*Unofficial time.

NEW CITY COUNCIL TAKES OVER THE REINS

Tombstone now has a new set of City laws and they were installed last night at the council chambers, according to the City Charter which calls for installation of city officers within a certain time after election.

Both old and new council and mayors were present, the former to turn over their duties and the latter ready to receive them from the outgoing officials.

After the old council, composed of W. F. Kuchenbecker, mayor, and W. G. Gilmore, and W. M. Cavanaugh, councilmen, who were present, Mr. Hughes and Mr. Wilson being absent, audited all bills up to date, and completed all unfinished business, Mayor Kuchenbecker arose and announced that they were ready to turn over to the new officers the city government.

The new council, composed of Mayor-elect Guy C. Welch, and councilmen-elect H. L. Hutchison, first ward, W. G. Gilmore, third ward; (Councilman Hughes of second ward being absent in Phoenix) and R. V. Saunders, of the fourth ward, were ready to take the oath and the old council having adjourned sine die, the new officers received their charge of office, and took their seats.

Retiring Mayor W. F. Kuchenbecker, on behalf of himself and councilmen, congratulated Mayor Welch and the councilmen on their election, and closed by wishing them all success possible in the administration of the city government. Mayor Welch responded, thanking him and assuring him that it would be the endeavor of the new officers to give the city a clean, strict business administration as had been the policy in the past.

Appointments were then in order and Mayor Welch, placed the names of H. L. Hutchison for clerk, and W. G. Gilmore for treasurer, in nomination, who were unanimously elected, and will assume their duties when their bonds are approved. The different committees were then appointed by Mayor Welch as follows: Street fire and water, R. V. Saunders, chairman; Health and licenses, H. L. Hutchison, chairman; finances, W. G. Gilmore, chairman; the balance of the councilmen being named on each committee. Appointment of night watchman was held until the first regular meeting in December, and the salary of City Marshal was fixed at \$125 per month. No other business being up before the council adjournment was taken until the first Tuesday in December.

The old council has the honor of having retired from office with more money in both general and street funds than for the past twenty years, showing a good business administration, and while the new council intends to follow along strict business lines, plans are being drawn up for the immediate expenditure of moneys from the street fund for permanent work on the streets, this being the first time that a council has had a street fund to work from, the street tax ordinance having taken effect but a short time ago.

ALBUQUERQUE, Nov. 15—The officers of the Coronado Forest in Arizona are drawing up a complete working plan to develop the recreational possibilities of the Catalina mountains. Fifty cottage sites will be ready for occupancy by 1917. A total of three hundred cottage sites will be available in the forests of Arizona and New Mexico by spring. It is reported that the demand for cottage sites opened last spring on the Pecos river in New Mexico has exceeded the supply.

TWO BABIES TRAVEL 2,000 MILES ALONE

A "MA. No. 15—Under date of November 4th, a Mitchell, South Dakota, dispatch carries the following interesting news item, in that it concerns the children of a well known Yuma man:

"After traveling alone more than 20,000 miles this year, two baby travelers, Ginevra Benner, 10 years old, and Raymond Benner, 9 years old, have arrived in Mitchell from Buenos Aires, Argentina. They left the South American city Oct. 5, came to New York on the steamer Voltaire, and thence came by rail to Mitchell, where they will enter school. By round trip traveling the children have missed summer this year. They set out for South America in the spring, and found it winter there. As summer approached in the southern continent, they set out again for South Dakota—and winter. Their father is in Yuma, Arizona, where he is connected with an ice plant. Their mother is in Buenos Aires."

TWO FINE HORSES MISSING FROM HERE

DOUGLAS, Nov. 15—Horse rustling which was believed to be on the decline, has become evident again with the report of Pirtleville officers that two fine animals belonging to Mrs. Helen Hernandez were stolen Saturday night. No trace of the horses has been obtained up to this time, although officers on both sides of the border have been furnished with a description.

They are described as being a bay with a white star on the forehead, branded AMV on the left hip. The other is a black, branded LA BAP on the left hip. The sheriff has been notified and local officers were also notified.

PREPARING TO CANVASS

Clerk A. C. Karger and Assistant E. C. Porter are busy these days preparing for the official canvass of the vote of the recent general election, when the board of supervisors meets Monday to conduct the canvass. When it is understood that the vote for each candidate in each precinct must be checked over, and that there are fifty-two precincts in Cochise county, it can readily be seen that canvassing the vote is no small job, and will require several days.

