

NEBRASKA IN BRIEF

NEWS NOTES OF INTEREST FROM VARIOUS SECTIONS.

ALL SUBJECTS TOUCHED UPON

Religious, Social, Agricultural, Political and Other Matters Given Due Consideration.

The county commissioners of Sarpy county have resolved to have all its county buildings painted.

Dedication of the new Birdwood church located in the country ten miles north of Sunderland, occurred Sunday. The occasion was elaborately observed by the people of the neighborhood, who assembled and spent a part of the day picnicking at the Saxton grove nearby.

The preliminary hearing of James C. Bowen, the man who shot William Siebert, the Gretna saloonkeeper, August 16, was held before County Judge Begley and the defendant bound over to the district court in the sum of \$1,000. Sheriff McEvoy took the prisoner to Omaha and lodged him in the Douglas county jail.

The present prospects for a bumper corn crop in this part of the country, says a Douglas county dispatch, has caused the farmers who are holding their last year's crop to make a delivery, and the elevators are working from early morning until late at night taking care of the many hundred bushels that are being dumped.

Edward Coleman, an employee of the Chesapeake restaurant, Omaha, was stabbed by Will Ingram, a colored fellow worker, and died at the Omaha General hospital. The men had quarreled, it is said, over a joke and Ingram cut his friend and escaped. He is a resident of Council Bluffs and an effort is being made to find him.

S. D. Bishop, aged about 45, a well known resident of Broken Bow, committed suicide by hanging. Financial difficulties are supposed to be the cause. The body was discovered by the oldest son, who, going to the stable at 6:30 o'clock, found his father hanging by a harness line from one of the rafters. The man had been dead anywhere from two to four hours.

Alvin T. Swisher and wife of Lincoln have brought a damage suit in the district court of Seward county against the Shogo Lithia Springs company of Milford, of which General J. H. Culver and son Harry are the proprietors, for the sum of \$5,270. The damages are asked because a son of the Swisher's was run over by one of Culver's delivery wagons at Lincoln.

Mrs. Fred Becker, sr., of Grand Island, Neb., who was badly burned in a gasoline accident about ten days ago, succumbed to her injuries, gangrene having set in, in the lower extremities. Mrs. Becker's daughter accidentally poured some gasoline, which was in a pitcher, in a tea kettle of hot water, which was at the time on the hot stove. An explosion soon resulted.

John Becker, a young man of 18, whose home was near Nebraska City, was found hanging to a tree three miles east of Murray. Suspended there by a rein, he had been dead some hours when discovered. Becker had been in the employ of Charles Creamer, a local farmer. In the morning he went to his usual work in the field, but did not return for dinner. His team was found about 2 o'clock in a field.

A young son of John Tonjes, of Grant township, Cumming county, was killed at his home. The young man was leading a team hitched to a load of cobs when the horses became frightened at children climbing on the wagon and ran away. The end of the tongue hit him in the breast knocking him down the wagon colliding with a feed box, overturning it. In its fall the heavy box struck the young man on the head killing him instantly.

Elmer Philpot, his wife and their three little children of Nehawka started for Union to attend the Old Settlers' reunion and as a train was on the crossing he attempted to dive between it and the depot building when the freight train commenced to move, which frightened the team of broncos so that they ran away. The occupants were thrown out, the buggy smashed into kindling wood and Mr. Philpot seriously if not fatally injured.

Jay Gallogly, a physician's attendant at the Bailey sanitarium, Lincoln, was killed by an insane patient, Irene Nickel, who poured a bottle of carbolic acid in his face while he slept. The girl, who was handcuffed, arose from her bed, left her room, went to the far end of the hall, passing several sleeping nurses, and secured the bottle of poison. She then returned to the room, where her victim and J. C. Moore slept, and emptied the contents of the bottle in Gallogly's face. The man leaped from his bed and fell dead in a chair, exclaiming only the words, "Carbolic acid."

