LOCAL HAPPENINGS

From Friday's Daily.

Rev. Nugent returned to-day from Florence.

Rev. Mansfield has returned from his visit to Tucson.

There are thirty-four civil suits on the calendar, to be tried at the May term of court.

During the quarter ending March 31st the sheriff turned into the county treasury \$3,354, collected almost to a dollar in fines.

Frank Bross summoned 145 jurymen before twelve men could be found to try the case in Justice Johnston's court last night.

Since the last quarter three bonds of Tombstone school district were taken up by the treasurer, amounting with interest to \$1,725.

The default in the timber steaming case was promptly corrected last night by a jury composed of some of our most intelligent and fair minded citizens.

The Republican says that W. H. Peck and I. N. Peck have sold to R. H. Epton for \$2,500, the water location owned by them since miles east of Agua Caliente.

J. O. Stanford and two other miners have leased the Richmond mine at Olive camp for one year with an option of purchasing for \$12,500. The vein is about six inches wide and runs from 100 to 150 feet.

May day will not be forgotten by Protection Hose Co. No. 3. Their third annual ball will be a pleasant feature of the spring opening.

Protect Your Health.

Cold and moisture combined have a torporing effect upon the bodily organs and the digestive and secretory processes are apt to be more tardily performed in winter than in the fall. The same is also true of the excretory functions. The bowels are often sluggish and the pores of the skin throw off but little waste matter at this season. The system therefore, requires opening up a little, and also purifying and reinvigorating, and the safest, surest and most thorough tonic and alterative that can be used for these purposes is **Hostetter's Stomach Bitters**. Persons who wish to escape the rheumatic twinges, the dyspeptic agonies, the painful disturbances of the lowly-bilious attacks, and the nervousness so common at this time of year will do well to reinforce their systems with this renowned vegetable-stomachic and invigorant. It improves the appetite, strengthens the stomach, cheers the spirits, and renovates the whole physique.

Full of Promise.

The reciprocity treaty with Mexico about to be consummated, places our on the free list. This will give Arizona the benefit of the extensive coal fields of Sonora and will stimulate trade. It will make the smelting of ores a possibility at home.

The treaty also allows the importation of all kinds of ore free of duty which will bring the extensive lead mines across the line, in the state of Sonora, within reach of American capital and give to the dry ores of this section of Arizona a chance to be worked without shipping them to New Mexico or Colorado.

A reciprocal treaty with Mexico will start an era of prosperity in Southern Arizona that the most hopeful of us never dreamed of.

FOR NEURALGIA & HEADACHE use Bough on Pain. Instant relief for Rheumatism, every ache, ROUGH ON CORNS. Liquid 15c. Salve 10c.

The Topobampo colony has raised one hundred sacks of potatoes during the past year, which sold for \$10 per sack. They have heretofore been brought from California and paid a duty of 14 cents per pound.

THE PROSPECTOR hopes to see the constitutional convention made up of the best and most progressive citizens of our Territory, but it does not wish to see newspaper men connected with it. They have a duty to perform which will not permit them to take part in it. To the press of the country is due the credit of moulding opinion on the most important questions of day, and to the papers whose editors are not tied to the practice part of politics is accorded the reputation of doing the most good for their communities.

STATEHOOD for our territory will bring capital our way just as it has to the Northwestern territories which so recently donned the new dress. During the past year more money has been invested in Wyoming, Idaho and the two Dakotas, than for any five years together in their history as territories. Eyes of eastern investors have turned toward the new West. Hundreds of thousands of dollars have been appropriated for public improvements in the new states by the general government. Their senators have been able to show the advantages of public improvements and investment of capital has followed in the wake of Uncle Sam's recognition of the ability of these territories to care for themselves. Arizona has far more advantages by nature given than any one of these new states and her rapid growth and advancement will be more pronounced than her older sisters.

A Heavy Legal Suit.

The Prescott Journal Miner says that J. V. Vickers of Tombstone, has filed with the clerk of the district court at Prescott two complaints of suits against the Beta land grant syndicate. Geo F Thornton is in one case and O B Lewis et al in the other. The suits in question are brought for the recovery of 4000 acres, respectively from each of the owners of the above grant in Yavapai and Mohave counties at present in the possession of the Piedmont cattle company and used by them for a stock range. No stipulated value of the land sought is given in the complaint, neither is any particular reference made as to piece or parcel.

