CITY AND COUNTY OFFICIAL PAPER.

Fresh Ranch Butter from the ranch of J. H. White at Wolcott's Cash Store. 37 1/2

THE total vote cast at the recent election in New Mexico was 32,364.

SHARES in the Louisiana lottery are said to have fallen from \$1,400 to \$400 each since Wannamaker who-dude it.

A judge in New Mexico decided last week that he could not punish a sheriff for contempt of court during a vacation of his court.

OKLAHOMA has passed a bill making it a criminal libel for a newspaper to insinuate anything against a man whether it be true or not. What a heavenly place that would be to run for office.

If the next legislature would repeal the act allowing counties to give a reward for artesian water, and contract with some one to put down a 4,000-foot well at the University it would settle the artesian problem in Arizona.

THE republican party must await with the most breathless interest the demonstration of the theory of Dr. Koch. If there was ever a political organism that needed an injection of lymph that would counteract consumption, it is surely this.

Business failures reported to Bradstreet's, number 290 in the United States last week against 151 the week before and 217 this week last year. Canada had 46 this week against 37 the week before. The total number of failures in the United States from January 1 to date is 8,702 against 9,848 for the same period in 1888.

THE city council of El Paso has let a contract for sinking an artesian well in that city to a depth of 3,000 feet in case water is not found sooner. The contract price was \$7.50 per foot for the first 1,500 feet, \$8.50 for the next 500, \$9.50 for the next 500, and \$10.50 per foot for the lower 500 feet of the 3,000. The total cost of the well would be \$25,500, which is a small amount compared to the value of a flowing well, if found, and the value of finding out if it is not there.

IF A BODY MEET A BODY

the result is a collision, whether "coming thro' the eye," or not. Life is full of collisions. We are constantly colliding with somebody or something. If it isn't with our neighbors it is with some dread disease that "knocks us off the track" and perhaps disables us for life. Women especially it seems have to bear the brunt of more collisions and afflictions than mankind. In all cases of nervousness, bearing-down sensations, tenderness, periodical pains, sick headaches, constipation, indigestion, or irregularity and all female irregularities and "weaknesses," Dr. Pierce's Favorite Prescription comes in the rescue of women as no other medicine does. It is the only medicine for women, sold by druggists, under a positive guarantee, from the manufacturer, that it will give satisfaction in every case, or money paid for it will be refunded. See guarantee on bottle wrapper.