BIGAMY PROCEEDINGS MAY FOLLOW WEDDING

YUMA, Nov. 16—The wedding of E. Walsh, a colored man, and Mary Jerger, a Yuma Indian woman, on license procured in Yuma last Friday, may result in bigamy proceedings being brought against the woman. It seems that the Jerger woman was legally married to Placidus Aspa, a Yuma Indian, and that the couple are father and mother of two children. Aspa has made inquiry at the district attorney's office in El Centro concerning the matter, the principal object being to obtain possession of the children. Superintendent Ode is investigating the matter.

THREE SPEEDERS ARRESTED TODAY

BISBEE, Nov. 15—Motorcycle Deputy Sheriff Jack Ryan arrested three speeders this morning. He caught E. H. Smith and Chas. Maddern exceeding the speed limit in Upper Tombstone Canyon and J. W. Troxwell going too fast on Naco road in Johnson addition. They will appear before Judge Terman and explain it to him. Ryan has made 22 arrests since his appointment to the job and the average speed of autoists is now considerably less than it was a month ago.

MOST OF THE AMENDMENTS ARE DEFEATED

Practically complete returns from nine of Arizona's fourteen counties on the proposed amendments to the constitution and initiated measures indicate that five of the twelve measures passed on by the people have been defeated. With the exception of the amendment barring the shipment of liquor into Arizona, the remaining measures and amendments are in doubt. The nine counties in which the count is about complete are Cochise, Coconino, Graham, Greenlee, Maricopa, Pima, Santa Cruz, Yavapai and Yuma.

The five measures that have certainly been defeated are the three labor measures, proposed by the Arizona Federation of Labor, the local option amendment and the amendment to the divorce law. The labor measures provided for the abolition of a department of labor and for the establishment of the office of state architect. All three of these measures were defeated by a vote of approximately two to one. The local option amendment, which would have permitted each county or incorporated town to vote on the question of permitting the sale of liquor was defeated by a majority of over two to one. A large vote was cast against the proposed divorce bill, which was vigorously opposed in some quarters on the ground that it was practically a duplication of the Nevada statute.

The vote on abolition of the death penalty is so close that the result will not be known until after the official canvass. The bill requiring a majority of all the votes cast to enact an initiated or referred measure is also uncertain, the votes from nine counties showing a slight majority for the bill. The measure providing for legislative redistricting, the workman's compensation act and the bill amending the game laws are still uncertain, owing to the close vote on each measure. Indications are that a measure referred by the legislature clearing up the statute regarding exactions from taxation was defeated by the action of thousands of voters who did not understand what the measure meant.

The total vote on the proposed Amendments and initiated measures in the above listed counties is as follows:

100—Initiative Maj. Vote	Yes	13,490
101	No	12,474
102—Tax Exemption	Yes	9,541
103	No	11,396
104—Prohibition	Yes	18,936
105	No	12,335
106—Redistricting	Yes	11,521
107	No	11,174
108—Local Option	Yes	8,121
109	No	19,756
110—Compensation	Yes	12,002
111	No	14,959
112—Abolishing Senate	Yes	7,526
113	No	15,320
100—Death Penalty	Yes	12,660
101	No	12,681
102—Dept. Labor	Yes	8,549
103	No	15,911
104—State Architect	Yes	5,987
105	No	18,272
106—Game Law	Yes	10,902
107	No	11,292
108—Divorce Law	Yes	9,269
109	No	12,545

MORENCI STRIKE IS OVER—MEN AT WORK

MORENCI, Nov. 17—Following a visit by J. S. Myers, federal mediator, the strike inaugurated by the Mexican mine laborers has been declared off and the men have returned to work.

The cause of the strike was the laying off, without pay, of a Mexican accused of sleeping while on duty.

Mediator Myers heard the complaint of the strikers and came to the conclusion that they were at fault. He advised them to return to work and addressed a mass meeting of the miners, telling them that, in his opinion, they had been entirely precipitate in their action and that he was tired of being called on to settle disputes that had no basis. Following his talk the men decided to return to their jobs.

MORENCI STRIKE; MIAMI THREATENED

Morenci is undergoing the throes of another strike which was called this time by the Mexican employees of the Arizona Copper company, and from accounts received so far, the strike is very apt to develop more seriously within the next few days.