A valuation of the Sheldon estate near Nehawka as stated by the appraiser of Cass county, is \$22,413.55. The larger part of this is represented by Cass county farm land bought in the early days at a low price.

Glanders has broken out among the horses of the northern part of Saunders county. William Hays has started suit against William Rasmussen and Henning Nelson for \$1,500 alleging that the latter sold him two horses suffering from glanders while representing the animals to be in sound condition.

DOES YOUR BACK ACHE?

Profit by the Experience of One Who Has Found Relief.

James R. Keeler, retired farmer, of Fenner St., Cazenovia, N. Y., says: "About fifteen years ago I suffered with my back and kidneys. I doctored and used many remedies without getting relief. Beginning with Doan's Kidney Pills, I found relief from the first box, and two boxes restored me to good, sound condition. My wife and many of my friends have used Doan's Kidney Pills with good results and I can earnestly recommend them."

Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

APPEAL THAT WAS HEEDED.

Judge Must Also Have Been Follower of the Gentle Art.

John Quincy Adams, of Massachusetts, third of that name, who died about ten years ago, was very fond of fishing, and not especially fond of his legal profession.

One day, the story runs, a case in which he was counsel was down for trial in a Massachusetts court. Mr. Adams did not make his appearance, but sent a letter to the judge. That worthy gentleman read it, and then postponed the case with the announcement:

"Mr. Adams is detained on important business."

It was afterward learned by a colleague of Adams that the letter read as follows:

"Dear Judge: For the sake of old Isaac Walton, please continue my case till Friday. The smelts are biting, and I can't leave."

Laundry work at home would be much more satisfactory if the right Starch were used. In order to get the desired stiffness, it is usually necessary to use so much starch that the beauty and fineness of the fabric is hidden behind a paste of varying thickness, which not only destroys the appearance, but also affects the wearing quality of the goods. This trouble can be entirely overcome by using Defiance Starch, as it can be applied much more thinly because of its greater strength than other makes.

Time to Fly.

The trust magnate leaped up from the banquet table and made a dive for his 100-mile-an-hour automobile.

"Hold on!" cried the astonished toastmaster. "Won't you wait for us to serve the dessert?"

"No," replied the nervous magnate; "I just saw a suspicious face loom up at the window. The next thing served will be a process."

And telling his chauffeur to put on full speed the wealthy fugitive headed for the next state.

Great Discovery Announced.

Sir William Crookes, as a result of his own researches and the experiments of Professors Krowalski and Mosicki, of Freiburg university, has discovered a process of extracting nitric acid from the atmosphere. The process is available for commercial, industrial and agricultural purposes, and is expected to revolutionize the nitrate industry and the world's food problem.

"The Carthaginian mercenaries," he said, "encased their prisoners in a cement that, as it hardened, contracted. You can't imagine how uncomfortable this was."

"Oh, yes, I can," she answered. "I once had on a tight bathing suit when it began to shrink."

A Theory.

"Why do men swear?" asked one woman.

"It's due to the vanity of the sex," answered Miss Cayenne. "They want to be noticed even when they can't think of anything of real importance to say."

FEET OUT.

She Had Curious Habits.

When a person has to keep the feet out from under cover during the coldest nights in winter because of the heat and prickly sensation, it is time that coffee, which causes the trouble, be left off.

There is no end to the nervous conditions that coffee will produce. It shows in one way in one person and in another way in another. In this case the lady lived in S. Dak. She says:

"I have had to lie awake half the night with my feet and limbs out of the bed on the coldest nights, and felt afraid to sleep for fear of catching cold. I had been troubled for years with twitching and jerking of the lower limbs, and for most of the time I have been unable to go to church or to lectures because of that awful feeling that I must keep on the move."

"When it was brought to my attention that coffee caused so many nervous diseases, I concluded to drop coffee and take Postum Food Coffee to see if my trouble was caused by coffee drinking."

