

NEGROES USE KNIVES AT SILVER SPRINGS

TWO GAINESVILLE NEGROES
ENGAGE IN A FIGHT

Was Arrested by the Marion County
Authorities and Will Be Given
a Hearing at Ocala.

Two Gainesville negroes became engaged in a difficulty at Silver Springs Tuesday and as a result both of them are now in the jail at Ocala waiting to stand their preliminary hearing.

James Mulberry and Hardy Hughes became engaged in a row which resulted in knife-fights and Hughes received much the worse of the encounter. His throat was cut from side to side, but fortunately for him the blade was not long enough to reach the windpipe.

As soon as Hughes has sufficiently recovered the prisoners will be given a preliminary hearing before the county judge at Ocala, and it is expected that some of the friends of the darkeys from this city will go down to attend the hearing.

No other rows were reported on the entire trip or at the springs.

Notice.

Notice is hereby given that under and by virtue of a final decree of foreclosure rendered by the Judge of the Circuit Court of the Eighth Judicial Circuit of Florida, on April 9th, 1909, wherein Jones, Maynard & Jones are complainants and J. S. Cameron, defendant, the undersigned Special Master therein named will offer for sale at public outcry, to the highest and best bidder therefor for cash before the court house door at Gainesville, Florida, between the legal hours of sale on Monday, June 7th, 1909, the following described personal property, to-wit:

Five head cows maraca under slope and upper slope in both ears, and 18 head of hogs.

Same to be sold as the property of J. S. Cameron, defendant, to satisfy said decree and costs.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because it is deep-seated. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure, apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidneys poison the blood will attack the vital organs, causing catarrh of the bladder, brick-dust or sediment in the urine, head ache, back ache, lame back, dizziness, sleeplessness, nervousness, or the kidneys themselves break down and waste away cell by cell.

Kidney troubles almost always result from a derangement of the kidneys and better health in that organ is obtained quickest by a proper treatment of the kidneys. Swamp-Root corrects inability to hold urine and seething pain in passing it, and encourages that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root, the great kidney remedy is soon realized. It stands the highest because of its remarkable health restoring properties. A trial will convince anyone.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

Called the Deal Off.

A lad attending school craved a little holiday one morning when he started out to wrestle once again with the trials incident to getting an education. As he entered the schoolroom he hatched a plot to get the coveted holiday. He went up to the teacher's desk and told his story. "My mother wants to know if you won't excuse me for today?" he began. "She wants me to do some work at home and thought if I'd study at home this evening and make up what I'd missed maybe you'd let me off."

Something about the lad's manner kept the words from carrying conviction. The teacher bluffed back as follows: "Tommy," said she, "you won't need to go home at all. Since you started to school your mother called me on the phone to tell me that she had changed her mind and for you to stay here."

The lad looked at her, startled. "Aw, well," he said, "as long as both of us are here about it let's just call it quits. I'll stay here."—Cleveland Plain Dealer.

A Wealthy Soldier's Idea.

Australians still tell stories of the colonial volunteers, although the war is a far memory. One, a member of the Stock Exchange, was left one week and miserable night to guard a wagon load of goods. He shivered in the unsheltered place for some hours pondering many things, and then a bright thought struck him just as the colonel came around on his tour of inspection.

"Colonel," he asked, "how much is this wagon worth?"

"I don't know," was the answer. "Much or little, we can't afford to lose it."

"Well, but, colonel," persisted the amateur soldier, "you might give me a rough idea of the value."

"About £200," said the colonel testily. "Very well," was the answer; "I will come down to the camp and give you a check for the amount. Then I'll turn in. I wouldn't catch my death of cold for twice that much."

What the colonel said is not recorded.—Melbourne Times.

Fourteenth Century Doctors.

Synges "Social Life in England" quotes a number of fourteenth century hints to success for physicians:

Suppose you know nothing, say there is an obstruction of the liver. Perhaps the patient will say, "Nay, master, it is my head or legs that trouble me." Repeat that it comes from the liver, and especially use the word "obstruction," for patients do not understand it, which is important.

Never dine with a patient who has not paid you. It will be cheaper to get your dinner at an inn, for such feasts are usually deducted from the surgeon's fee.

When you are treating a wound or accident, the friends of the patient should be excluded, for they may faint and cause a disturbance, but sometimes a higher fee may be got from persons present fainting and breaking their heads against wood and the like than from the principal patient.

