Wooster Summer School Wooster, Ohio

The largest school in the state. Work for all, no matter who or what. May be not the best school but good, and growing better. Does not knowingly respond to enclosures when it makes mistakes. The rainbow comes down in Wooster. 1194 students last summer. 85 instructors. 227 classes daily. Eight grade to post-graduate. A school of inspiration and of helpfulness.

J. C. DICKASON,
Principal
Wooster, Ohio.

Summer Citrus Fertilizing

Practically all growers agree that the "Fruit & Vine" type fertilizer makes the most desirable sized fruit and gives it the finest flavor and highest quality. But there is a wide difference in opinion as to what materials this fertilizer should be made from. This is due largely to local conditions, character of soil, etc.

To meet these different requirements, we have prepared seven different "Fruit & Vine" fertilizers in six different analyses; some based on "animal" (or organic) materials, some on "chemical" (or inorganic) materials, and some combining the best qualities of both.

Our free booklet "Armour Fertilizers" contains a full description of these different brands and a discussion of the merits of the different materials. Have you got your copy?

FOR SALE AT:
SEMINOLE PHARMACY

SAFER THAN CALOMEL.

Dodson's Liver Tone Will Straighten You Out By Morning—Calomel May Knock You Out of a Day's Work. If you are a calomel user, next time you are tempted to buy it ask your druggist if he can absolutely guarantee the drug not to harm you. He won't do it because he can't do it.

But here is a perfect substitute for calomel which the druggist does guarantee—the famous Dodson's Liver Tone. The Seminole Pharmacy will refund your money without question if you are not thoroughly satisfied.

Go to the Seminole Pharmacy whom you are acquainted with—and find out about the great number of people who are taking this remarkable remedy and feeling better, keener, healthier, and better able to enjoy life than they ever were when taking calomel.

Why? Because calomel is a poison—one that may stay in the system, and while seeming to benefit you temporarily, may do harm in the end. If you haven't felt these ill-effects so far, it is because you are fortunate enough to have a strong constitution.

Don't take the risk any longer. Get a bottle of Dodson's Liver Tone (50c) and note how easily and naturally it corrects all bilious conditions, how it clears away that sick headache and coated tongue, how it sets you right without ache or gripe. The most wonderful thing in the world for constipation.

All this without the slightest interference with your regular habits.

NEIGHBORING TOWNS

Charlotte Harbor

Charlotte Harbor, May 12—Light thunder showers are passing around; they're very much needed in this section at this time.

Dr. C. F. McAhann of Lake City, accompanied by E. F. Anderson, is spending a few days in and around town. The doctor is a large land owner and is working up some sales.

J. O. McLaurin, railroad engineer on the Charlotte Harbor & East Coast extension, has been busily engaged for several days with Mr. Taylor in correcting the lines for the railroad from Venice to this place. He assures us of the road into our town.

It seems to be an extremely busy time in town today. Every man has a job. Manual labor is at a premium.

Mesdames T. S. Knight and T. A. Stephens attended the Methodist conference in Arcadia last week.

Quite a number of fishermen were home with their families Saturday and Sunday; business only moderate.

Mr. and Mrs. J. O. Curry are spending a few days at their home place, looking after local affairs, after which they will return to Manatee.

James Mathews, an Irishman employed on the railroad bridge gang, was killed Sunday near Murdock by a southbound train on the Charlotte Harbor & Northern railway. He is said to have left Murdock that morning for Boyd's still in search of liquor; and he is supposed to have been drunk when he went to sleep on the track. When the engineer discovered the man on the track he put on brakes stopping the wheels almost instantly, but the train was moving so fast that it moved on dragging the wheels and doing its fatal work.—OLD TIMER.

Bairdville

Bairdville, May 18—Fine rains this week make newly set fruit trees and vegetables look fine.

Mrs. Collins and family and L. E. Huffman and family took an outing on Shell creek this week and report a very enjoyable trip.

Philip Lewis recently visited his mother Mrs. Wm. Kennedy.

L. E. Huffman will complete his house in a few days.

The recent rains will at least to some extent stop the forest fires which of late have been very destructive.

Arthur Kahl visited his parents Sunday.

Toney Rudden of Willow Pens visited at a number of places in Bairdville this week.

Corn is looking fine. Sixty days from date of planting; roasting ears are being gathered for table use. Iowa or Illinois can't do better than the record made here.

Musk and water melons are making a good crop. Tomatoes, beans and peas are doing nicely. Strawberries have been continuously bearing since last Christmas.—MEADOWLARK.

Dizziness, vertigo, (blind staggers) sallow complexion, flatulence are symptoms of a torpid liver. No one can feel well while the liver is inactive. Herbine is a powerful liver stimulant. A dose or two will cause all bilious symptoms to disappear. Try it. Price 50c. Sold by all druggists.

Mrs. Marian A. McAdow of this city, read before the Florida State Horticultural Society at the recent meeting in DeLand an interesting and exhaustive article which she had prepared on the "Tropical Possibilities of Florida and How to Achieve Them." It is a fine article, the length of which we regret prevents us from reprinting it in these columns, but it is being given a publicity by the state press that means that it will be productive of wide-spread good in enlisting efforts towards making the various towns of Florida more attractive—to make our state one of tropical verdure. In the sense of the concluding paragraph, co-operation and a few ideals will accomplish all that is desired for our sunny Florida.

The Herald for Job Printing.

Notice of Application For Leave to Sell Minor's Land

Notice is hereby given that on the 31st day of May, A. D. 1913, I will apply to Honorable W. D. Bell, County Judge in and for DeSoto County, State of Florida, at his office in Arcadia, in said County, for order authorizing me, as Guardian of the person and estate of Havana Keen, minor heir of Humphrey Keen, deceased, to sell at private sale all the interest of said minor in the following described property situate, lying and being in the County of DeSoto and State of Florida, to wit: Lots two and three in block three in A. S. Watson's addition to Arcadia, Florida.

This 19th day of April, 1913.
17td J. E. LOCKLEAR, Guardian.

No. 666

This is a prescription prepared especially for **MALARIA or CHILLS & FEVER.** Five or six doses will break any case, and if taken then as a tonic the Fever will not return. It acts on the liver better than Calomel and does not gripe or sicken. 25c