From a legal view it will be one of the most arduous and perplexing propositions ever brought before the bar of an Arizona court—a case in short in which title to the land from the day when John Moss had it staked out in 1864 down to the present time will be traced.

The annoyance of breaking lamp-chimneys need not be borne.

Get tough glass chimneys. Macbeth's "pearl top" and "pearl glass" are tough against heat; they do not break, except from accident.

They are also clear, transparent, not misty or milky; they fit and stand upright; shape and proportions are right to direct the draft upon the flame.

They cost a little more than rough and wrong chimneys of common glass that break continually.

San Diego is to have a military post to cost \$1,000,000. One thousand soldiers will be stationed there and 1,000 acres of ground is to be purchased on which to erect buildings.

Secretary Proctor has recommended that steps be taken at once to secure the land necessary in the immediate vicinity of San Diego.

Happy News.

Wm. Timmons, Postmaster of Elaville, Indiana, writes: "Electric Bitters has done more for me than all other medicine combined, from that bad feeling arising from Kidney and Liver troubles. John Leslie, farmer and stockman, of same place, says: "Find Electric Bitters to be the best Kidney and Liver medicine, made me feel like a new man." J. W. Gardner, hardware merchant, same town, says: "Electric Bitters is just the thing for a man who is all run down and don't care whether he lives or dies; he found new strength, new appetite and felt just like he had a new lease on life. Only 50c. a bottle, at J. Youngs' drugstore."

Who is He? District court clerk Emanuel received the following letter yesterday, which will explain itself:

Willowdale, Pulaski Co, Ark. April 6, 1891.

To the county clerk of Cochise Co. Sir—I found a man that has been murdered in the Arkansas river at this place and on his person was found a life policy showing his name to be Chas Norville, made in favor of Mary Norville, his sister. Other papers on his person show that he has lived in Tombstone Arizona. Please publish this in your paper and any information you can give please give it at once, as no one here knows any thing of his people. His policy shows him to be 22 years old.

Respectfully,
CHAS ROBERTS.

REMARKABLE RESCUE.

Mrs. Michael Curtin, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefited from first dose. She continued its use and after taking ten bottles, found herself well, and now does her own housework and is as well as she ever was—Free trial bottles of this Great Discovery at Youngs' Drug Store, large bottles 50c and \$1.

The Papago Indians are gracing the streets of Tombstone with their Evangelic presence. Their principal occupation is to sell ollax and appropriate cast off clothing from back yards and alleys.

One young squaw, whose only attire upon her debut was a G string and historical three feet of calico, appeared from the street yesterday, with a pair of O K boots, a pair of overalls, which came to her knees and a vest buttoned behind. She was quietly informed by the health officer that there was an ordinance against a female promenading in man's clothes, and she reluctantly retired to her dressing room behind a thread worn bandanna handkerchief, and slipped calico dress over her head, which satisfied the ordinance.

FORGOTTEN YEARS.

An old well-remembered remedy.—Mrs Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. It is pleasant to the taste. Sold by Druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

UNDER the reciprocity treaty now being formulated with Mexico, cattle hogs, sheep and horses are to be placed on the free list.

Crown Mills Flour, Fresh Buckwheat and Graham Flour and Meal—just received at Hoefler's.

Very Cheap.

Most people are apt to say "Cheap"—if very vulgar, "Rais"—when they read these eaten words.

But when they saw a very handsome woman going along with the strange device "Very Cheap" printed on her back most people were surprised, for to come down to facts the lady was very dear to a great many, and to her husband priceless, but having gone to KIRK'S to see the bargains advertised she fell in with a \$4.00 French beaded black cape, so labeled, and bought it, paid for it and proceeded to wear it home, all unconscious that she was labeled "very cheap." Do you wonder that we were so tickled that we have determined to make that our watchword. Very cheap is now the general verdict pronounced by all our customers. Ladies striped domed fannel waist, 65 cts. Ladies ribbed under vests, 15 cts. can't be duplicated for 25 cts. Fancy linen effect ladies' waist, 90 cts. The cream of the line, ladies' waist, rolling collar and cuffs, plated back and front, made from fine stripe crepe cloth \$2.00. Very cheapest lot of Jerseys in town.

