depth is attained, and the public seem willing to tak their chances on that score. During the day there was a strong demand for most of the leading stocks.

The delinquent assessment sales of the Andes and Con. Cal. & Va. Mining companies take place to-day, including the Racine stakes, three-quarters of a mile and a sixt enth and a burdle race.

THE HORTICULTURISTS.

Good Crops and Good Prices Expected All Over the State.

A small but not unprofitable meeting of the State Horticultural Society was held yesterday afternoon. As the principals of the stated discussion, "The Thinning of Fruit," were not present, the greater part of the time was spent in general discussion and reports of crop prospects.

In Yuba and Sutter counties the outlook for all fruits, except prunes and plums, is good. Apricots were all little frosted and also the earlier peaches, but the damage is not serious. In San Lorenzo apricots will be few, but the cherries have done well, In Saaramenta the plums.

Definite arrangements could not be made un-til after the next meeting of Scottish residents Covington Riding in His next Tuesday evening, but two proposals were made by the fair management. One was that a twenty-five cent admission would be granted to the members of the various Scotch societies and their families, and the other was an offer of an indefinite number of tickets at twenty-five of an indefinite number of tickets at twenty-five cents each, to be sold by the Scoich societies at such profit as they could secure, but that they should sell no tickets after 4 o'clock in the afternoon on the day of c-lebration. The last proposition will probably be accepted, as nearly all the members of the committee favor it. It is their opinion that they can dispose of from 3000 to 4000 tickets among the Scottsh societies and their friends. The profits will be devoted to "paying the pipers," why will be about twenty in number, and to dancers of the sword dance and the highland flim, besides other incidental expenses.
