LOSS OF APPETITE

Cold Sweats, Twitching Nerves and Weakness Cured by Dr. Williams' Pink Pills.

Nature punishes every infraction of her laws, and careless habits easily lead to the condition described by Mr. William Browne, of No. 1019 Lincoln street, St. Joseph, Mo. Mr. Browne is an expert tinner in the employ of the National Biscuit Co. He gives the following account of a trying experience:

"In the spring of 1902," he says, "while I was regularly working at my trade, I grew somewhat careless in my habits of eating and drinking, and finally found that my appetite was fickle, a bad taste lingered in my mouth, my nerves twitched and were beyond my control, my kidneys were out of order and cold sweats would break out over my body at odd times. Perhaps, while I stood talking with some one, this trembling of the limbs, and profuse sweating, and a severe chill would seize me. I became alarmed at my condition and, having read an endorsement of Dr. Williams' Pink Pills, I got a box and began to use them. They helped me at once. After I had used one box the twitching of the nerves, the trouble with the stomach and the cold sweats stopped and have not reappeared, and my appetite is good. I have told all my friends that Dr. Williams' Pink Pills cured me and I recommend them to everybody."

Dr. Williams' Pink Pills cured Mr. Browne because nothing can strengthen the nerves except good rich red blood—and Dr. Williams' Pink Pills actually make new blood. They don't act on the bowels. They don't bother with mere symptoms. They drive from the blood the cause of anæmia, indigestion, nervous disorders, general weakness and the troubles of growing girls and women.

The pills are guaranteed to be free from opiates or harmful drugs. Sold by all druggists, or by the Dr. Williams Medicine Company, Schenectady, N. Y.

Interesting to Students.

The schools and colleges are now open for the fall term, and there will be many self-reliant young men and women who will be looking for a good way to earn their expenses. The Four-Track News, the great illustrated monthly magazine of travel and education, appeals to intelligent readers, and students will find it easy to secure subscriptions for it. The terms to persons soliciting subscriptions are extremely liberal, and offer a very generous margin of profit. It will pay any one interested to write to the publisher, George H. Daniels, 7 East 42d street, New York, for full particulars.

Medicines Have Stood Test of Time.

"The leading proprietary medicines that have stood the test of time are of known therapeutic value," says a medical authority. "They are prepared in laboratories of the highest grade, under the care of skilled pharmacists, and they are made from approved formulas which, in many instances, have been the especial pride and specific of some successful physician. They have been tried in the crucible of public opinion and they have been found satisfactory by the people, for otherwise the people would discontinue using them."

Seven Thousand Rescued Boys.

The plan followed by the state of Ohio in remaking naughty boys has had excellent results, according to Eugene Wood's article, "A School for Boys," in the October number of Everybody's Magazine.

"Statistics show," says Mr. Wood, "that out of the 11,000 boys who have been in this school since it was started, between sixty-five and seventy per cent. have made useful, honorable men out of themselves. How many of them would have done so anyhow it is impossible to tell; but the chances are that they would all have gone irrevocably to the bad, else they wouldn't have been committed. They aren't sent to Lancaster for making faces at the teacher.

"Of these 7,000 or so rescued boys some have done extremely well. One man I know of is now a millionaire of very great importance in the world. He is proud of the fact that he was a boy there. He takes his friends to the place to show it off to them and tell what it did for him. 'The turning-point in my life,' he says. There are others in very high positions in the state of Ohio and other states, men of affairs, trusted men, that say the same thing."

Cured Her Rheumatism.

Deep Valley, Pa., Oct. 2d.—(Special.)—There is deep interest in Green county over the cure of the little daughter of I. N. Whipkey of Rheumatism. She was a great sufferer for five or six years and nothing seemed to do her any good till she tried Dodd's Kidney Pills. She began to improve almost at once and now she is cured and can run and play as other children do. Mr. Whipkey says:

"I am indeed thankful for what Dodd's Kidney Pills have done for my daughter; they saved her from being a cripple perhaps for life."

