Be it enacted by the Legislative Assem-
bly of the Territory of Arizona:

opened, or conduct, either as owner or

net, rouge et noir, rondo, chusas,
props, Rockymountain keno, keno, or
any banking game played with cards,
dice or other device, for money,
checks, credit or any other representa-
tive of value, or any percentage
game, in any public place, or in the
front room of any saloon, nor upon
any public grounds, nor in nor upon
any least grounds, so called, nor in
any tent, building or other structure
within or upon such feast or fiesta
grounds nor within two hundred yards
of any such grounds, in this Territory.

SEC. 2. It shall not be lawful for
any person or persons conducting,
playing or dealing any game of chance
to permit or allow any minor or per-
son under the age of twenty-one years
to be or remain in any place or room
where any game of chance is being
conducted or played in the Territory.

SEC. 3. Any person violating any
of the provisions of this act shall be
guilty of misdemeanor, and shall,
upon conviction thereof, be fined for
such offense in a sum not less than

exceeding one day for each dollar of

act are hereby repealed.

Largest Yearly Coinage.

According to the report of the Di-
rector of the Mint the coinage exe-
cuted during the year 1890 at the four
coinage mints, located at Philadelphia,
San Francisco, Carson City and New
Orleans, was the largest in the history
of the mint in this country, aggregat-
ing 112,695,071 pieces of the nominal
value of \$60,254,436 93, against 93,427,
140 pieces of the nominal value of
\$60,965,629 61, struck in the preced-
ing fiscal year.

Emil Sydow has on exhibition at his
Bonanza Cash Store an engraving
showing the annual burning of garden
seeds left over at the close of the sea-
son at D. Landreth & Co.'s garden
seed farm, Philadelphia. D. Land-
reth & Co. also instruct their agents
to do likewise, thereby insuring their
customers fresh seeds every year. For
an additional precaution every pack-
age of their seeds is dated. They are
the oldest seed firm in the United
States, being established since 1784,
and are very jealous of their reputa-
tion.

A full and complete assortment of
these seeds at Emil Sydow's Bonanza

Shorter Hours Desired.

Coal miners of the United States
have just completed their plans for
the greatest industrial battle ever in-
augurated in America. The conflict
between miners and mine owners for
eight hours will take place on the 1st
of May and will involve 150,000 men.
The above statement was made last
Friday by W. J. Delton, organizer of
the American Federation of Labor.
Continuing, he said: In Illinois,
Alabama, Tennessee, Kentucky, Indi-
ana and Ohio there are at least 75,000
miners; in Pennsylvania there are
47,000 in the aggregate. We argue on
about 150,000 miners in the United
States. Although the miners are gen-
erally paid by the bushel they desire
to place a limit on their working
hours.

Several years ago Chamberlain &
Co., of Des Moines, Iowa, commenced
the manufacture of a cough syrup, be-
lieving it to be the most prompt and
reliable preparation yet produced for
coughs, colds and croup; that the public
appreciate true merit, and in time
it was certain to become popular.
Their most sanguine hopes have been
more than realized. Over three hun-
dred thousand bottles of Chamberlain's
Cough Remedy are now sold each
year, and it is recognized as "the best
made," wherever known. It will cure
a severe cold in less time than any
other treatment. For sale by H. J.
Peto.

The Bankrupt Treasury.

Senator Carlisle in the February
Forum makes estimates of the national
expenditures, showing that at the
end of the present fiscal year, June 30,
1891, there will be a deficit of about
\$14,000,000, and a year later a deficit
of about \$84,000,000; and he adds:
"It is the confirmed and incurable
habit of the party now in power to dis-
pose of the public money in a waste-
ful and extravagant manner, and there
is no reason to suppose that it will
cease to pursue this course until the
treasury is exhausted. What was two
years ago the richest public treasury
in the world will be substantially
bankrupt long before the term of the
present administration expires."

FOR OVER FIFTY YEARS.

Winslow's Soothing Syrup has been
used for over fifty years by millions
of mothers for their children while

soothes the child, softens the gums,
allays all pain, cures wind colic, and
is the best remedy for Diarrhoea. It
is pleasant to the taste. Sold by
Druggists in every part of the world.
Twenty-five cents a bottle. Its value is
incalculable. Be sure and ask for
Mrs. Winslow's Soothing Syrup, and
take no other kind.

George E. Millar, representing the
well known house of Cerf, Schloss &
Co., of San Francisco, came in to-day
looking like a poisoned person; and
his looks did not do the real cause of
his appearance half justice. He
stopped at Casa Grande a few days
ago and a small insect of some descrip-
tion, to keep up the reputation of that
town, bit him on the arm, causing
that member to swell to several times
its ordinary size. He suffered intense-
ly until he reached Benson, where
Mr. Castenada, of the Virginia
Hotel, took him in charge and poulticed
the injured member several times
and started him for Tombstone.