A few days ago while sitting in Elder Bros' drug store at Tingley, Iowa, Mr. T. L. Dyer a well known citizen, came in and asked for something for a severe cold which he had. Mr. Elder took down a bottle of Chamberlain's Cough Remedy and said: "Here is something I can recommend. It commands a large sale and gives genuine satisfaction. It is an excellent preparation and cheap." Mr. Dyer purchased a bottle and the next day when we saw him he said he was much better, and the day following appeared to be entirely restored. This is a specimen of the effectiveness of this preparation.—[Des Moines Mail and Times.

SPECIAL DISPATCHES TO PROSPECTOR

OMAHA, Neb.—D E. Kimbell ticket agent for the Northwestern road shot and killed himself this morning while in a turkish bath room. No cause is known.

NEW ORLEANS.—Both Bowen and Meyer posted \$500 forfeit to-day to guarantee their appearance in the Olympic club ring May 19th at 2 a. m. sharp, weighing not over 134 pounds. The men have gone into training.

KANSAS CITY.—The Kansas City Packing Company, which failed last November and which has since been re-organized with a capital stock of \$2,000,000 and is now styled "The Phenix Packing Company" resumed active operations yesterday.

CHICAGO.—The new city council, as nearly as possible to ascertain, stands as follows: Republicans 23; democrats 13; independent 1.

CHICAGO.—A special from Cleveland Ohio says:

The announcement was made yesterday at the annual conference of Latter Day Saints that Apostle Joseph Duff and possibly another together with other missionaries, will in all probability be sent to work upon the Utah Mormons, to persuade them to return to their original faith which is held by the reorganized church. Apostle Duff says also that polygamy is conducive to immorality and vice.

NEW YORK.—The first of the surveying parties for the international railway between North and South America will sail from this city for Equador tomorrow. The party will be under the supervision of Lieutenant Shunts, of the engineer corps. Upon reaching Equador, the party will divide one half going south and the other going north.

CHICAGO.—The official canvass of the votes in the late election began yesterday afternoon and it is expected the work will not be completed inside of a week. Both the republicans and democrats continue to claim the election of their respective candidate for Mayer and until the official canvass is finished it will be impossible to declare positively who is elected.

In New York to-day silver was quoted at 97, lead, \$4.35; and copper, \$13.80.

WASHINGTON.—Baron Fava the "withdrawn" minister of Italy, shook the dust of Washington from his feet yesterday and departed for New York, where he intends sailing for Italy. The fact that the Baron Fava was to leave town yesterday was kept secret from all but members of the diplomatic corps.

NEW YORK.—The Baron Fava arrived without accident and crossed from Jersey City by the Des Groves street ferry. He went to the Victoria Hotel but did not register. At his request the clerks declined to send cards to him and even said he was not here. His bearing certainly indicated considerable depression. He has a suite of several rooms which he will retain until Saturday, when he will sail probably by the French steamer.

ALBUQUERQUE.—Passengers on No 2 which arrived in this city yesterday noon brought the intelligence of a sand storm which raged with unusual violence at Winslow A. T. on Tuesday. The air was filled with sand so that it was almost impossible to see.

CITY OF MEXICO.—The 500 Chinese imported into Tehuantepec by Mr. Salvador Malo to work on his railroad contract are gradually dispersing in all directions. Some of them have wandered up to Chipas, some to Oaxaca and now 29 are reported to have reached as far north as Talcoaltapan, just south of Vera Cruz, where they were promptly engaged by a sugar planter to work in his cane fields. It is said Mr. Malo expects another shipment of 500 to arrive in a few weeks.

WASHINGTON.—The report published by the Atlanta Constitution that Mr. Mills no longer in the race for the speakership of the next house and that he has arranged to throw his strength to a northern democrat in order to defeat Crisp, of Georgia, is indignantly denied by his friends.

The Story of a Famous Duel.

Without doubt the most tragic duel ever fought in the vicinity of New York City was the deadly contest between Alexander Hamilton and Aaron Burr. Historic as it is, stories not given in the books are being retailed about it. Fitz Green Washington, a great-grand-nephew of the father of his country, has an account of the affair from his grandfather, Captain Fitz Hughes. The "Cape" learned after the start where the fighting ground had been located, and was moved across the North river by a couple of slaves. When he arrived the antagonists had taken positions. Hamilton and Burr were to fire twice or three. At the word of command Hamilton fired at Burr and Burr fired in the air. At the second firing Hamilton fired in the air and Burr shot Hamilton. Hamilton thought Burr meant to kill him, as he meant to kill Burr, but when he saw the discharge in the air he changed his tactics, as did Burr, and with fatal results. This is said to be the true history of the duel fought by these two great men.