According to an arrival from Morenci Tuesday, the Mexicans called for the strike because one of their number was discharged for being asleep while on duty. They demanded that he be reinstated and paid for the time he lost. This the company officials refused to do, and the strike was called.

The American employees, members of the union, are very desirous of returning to work, but on account of the Mexicans, who have threatened them, find it unsafe to attempt to do so. Saturday afternoon a number of Mexicans, who were formerly employed by the company, went to work, and were immediately called off of their jobs by the strikers, tin cans tied to them and run out of town. This makes it unsafe for the American miners to return to their duties, and a riot is possible any day.

A few American women, wives of prominent citizens of the mining camp, have left there, expecting to remain out until things are settled between the employers and employees.

TWO PEAKS PROPERTY TAKES ON INTEREST

TURNER, Nov. 15—Development work on the Two Peaks property is proceeding with most gratifying results to the management. In the wooden compartment shaft started last month, ore is being encountered at a depth of 22 feet, which would seem to indicate that the ore body at this point will be encountered at a much shallower depth than was anticipated. The shaft is being sunk as one of the claims of the Larriens-Bowditch group, which the company recently acquired. It is the intention of the management to sink this shaft to a depth of 300 feet and cross-cut the ore body, which is a continuation of the deposit on the Buck claim where the ore has been cut out to a distance of over 200 feet. The present shaft site is 999 feet lower than the Buck workings, and when sunk the required depth will be 300 feet. The shaft will be sunk as far as possible by windlass, after which the completion of the wagon road to the mouth of the shaft will facilitate the introduction of machinery.

For reasons not divulged by the directors, Two Peaks stock was taken off the market last May, after 10,000 shares had been sold, and none have been offered to the public since. However, W. G. Gilmore, general counsel for the company, whose office is at Tombstone, secured a permit from the Corporation Commission at Phoenix last Monday, and the company announces that there will be placed 9,999 shares on the market at \$2.00 proceeds from this stock will be used for the installation of a hoist and other material necessary for the development contemplated, and no other way. The company has maintained a full force at work ever since the organization of Two Peaks, last December, and have done considerable development. During this time they have acquired adjoining property, which at present gives them 40 claims and a mill site, aggregating approximately 8000 acres of mining land. The property is under the able management of the well known mining engineer, V. G. Mellgren, of Tombstone.

HAVE STARTED GRADING

The county road camp at the Giesee Extension has been furnished with a number of teams and scrapers, etc., and work has commenced in grading the road bed that has been cleared of the brush by the bootleggers and other prisoners sentenced for petty offenses. The number of prisoners have been increased during the past few days by several Mexicans from Douglas, who were convicted of petty larceny. One of them was Jesus Ybarra of Tombstone, who recently escaped from that camp. He will now have the pleasure of wearing a ball and chain while he works.

CASES PREPARED FOR COMING TERM

Following is the list of cases as prepared by County Attorney Ross, set in the superior court yesterday for the coming criminal term, which will begin on the 22nd, when the special venire of fifty jurors reports for duty:

- Mike Connors, murder, continued from last term on request of counsel for defendant, set for Dec. 5.
- C. W. White, selling intoxicating liquor, Nov. 29.
- J. E. Hanson, selling intoxicating liquor, Nov. 24.
- W. E. Walker, selling liquor, two cases, Nov. 24.
- J. H. Floyd, grand larceny, Nov. 23.
- Luke Short, assault with deadly weapon, Dec. 21.
- H. Ortiz, murder, Dec. 21.
- D. Caldero, assault with deadly weapon, Dec. 4.
- Jose Fierro, selling liquor, Dec. 21.
- C. D. Smith, introducing intoxicating liquor, Dec. 21.
- B. B. Faust, selling liquor, Dec. 20.
- Paul B. Sargent, failure to provide, Nov. 23.
- Max Levy, Sam Levy, I. Jacobs, and Harry Hastings, embezzlement, two cases set for Dec. 11, and two cases set for Dec. 12.
- Charles Winters, selling liquor, Nov. 29.
- John Knapp, selling liquor, Dec. 13.
- W. P. Hanson and J. P. Griner, selling liquor, Nov. 27.
- E. Barton, selling liquor, Dec. 14.
- John Knapp, selling liquor, Dec. 13.
- N. Craig, selling liquor, Nov. 27.
- W. G. Hanson and Chas. White, selling liquor, Nov. 27.
- Harry Wilson, selling liquor, Dec. 14.
- Sam Johnson, selling liquor, Nov. 28.
- Pat O'Brien, selling liquor, Nov. 28.
- John Kelly, or Keller, Dec. 15.
- John Doe Connors and Jane Doe Connors, selling liquor, Dec. 18.
- John Amos, selling liquor, Dec. 15.
- Jane Doe Crane, selling liquor, Dec. 18.
- Jane Doe Sigmund, selling liquor, Dec. 19.
- Sam Merckovich, selling liquor, Dec. 19.
- John Doe Downard, selling liquor, Dec. 20.