Dodd's Kidney Pills have proved that Rheumatism is one of the results of diseased Kidneys. Rheumatism is caused by Uric Acid in the blood. If the Kidneys are right there can be no Uric Acid in the blood and consequently no Rheumatism. Dodd's Kidney Pills make the Kidneys right.

BIG INSURANCE LOBBY.

Companies Combined to Influence Legislation.

New York.—When the legislative committee on insurance investigation adjourned yesterday until next Wednesday, it concluded a week in which greater progress had been made than in any week since the investigation was begun. The testimony of witnesses called during the week has been replete with sensations and that taken yesterday was no exception to the rule.

It was during the afternoon session when Alfred W. Maine, an associate auditor of the Equitable Life Assurance Society, was called to the stand, that it was disclosed that the Equitable Life, the Mutual Life and the New York Life companies had formed a pool to look after legislation before the various state legislatures.

Andrew H. Hamilton, to whom President McCall of the New York Life paid several checks, the purpose of which the counsel for the committee, Mr. Hughes, has not yet brought to light, was one of the chief members of the legal staff of these companies and was employed and received money for services from the Equitable.

Mr. Maine told of the division of the country to be looked after by Mr. Hamilton in conjunction with E. L. Short and E. M. Thummell.

Witness presented vouchers for moneys paid by his company to Mr. Hamilton, and these showed that in eight years, from 1895 to 1903, $65,596 was paid to Mr. Hamilton for legal services.

Mr. Maine could not give any details of the duties performed by Mr. Hamilton nor of the committees he appeared before, beyond the fact that Mr. Hamilton looked after legislative matters for all three companies in the states west of Ohio.

Witness told of an agreement whereby special counsel was employed by one company in its territory and the expense was shared by all. He was asked if campaign contributions came under his observation, and he replied that they did not. He never heard of money being paid to influence legislators.

MASSACRE OF CHRISTIANS.

Wantonly Slaughtered by Turkish Troops in Macedonia.

London.—W. A. Moore, secretary of the Balkan committee, who has returned from a two months' tour of Macedonia, said to-day:

"The wanton slaughter of Christians in Macedonia continues under the eyes of Europe's representatives. Crossing the Bulgarian border, the first news to greet me was an unpardonable massacre in the little village of Konopnitz, which occurred three days before my arrival. On visiting the village I found the bodies of a man, two women, a girl and the children still unburied and laid out in the Christian church. The woman had been shot, but I saw one child whose head had been crushed, probably with the butt of a gun.

"The wounded had been taken to Egri palanka, an hour's ride distant, and where resides the Austrian officer in charge of the district.

"The story of the affair is a repetition of the oft-told tale. An insurgent band visited the village and demanded food on departing. The Turkish authorities on learning of the visit, dispatched a body of troops which, discovering no insurgents in the place, dealt out their revenge on the Christians."

Northern Pacific Extension.

Tacoma, Washington.—Third Vice President Levy of the Northern Pacific says the work of constructing the new road along the Columbia river from Kennewick to Vancouver, Washington, has already been started in a small way, and that the contract for grading has been awarded to a St. Paul firm.

At Cape Horn there will be required a tunnel 2,000 feet long, and much of the grading will involve heavy rock work.

To complete the extension two large bridges will have to be built. One will probably be built across the Columbia at Vancouver and another, to enter Portland, across the Willamette. The road will be completed in about fifteen months.

Reclamation Fund.

Washington, D. C.—According to an official estimate made by the General Land Office, the reclamation fund June 30th last was approximately $28,000,000. Estimates of amounts contributed by various states during the past fiscal year show declines as compared to 1904 except in two cases. This decline is attributed to the falling off in timber business.

Colorado, which a year ago contributed $472,379, this year contributed only $270,060. Wyoming a year ago contributed $325,283 and this year only $243,962. Idaho gave $493,697 in 1904 and this year $370,282; but Utah shows an increase from $48,716 in 1904 to $50,716, and is the only state save Nebraska which increased its contribution based on public land sales.