The Big Head

Is of two kinds—conceit and the big head that comes from a sick headache. Does your head ever feel like a gourd and your brain feel loose and sore? You can cure it in no time by acting on your liver with Ballard's Herbine. Isn't it worth trying for the absolute and certain relief you'll get? Sold by W. M. Johnson.

Carrying a Watch.

"After carrying a watch for thirty years I have just learned something new in watch lore," said the city watchman. "I don't know whether this is true or not, but an old watchmaker told me. I bought a watch of him the other day. It was a cheap watch. He said:

"What pocket are you going to carry your watch in—the right or left?"

"I told him the left."

"Then," said he, "I will regulate it for the left."

"I asked what difference it made, and he declared that a watch runs faster on the left side than on the right, so to keep it from gaining time he regulated it accordingly. In the watches the difference is hardly worth considering, but in watches of cheap make the difference is very noticeable. I asked for a scientific reason for this variation. He could give none; said he only knew it was true, and then, whether he was faking or not, he pretended to regulate my watch for the left pocket."—New York Sun.

China-ware of the Big Hotels.

The only china used at private dinners at the Knickerbocker in New York is the blue de sèvres, which was made in France especially for this hotel, with blue and gold pattern and the monogram of the hotel on the rim of each piece. There are seventy-two pieces to a set, and each piece cost \$3. At the Plaza and Astor the cost of each piece is \$4 and \$5 respectively, and designs are white and gold and plain white with border of asters. Great care has been taken and large expense incurred in obtaining the choicest china for the Waldorf-Astoria.

For select private dinners the "crown" set is used, consisting of specimens from the sets of royalty dating from the time of Napoleon to the present. The pattern is a blue and gold border with a picture in the center of each piece of the king and queen to whom that particular piece belonged. The set could not be duplicated for \$1,000,000.—Good Housekeeping.

The Cook's Declaration.

The cook picked up an egg. She looked at it dubiously.

"It's bad," she said.

She dropped it.

"It's worse," she hastily added.—Exchange.

Surprising, What Kodol Will Do

For you, when you need it. But the longer you neglect indigestion, the more you will suffer before Kodol can restore Good Digestion.

And, of course, indigestion if neglected long enough, brings on serious diseases in which Kodol cannot benefit you. Some of these there is no help for at all.

There are, in fact, very few ailments which cannot be traced directly to impure blood. And impure blood is always due to a disordered stomach.

Use Kodol and prevent Nervous Dyspepsia.

Kodol will effectually assist Nature to secure a complete restoration of good digestion. It does this by at once digesting all food in the stomach and keeping it digested, until the stomach is rested and can resume its own work. Kodol removes the cause—and the effect quickly removes itself.

When it is recalled that Apoplexy, Heart Disease, Cancer—and even Consumption—are due to poor digestion and poisons thus transmitted to the blood, and throughout the system—the importance of maintaining good digestion is at once realized.

We know what Kodol would do before ever the first bottle was sold. If we did not know just what it will do, we would not guarantee it the way we do.

It is easy for you to prove Kodol—the next (or the first) time you have an attack of indigestion. And you will certainly be surprised at the results. It is perfectly harmless.

There can be no harm in trying something that may do you a great deal of good—when it costs you nothing if it doesn't.

Our Guarantee

Go to your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle if you can honestly say that it has done you any good, return the bottle to the druggist and he will refund your money without question or delay. We will then pay the druggist for the bottle. Don't hesitate, all druggists know that our guarantee is good. This offer applies to the large bottle only and to but one in a family. The large bottle contains 24 times as much as the five-cent bottle.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.

TELEPHONE TALKS

The Long Distance System

One of the most valuable features of our service, to our subscribers and to the public generally, is our connection with the extensive long distance lines of the American Telephone and Telegraph Company and the other associated Bell Telephone companies.

We own thousands of miles of long distance lines in the seven States in which we operate and in addition can connect any telephone in our system with lines extending to any other city in which a Bell Telephone system is operated.

These long distance lines are of the most modern and improved construction and are maintained at a high state of efficiency. The Bell systems,

operating in various sections of the country, are uniform in their equipment and in their methods of operating.

Only by reason of this close traffic arrangement between the Bell Telephone companies is it possible to go to a Bell Telephone almost anywhere, ask for "Long Distance" and be put in communication with almost any point in the country.

This vast network of wires, radiating throughout the nation, is used daily in commerce and for social purposes by the banker, the farmer and citizens in all walks of life and our plant here is an important link in this great chain.