It will be noticed that a large number of the above cases are for selling liquor, and it is probably that a number of these will enter pleas of guilty before the time for trial, which will materially shorten the term of court, and unless new cases arise, may conclude the term before the holidays.

YOUNG ATTORNEYS IN SUCCESSFUL TRIALS

PHOENIX, Nov. 16—An abundance of professional genius was added to Arizona yesterday when the examinations for admittance to the state bar organizations were completed and the list of successful candidates announced, which numbered fifteen. They are as follows:

- Lincoln H. Beyerle of Prescott.
- Duane Bird of Nogales, Cecil A. Bowden of Jerome, Eugene Burke of Winslow, D. T. Frey of Nogales, John C. Haynes of Tucson, Alex L. Jones of Prescott, Donald M. Keith of Oatman, William D. King of Douglas, Wellington T. Lucas of Oatman, Everett W. Mattoon of Kingman, DeWitt Murray of Globe, John L. Sullivan of Jerome, H. J. Norris and Jesse E. Wanslee of Phoenix.

The final rites will be administered by Supreme Justice H. D. Ross at 10 o'clock this morning, after which the new attorneys will be full fledged practitioners.

STATE FAIR

Tombstone has a large contingent in attendance at the State Fair at Phoenix, who will remain until the end of the week, when the fair closes on Saturday.

FROM BENSON

Cattle Inspector Billy Bennett of Benson, was a visitor in the city today on business.

VISITED LIGHT

M. W. King, local carpenter spent yesterday in Light in the Sulphur Valley returning home last night.

VISITING SISTER

Mrs. Mandeville of New Mexico, arrived in the city yesterday and will be the guest of her sister, Mrs. Amundsen.

FIELD MEETING

The K. K. K. Club met at the home of Miss Emma Johnson last Saturday evening. The evening was spent in playing games, music and singing, after which delicious refreshments were served. The next meeting will be held one week from next Friday, at the home of Miss Olive Holland.

TO MAYO HOSPITAL

Mr. and Mrs. Amundsen and children will leave the city tomorrow morning. They will be accompanied by Mrs. Mandeville of New Mexico, a sister of Mrs. Amundsen, who will take the children to her home, while Mr. and Mrs. Amundsen will proceed to the Mayo Bros. Hospital in Rochester, Minn., where Mr. Amundsen will undergo an operation.

OPEN GARAGE

Fred Reed and W. H. Matezel have opened the old Fixit Garage and named it the Tombstone Garage, and are now awaiting the arrival of their tools and equipment and as soon as it arrives will be prepared for work. A full line of supplies and accessories, as well as gas and oil will be had.

FROM TURNER

Al Turner, well known rancher of Turner was a visitor in the county seat today on business, returning to his home this afternoon.

GLEESON VISITORS

Thos. Lannon and Louis Mosso of Gleeson, were among the visitors in Tombstone today attending to business, having motored over this morning. They report a large number of men at work in the mines at Gleeson, with two shifts at work and shipment of several carloads of ore daily to the smelters at Morenci.

AT PHOENIX

Miss Johanna Kohlen and mother, Mrs. Kohlen, are spending the week in Phoenix taking in the state fair, and visiting with Mrs. Kohlen's daughter, Miss Laurett, who is taking a commercial course. During the absence of Miss Kohlen in Phoenix, Miss Ada Western is occupying her place as day operator in the local Mountain States Telephone Office.

WARMER WEATHER

The weather today was like a spring day, and coming after the recent cold spell, was welcomed by Tombstonites, who thought winter was here. A considerable number of cases of grippe, resulting from the sudden change in weather are reported.