"I only drank one cup of coffee for breakfast but that was enough to do the business for me. When I quit it my troubles disappeared in an almost miraculous way. Now I have no more of the jerking and twitching and can sleep with any amount of bedding over me and sleep all night, in sound, peaceful rest."

"Postum Food Coffee is absolutely worth its weight in gold to me." "There's a Reason." Read the little health classic, "The Road to Wellville," in pkgs.

GIFT NOT ALL A GIFT.

Generosity That Was Purely the Result of Accident.

A missionary bishop told this story about F. Marion Crawford, the famous novelist:

"Mr. Crawford went to school," he said, "in Concord, and one day he was taken to call at a Concord clergyman's."

"The clergyman had a missionary box on his drawing room table, and, time hanging heavily on the boy's hands, he amused himself with trying whether a silver dollar—it was all the money he had in the world, and he had converted it into that gigantic coin for safety—would go into the slit in the box's top."

"It was a close fit, but unfortunately it did go, and the coin slipped out of the missionary box's fingers. There was a terrible crash of silver falling among the coppers—and then the boy, as the novelists say, 'knew no more.'"

"When he came to himself he found the clergyman and his family in raptures over his generosity."

CHILDREN TORTURED.

Girl Had Running Sores from Eczema—Boy Tortured by Poison Oak—Both Cured by Cuticura.

"Last year, after having my little girl treated by a very prominent physician for an obstinate case of eczema, I resorted to the Cuticura Remedies, and was so well pleased with the almost instantaneous relief afforded that we discarded the physician's prescription and relied entirely on the Cuticura Soap, Cuticura Ointment, and Cuticura Pills. When we commenced with the Cuticura Remedies her feet and limbs were covered with running sores. In about six weeks we had her completely well, and there has been no recurrence of the trouble."

"In July of this year a little boy in our family poisoned his hands and arms with poison oak, and in twenty-four hours his hands and arms were a mass of torturing sores. We used only the Cuticura Remedies, and in about three weeks his hands and arms healed up. Mrs. Lizzie Vincent Thomas, Fairmont, Walden's Ridge Tenn., Oct. 13, 1905."

The Appropriate Location.

Caustic Critic—Why did you put that joker at the very end of the numbers in your entertainment program? Member of Committee—Wasn't that all right? I thought a wag ought naturally to come at the tail end.

Ladies Can Wear Shoes

One size smaller after using Allen's Foot-Paste. A certain cure for swollen, sweating, hot, aching feet. At all drug stores, 25c. Accept no substitute. Trial package FREE. Address A. S. Olmsted, Le Roy, N. Y.

Riches Cause Trouble.

Great riches are ever accompanied by great anxieties, and an increase of our possessions is but an inlet to new disquietudes.—Goldsmith.

Does Your Head Ache?

If so, get a box of Krause's Headache Capsules of your Druggist, 25c. Norman Lichty Mfg. Co., Des Moines, Ia.

It is not those who read simply, but those who think, who become enlightened.—Secker.

Lewis' Single Binder straight 5c. Many smokers prefer them to the cigars. Your dealer or Lewis' Factory, Peoria, Ill.

Nothing is more tedious than the pursuit of pleasure as an occupation.

MOTHERHOOD

The first requisite of a good mother is good health, and the experience of maternity should not be approached without careful physical preparation, as a woman who is in good physical condition transmits to her children the blessings of a good constitution.

Preparation for healthy maternity is accomplished by Lydia E. Pinkham's Vegetable Compound, which is made from native roots and herbs, more successfully than by any other medicine because it gives tone and strength to the entire feminine organism, curing displacements, ulceration and inflammation, and the result is less suffering and more children healthy at birth. For more than thirty years

Lydia E. Pinkham's Vegetable Compound

has been the standby of American mothers in preparing for childbirth. Note what Mrs. James Chester, of 427 W. 35th St., New York says in this letter:—Dear Mrs. Pinkham: "I wish every expectant mother knew about Lydia E. Pinkham's Vegetable Compound. A neighbor who had learned of its great value at this trying period of a woman's life urged me to try it and I did so, and I cannot say enough in regard to the good it did me. I recovered quickly and am in the best of health now."