COUNCIL.
PHENIX, January 29, 8 p. m.—Mr.
Hoff introduced a bill concerning the
return and canvass of votes. Also,
concerning the revenue.

Mr. Samaniego presented a bill con-
cerning sheriff's fees and fixing the
residence of the auditor at the Terri-
torial capital. Read third time and
passed.

Council bill concerning frauds and
fraudulent conveyances passed unani-
mously. Council bill concerning
gambling in certain places, houses of
ill fame, passed the Council unani-
mously. The substitute for a bill
abolishing the office of Attorney Gen-
eral was adopted.

HOUSE.
In the House a bill providing for
bonds for the erection of schoolhouses
was passed. The gambling bill was
amended so as to go into effect within
sixty days after its passage.

House bill No. 10, to abolish the
office of Commissioner of Immigra-
tion, with the amendment to turn
over the office in sixty days, passed.
Adjourned.

KANSAS CITY.—The Live Stock In-
dicator of this city has special reports
from the principal cattle feeding dis-
tricts of Missouri, Kansas and Nebr-
aska which show that very few cattle are
being fed as compared with last year,
and that it is the intention of the
feeders to ship those which are being
fed to market before June. The num-
ber is estimated at less than one-half
of last year.

GALVESTON, TEX.—The arrange-
ments for the entertainment of the
western congress which convenes in
this city during the Mardi Gras and
Inter-State Trades display, from Feb-
ruary 5th to the 10th, are about com-
pleted. The programme embraces a
ride upon the bay, visit to the jetties
and a trip to the open gulf to witness
a sham naval engagement February
6th of the white squadron. The
Rocky mountain district is expected
to send a large delegation. Ex-Gov-
nor Evans, of Colorado, accompanied
by his wife, daughter and ex-Chief
Justice Elbert, have already arrived
and will remain until the close of the
festivities and congress.

YOUNGWOOD, PA.—One hundred and
seven bodies have been taken from the
ill-fated mine, No. 1, of Frick & Co.,
at Mammoth, up to 10 o'clock this
morning. It is estimated that the re-
mains of at least seventeen more vic-
tims of yesterday's explosion are still
in the pit, but it is thought that all
will be out in a few hours.

WASHINGTON.—Senator Frye to-day
proposed an amendment to the consul-
lar diplomatic appropriation bills
raising the mission of Mexico to that
of the first class and making an ap-
propriation of \$87,000 to meet the
expenses of the legation.

COLDWELL, KAN.—Not since the
opening of Oklahoma have such
scenes been enacted upon the streets of
this city as were seen this evening.
The streets are actually crowded with
people who are waiting anxiously for
tomorrow's dawn, when they will
march for the Cherokee Strip and take
possession of claims. This is head-
quarters of the Dillon O'Connor col-
ony of boomers and its members have
been flocking here for two weeks past
in anticipation of to-morrow's inva-
sion.

KANSAS CITY.—A special to the Star
from Atchinson says: The United
States National bank, of this city
closed its doors this morning, and will
go into voluntary liquidation. It is a
step that the directors have been con-
templating for several months. The
bank was organized in January, 1887,
with a capital stock of \$250,000.

NEW YORK.—In spite of the sen-
sational rumors and conjectures that
Robert Ray Hamilton may still be
alive, his immediate family and
friends in this city adhere to the be-
lief that the report of his death in
Idaho brought east was absolutely
correct.

WASHINGTON.—Senator Mitchell yester-
day introduced a bill to incorporate
the Pacific Cable company, with a
capital of 5,000,000 dollars to operate
a cable between San Francisco, Hawaii,
Samoa and Japan. A majority of the
board of directors must be citizens of
the United States. The secretary of
the treasury is authorized to pay to
the company an annual subsidy of
200,000 dollars a year for fifteen
years.

WASHINGTON.—A committee of Bos-
ton business men called on the presi-
dent this morning and discussed in-
formally the silver situation and op-
posed free coinage. The president it is
understood was non-committal as to
his intention of favoring or opposing
any silver legislation during this con-
gress, and told the delegation that it
would be eminently improper for him
at this time to give any expression re-
garding his views on silver or his
future action.

SAN FRANCISCO.—In the Nevada
Bank yesterday millionaire John Mac-
key walked into President Hallands
room and knocked down C. W.
Bonying, his confidential agent. The
men were separated before either
could pull a revolver, but those who
know both declare that this is not the
end of the trouble. Bonying came
from England several years ago, and
has been Mackey's chief business man
here for several years.

Hallands recently took charge of the
Nevada Bank, and a street report is
that Bonying had played Mackey
false in a recent deal. The street
was full of rumors, but persons in-
terested refused to talk.

County Division.

The latest from Phenix is that Dan
Ming has opened quarters opposite the
capitol building, and is dispensing free
whisky. Ex-Governor Zulick is
strongly opposed to division. The
Pima delegation are solid against the
division of Cochise. The bill has
been referred to the committee on
counties and county boundaries. The
divisionists claim a sure thing.
