L. C. SPARKS, Mgr.

NEW YORK, May 4.

To DEMOCRAT:

Hearts has carried every congressional district in Chicago. This insure Democratic control of the overwhelming majority. Illinois has been accorded a majority, in spite of opposition of local and state democracy, which means Hearts if nominal, would carry Illinois by 70,000 majority.

W. F. ELMON.

1904—05 Years Old, 1904.

This is the birthday of Ten Valley the place, where under the management of L. M. Rice, the present owner of this paper.

Where Emlows May be found. On corner Kinckishd Hill.

Washington, D. C., May 3.—Nine million acres of land in southeastern Nebraska will be taken up by settlement at the Elkhorn bill, which President Roosevelt signed last night on his way to Chicago. Although it makes no difference to the state but Nebraska, it is of a special importance to the rest of the nation. It will result in a marked increase in the production of its products to the western Nebraska, and in the assessed valuation of property. The land sold for $5 per acre, or one section of land, may be settled on at five dollars an acre. Emlows only 150 acres could be taken. As the land is southwestern Nebraska is suitable chiefly for grazing purposes, it was possible for a settler to make a living on one-fifth, section, but he had no sales to homestead can keep enough cattle to drive on his land or to trust in his land, but not to trust in his part of the state.

Mary C. Hale, went on April 24th, the Nebraska land would be opened for settlement, under a provision of the new law, and it is believed that President Roosevelt, the President, that all the government land in Nebraska will be entered under the new act before fall.

Nebraska laws which are striking in vigor will be sold by the secretary of the interior, under the revaluation act and as most of the irrigable land has already been taken up the new law will apply to granting only.

The rounded country containing 300 acres in South Dakota, which is open under the revaluation act, is passed in immediately north of Nebraska land, which is to be opened, and a great part of settlers is expected into the two states within the next three months. The president will issue his proclamation, opening the land little daughter Martha, included in the last week or ten days, so that the land may be entered on or about July 1.

More Local.

Win. Ballard was in town yesterday.

Bob Gillispie was visiting in town yesterday.

J. H. Lee was up from Brownville on business last Sunday.