Lydia E. Pinkham's Vegetable Compound is certainly a successful remedy for the peculiar weaknesses and ailments of women. It has cured almost every form of Female Complaints, Dragging Sensations, Weak Back, Falling and Displacements, Inflammation, Ulcerations and Organic Diseases of Women and is invaluable in preparing for Childbirth and during the Change of Life.

Mrs. Pinkham's Standing Invitation to Women Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass. Her advice is free.

Physicians Recommend Castoria

CASTORIA has met with pronounced favor on the part of physicians, pharmaceutical societies and medical authorities. It is used by physicians with results most gratifying. The extended use of Castoria is unquestionably the result of three facts: First—The indisputable evidence that it is harmless: Second—That it not only allays stomach pains and quiets the nerves, but assimilates the food: Third—It is an agreeable and perfect substitute for Castor Oil. It is absolutely safe. It does not contain any Opium, Morphine, or other narcotic and does not stupefy. It is unlike Soothing Syrups, Bateman's Drops, Godfrey's Cordial, etc. This is a good deal for a Medical Journal to say. Our duty, however, is to expose danger and record the means of advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge, Castoria is a remedy which produces composure and health, by regulating the system—not by stupefying it—and our readers are entitled to the information.—Hall's Journal of Health.

Letters from Prominent Physicians addressed to Chas. H. Fletcher.

Dr. B. Halstead Scott, of Chicago, Ill., says: "I have prescribed your Castoria often for infants during my practice, and find it very satisfactory."

Dr. William Belmont, of Cleveland, Ohio, says: "Your Castoria stands first in its class. In my thirty years of practice I can say I never have found anything that so filled the place."

Dr. J. H. Taft, of Brooklyn, N. Y., says: "I have used your Castoria and found it an excellent remedy in my household and private practice for many years. The formula is excellent."

Dr. R. J. Hamlen, of Detroit, Mich., says: "I prescribe your Castoria extensively, as I have never found anything to equal it for children's troubles. I am aware that there are imitations in the field, but I always see that my patients get Fletcher's."

Dr. Wm. J. McCann, of Omaha, Neb., says: "As the father of thirteen children I certainly know something about your great medicine, and aside from my own family experience I have in my years of practice found Castoria a popular and efficient remedy in almost every home."

Dr. J. R. Clausen, of Philadelphia, Pa., says: "The name that your Castoria has made for itself in the tens of thousands of homes blessed by the presence of children, scarcely needs to be supplemented by the endorsement of the medical profession, but I, for one, most heartily endorse it and believe it an excellent remedy."

Dr. R. M. Ward, of Kansas City, Mo., says: "Physicians generally do not prescribe proprietary preparations, but in the case of Castoria my experience, like that of many other physicians, has taught me to make an exception. I prescribe your Castoria in my practice because I have found it to be a thoroughly reliable remedy for children's complaints. Any physician who has raised a family, as I have, will join me in heartiest recommendation of Castoria."

GENUINE CASTORIA ALWAYS

Bears the Signature of

An Ideal Tonic

Weak women need "tone" to throw off disease and build up their strength. No matter what female trouble you suffer from, if you lack tone you will find it hard to recover. Cardui is a tonic, which acts principally on the womanly organs and constitution. Purely vegetable, harmless, yet powerful in curative properties,

Wine of Cardui

is an ideal tonic for weak women. Mrs. Blanche E. Stephanou, of 1228 S. 42nd Ave., Chicago, Ill., writes: "I suffered with a constant headache, pain in my side, and other troubles. At last I took Cardui and now feel like a different person."