President's Carriage Broken.

Oyster Bay.—While the President and his family were being driven here from Sagamore Hill Saturday, what might have proved to be a serious accident occurred to the road wagon in which they were riding. The rear axle broke and the back part of the wagon settled down. Fortunately the axle did not break short off, but splintered, and the body of the wagon did not fall to the ground. The coachman stopped the horses immediately. He then went to a residence near by and borrowed a carriage in which the President and his family were driven to their station. The President made light of the accident, insisting that he and his family were at no time in any danger whatever.

Homeless by Earthquake.

New York.—Already three weeks have lapsed since the earthquakes around Calabria, but the amount of damage done has not yet been fully ascertained, says a Herald dispatch from Naples. It, however, is not known that more than 450,000 people are homeless.

Former Coloradan Indicted.

St. Louis.—The grand jury to-day indicted Frank Willis Card, formerly of Como, Colorado, on the charge of murder in the first degree. It is alleged that July 25th Card, who is one-legged and married, thrice shot and instantly killed Mrs. Beulah Craft, aged twenty, wife of Charles T. Craft. Card and Mrs. Craft, it is alleged, had been unduly intimate.

After killing Mrs. Craft, it is alleged, Card fired several shots into himself. Card is understood to have received

WORKING WOMEN

Their Hard Struggle Made Easier—Interesting Statements by a Young Lady in Boston and One in Nashville, Tenn.

All women work; some in their homes, some in church, and some in the whirl of society. And in stores, mills and shops tens of thousands are on the never-ceasing treadmill, earning their daily bread.

All are subject to the same physical laws; all suffer alike from the same physical disturbance, and the nature of their duties, in many cases, quickly drifts them into the horrors of all kinds of female complaints, ovarian troubles, ulceration, falling and displacements of the womb, leucorrhœa, or perhaps irregularity or suppression of "monthly periods," causing backache, nervousness, irritability and lassitude.

Women who stand on their feet all day are more susceptible to these troubles than others.

They especially require an invigorating, sustaining medicine which will strengthen the female organism and enable them to bear easily the fatigues of the day, to sleep well at night, and to rise refreshed and cheerful.

How distressing to see a woman struggling to earn a livelihood or perform her household duties when her back and head are aching, she is so tired she can hardly drag about or stand up, and every movement causes pain, the origin of which is due to some derangement of the female organism.

Miss F. Orser of 14 Warrenton Street, Boston, tells women how to avoid such suffering; she writes:

Dear Mrs. Pinkham:—

"I suffered misery for several years with irregular menstruation. My back ached; I had bearing down pains, and frequent headaches; I could not sleep and could hardly drag around. I consulted two physicians without relief, and as a last resort, I tried Lydia E. Pinkham's Vegetable Compound, and to my surprise, every ache and pain left me. I gained ten pounds and am in perfect health."

Miss Pearl Ackers of 327 North Summer Street, Nashville, Tenn., writes:

Dear Mrs. Pinkham:—

"I suffered with painful periods, severe backache, bearing-down pains, pains across the abdomen; was very nervous and irritable, and my trouble grew worse every month.

"My physician failed to help me and I decided to try Lydia E. Pinkham's Vegetable Compound. I soon found it was doing me good. All my pains and aches disappeared, and I no longer fear my monthly periods."

Lydia E. Pinkham's Vegetable Compound is the unfailing cure for all these troubles. It strengthens the proper muscles, and displacement with all its horrors will no more crush you.

Backache, dizziness, fainting, bearing down pains, disordered stomach, moodiness, dislike of friends and society—all symptoms of the one cause—will be quickly dispelled, and it will make you strong and well.

You can tell the story of your sufferings to a woman, and receive helpful advice free of cost. Address Mrs. Pinkham, Lynn, Mass.

Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.
