## Keep Your Blood Pure

Nature Will Do the Rest

Nature gives her warnings in various unmistakable ways, so that when the appetite fails, and you become weak and listless and a general run-down condition seems to take possession of the whole body, it is an unfailing sign that impurities will steadily accumulate until your general health will be seriously affected. You should recognize the importance, therefore, of very promptly cleansing out the system, and keeping the blood supply pure and robust.

The Elsinore Cattle Company, one of the largest in Texas, has opened an office in Las Vegas, N. Mex. The company's main office is in San Antonio, but, owing to the large amount of business in New Mexico, it was considered best to maintain an office in the state.

Bringing added assurance that the attendance at the 1920 Arizona State Fair, November 2 to 13, will far surpass that of any previous year, railroad officials announced that a rate of one fare and a half for the round trip from any Arizona point to Phoenix would be in effect at fair time.

For the first time in the history of the institution, the New Mexico College of Agriculture and Mechanic Arts will send stock judging teams to the Royal Stock Show at Kansas City and the International Stock Show in Chicago. These shows are to be held the first and second weeks in November.

The Western Ice & Bottling Company of Albuquerque has let the contract to Gay & Son, contractors of Los Angeles, for a \$100,000 addition to its plant. The addition will more than double the capacity of the plant and will greatly increase the cold storage facilities. Work on the eleven-mile gap in the Colorado-to-Gulf Highway has been started under the management of Mr. McGuire, superintendent of the construction work for the state highway department. This part of this road has been in bad condition for the past two years and the improvement will mean much to the citizens of that section of New Mexico, as it will provide a good road all the way to Clayton from Des Moines.

Ward Shepard, forest supervisor, has announced that the gross receipts from grazing, timber sales and other resources of the Manzano National Forest in New Mexico for the past year will total more than \$25,000, of which \$9,000 will be turned over to the state and counties in which the forest is located. ## LIFE WAS A MISERY TO HER

Says this Woman Until Relieved by Lydia E. Pinkham's Vegetable Compound.

Carrollton, Ky.—"I suffered almost two years with female weakness. I could not walk any distance, ride or take any exercise at all without resting. If I swept the floor or did any kind of work it would bring my sickness on. I was weak and languid, had no energy, and life was a misery to me. I was under the care of a good physician for several months and tried other remedies. I had read of Lydia E. Pinkham's Vegetable Compound and decided to try it. After taking twelve bottles I found myself much improved and I took six more. I have never had any more trouble in that respect since. I have done all kinds of work and at present am an attendant at a State Hospital and am feeling fine. I have recommended your Vegetable Compound to dozens of my friends and shall always recommend it."—LILLIAN THARP, 824 S. 6th St., Carrollton, Ky.

If you have any symptom about which you would like to know write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free of charge.

Over fifty years ago a young physician practiced widely in a rural district and became famous for his uniform success in the curing of disease. This was Dr. Pierce, who afterwards established himself in Buffalo, N. Y., and placed one of his prescriptions, which he called "Golden Medical Discovery," in the drug stores of the United States so that the public could easily obtain this very remarkable tonic, corrective and blood-maker. Dr. Pierce manufactured this "Discovery" from roots and barks—a corrective remedy, the ingredients of which nature had put in the fields and forests, for keeping us healthy. Few folks or families now living have not at sometime or other used this "Golden Medical Discovery" for the stomach, liver and heart. Over twenty-four million bottles of this tonic and blood remedy have been sold in this country.