KILLED LARGE MOUNTAIN LION

C. B. Murphy, known by his friends as "Chick" Murphy, brought into Tombstone yesterday the hide of a huge mountain lion, which he killed in the Huachuca mountains, while deer hunting. Mr. Murphy together with A. T. Athey and Frank Smoots had gone to the mountains after deer, and while seeking the big game Mr. Murphy heard a rustling near by and upon turning around saw the huge lioness coming toward him. Turning and taking quick aim Mr. Murphy opened fire with his rifle when the animal was but a short distance from him. His gun, a repeating rifle, hung up after the first shot, and Murphy, drawing his pistol began firing with the small weapon on the animal who was still coming. When a few feet from the hunter the lion dropped and examination revealed that the first shot from the rifle had taken deadly effect directly between the eyes, the bullet lodging just under the hide at the back of the head. By this time the other hunters, Mr. Athey and Mr. Smoots, hearing the shooting arrived on the scene and together they skinned the animal and brought the hide to town as evidence. Mr. Murphy says he was glad to get the hide, and will have it tanned and made into a rug, but if it takes another experience like that of yesterday he doesn't care to go through it again.

TO GLEESON AND COURTLAND

Manager Harry Evans of the local office of the Mountain States Telephone company motored to Gleeson and Courtland yesterday, where he looked over the equipment of the New State Telephone Company at the two places, which has just been taken over by the Mountain States Company.

TO STATE FAIR

Assessor E. A. Hughes and family, and Deputy Assessor Walter Thomas and wife are spending several days in Phoenix in attendance at the State Fair.

BROUGHT PRISONERS

Deputy Sheriff Percy Bowden was in the city a short while yesterday afternoon from Douglas, having in charge six prisoners for the county all to serve time sentences, ranging from 60 days to six months, and who will get a chance to work out their time on the county highways.

BROKE FIRE HYDRANT

While rounding the corner of Third and Toughnut streets last night about eleven o'clock, S. H. Wein, of Johnson, ran into a fire plug breaking the hydrant off clean. He reported the matter immediately to Manager Gardner of the Huachuca Water Co., who got his forces together and repaired the damages, but for a while night hawks were given a chance to witness a real old fashioned geyser.

DRUMMER IN

G. W. Otey of the Phelps, Dodge wholesale department store was in the city today interviewing the trade.

NEW SWITCH BOARD IN USE

Manager Evans of the local exchange of the Mountain States Telephone and Telegraph Company announces that the new and modern switchboard and equipment has been installed, and that it is now in use for local service. This together with the new lines and wiring about the city now gives Tombstone an up-to-date service and equal to that of large cities.

ROM TURNER

Gene Larriue and brother Tom Larriue were in the city yesterday and today, from Turner on business connected with the Two Peaks Mining Company.

RS. F. M. DOAN PASSES AWAY

DOUGLAS, Nov. 17—Mrs. Annie Murray Doan, wife of Judge Fletcher D. Doan, passed away yesterday afternoon at the family residence, corner of Eighth street and B. avenue, following a sudden attack, the third within the week. Because of the apparent improvement in her condition, her death came as a great shock to her family and friends. Funeral arrangements have not yet been completed, but the body will be taken to Tucson for interment in the Masonic cemetery there beside the body of her son, Leslie Murray Doan. Mrs. Doan was about 63 years of age at the time of her death.

She and Judge Doan were married in Bowling Green in 1878. They resided there for a few years and then moved to St. Louis, where they remained for 10 years. In 1888 they came to Arizona, first locating in Yuma county, where they remained five years. They then went to Pinal county and lived in Florence until 1890 when they moved to Tombstone, where they retained their residence until 1912.

Mrs. Doan was the organizer of the Woman's club at Florence, had been president of the Woman's club in Tombstone and was prominent in the work of the Douglas Woman's club. She was a member of the State Federation of Women's clubs. She was also a member of the Eastern Star and was worthy matron of the Tombstone lodge.

HIDE BUYER HERE

Walter Fife, one of Tombstone's old timers, but now located at Los Angeles, where he is connected with a large hide buying firm, was in the city today buying all available hides for his firm. He reports that higher prices are now being paid for hides than ever before, occasioned by the non importation of hides from foreign countries owing to the war. They are going higher, he says, and incidentally shoes are being raised over the United States as a result.
