THE ROOKIE'S LAMENT

They took me away from my cool New York home and brought me down here where it is summer all winter and hell all summer.

They took me away from a comfortable home and put me in a tent.

They took my good clothes and gave me a suit of red-hot khaki.

They took away my good name and gave me a number, 494.

They took away my good job and put me to digging ditches and making marathons until my hands and feet were worn out.

They made me go to church on Sunday whether I wanted to or not.

In church the parson said: "All turn to No. 494, 'Are You Foot Sore, Are You Weary?'" and I got ten days in the guard house for answering "Hell, yes."—J. N. B., Camp Wheeler.

A little attention to the works of nature will fill up the gaps in our time, and supply us with pleasant and possibly useful information. We never know where the carefully obtained knowledge may find its practical application.—S. S.

ADVICE ON MARRIAGES

Given in a Booklet Published by the State of Minnesota

Giving advice to those about to marry is the latest activity of the State of Minnesota. The State Board of Health has issued a booklet under the title of "Marriage and Engagement," which while not pretending to be a compendium for the lover, yet contains many gems of wisdom that many a couple would do well to heed. It bears the seal of the State and is circulated at State expense. Its author is not revealed. Here are some excerpts from it:

"A young woman appears at her best in the presence of a man, especially if she likes him. A man, especially a young one, appears at his worst in the presence of a woman particularly if he likes her.

"A woman should never marry a man to reform him. If she just must marry that kind of a man she should make him reform first and make him prove it, too.

"Neither a man nor a woman should marry under 20 years of age. After that, the sooner the better.

"Engagements should not be too long; they promote late hours and extravagant expenditures for clothes, gifts and entertainments.

"Engagements should not be too short; those sometimes lead to unwise unions.

"A couple may safely wed if the man has income of \$50 or \$60 a month and he has saved up \$200 or \$300.

"A young man ought to know that sometimes young women put on the behavior best suited to win, whether or not that behavior has anything genuine back of it. A young man who is thought to be wealthy is especially liable to be caught in this trap.—Kansas Times.

It is not enough to deplore what the Germans have done. That will NOT hurt the Germans; they don't care what you think of them.

Help your Government to FIGHT them. That is the ONLY THING that counts with the Germans. When you save and buy War Savings Stamps, you attack a German where it HURTS.
