TEN YEARS OF BACKACHE.

Thousands of Women Suffer in the Same Way.

Mrs. Thos. Dunn, 153 Vine St., Columbus, Ohio, says: "For more than ten years I was in misery with backache. The simplest household completely exhausted me. I had no strength or ambition, was nervous and suffered headache and dizzy spells. After these years of pain I was despairing of ever being cured when Dean's Kidney Pills came to my notice and their use brought quick relief and a permanent cure. I am very grateful."

REGINALD'S FINISH.

The young girl's air was pensive. "Tomorrow," she said, "Reginald will conduct me to the altar. There," she added, smiling, "his wickedness will end."—Loaded Tit-Bits.

Voice Energy.

Dr. Marage recently presented before the academy of medicine, at Paris, the results of an investigation of the amount of work performed by orators and singers. It appears from his experiments that a bass voice, in order to produce the same impression upon the ears of hearers in a hall, requires the performance of from 17 to 18 times more work than is required for a barytone or tenor voice. The bass voice is always at a disadvantage with regard to the amount of work it demands. Thus, Dr. Marage finds that whereas men are always more fatigued than women and children by an equal effort of the voice, men with bass voices suffer the most fatigue.—Youth's Companion.

CAUTIOUS BRIDE.

EYESIGHT WAS IN DANGER

From Terrible Eczema—Baby's Head a Mass of Itching Rash and Sores—Disease Cured by Cuticura.

"Our little girl was two months old when she got a rash on her face and within five days her face and head were all one sore. We used different remedies but it got worse instead of better and we thought she would turn blind and that her ears would fall off. She suffered terribly, and would scratch until the blood came. This went on until she was five months old, then I had her under our family doctor's care, but she continued to grow worse. He said it was eczema. When she was seven months old I started to use the Cuticura Remedies and in two months our baby was a different girl. You could not see a sign of a sore and she was as fair as a new-born baby. She has not had a sign of the eczema since. Mrs. H. F. Budke, LeSueur, Minn., Apr. 15 and May 2, 1907."

COTTON

May Escape the Boll Weevil

To do this, quick maturity is essential. It is the late cotton that suffers most, as the attack of the boll weevil is most severe in August. The maturer the bolls at that time the less harm is done. A liberal supply of

POTASH

in the fertilizer favors rapid, vigorous, healthy growth, which is the best means of insuring a big crop. The bolls on late maturing and sickly plants are nearly all destroyed.

Every planter should study our book, "Cotton Culture." Sent free on application. Address
