## Good Health to the Children

Children especially are fond of dainties, and the housekeeper must look carefully to their food.
As good cake can be made only with good eggs, so also a cake that is healthful as well as dainty must be raised wैith a pure and perfect baking powder.
Royal Bakng Powder is indispensable in the preparation of the highest quality of food. It imparts that peculiar lightness, sweetness and flavor noticed in the finest cake, biscuit, doughnuts, crusts, etc., and what is more important, renders the food wholesome and agreeable to young and old.
