

## Building for you!

A Greater City and a  
Greater Trade Center

Forward, ever forward! Progress, vigorous, untiring effort, throbbing, ceaseless energy—those are the standards of Sioux City.

In the building of new buildings (in 1919 it amounted to nearly \$9,000,000, in the paving of great highways, in big business conventions, Sioux City is moving irresistibly forward.

### And Now, for Bigger Things—

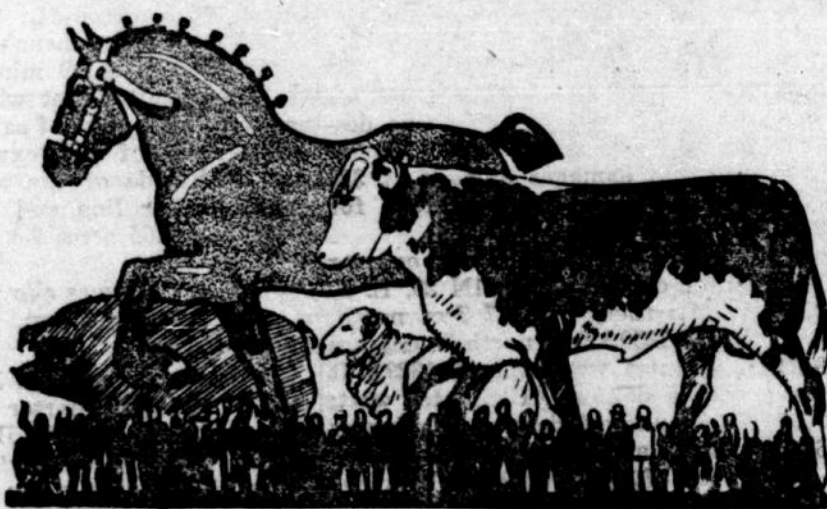

The Sioux City Chamber of Commerce is now running an aggressive advertising campaign, through trade journals and directly by mail, to reach many different lines of industry, to introduce new business here, to build the city's facilities, to make it a greater city and a greater trade center.

That is progress in its real sense—progress for Sioux City and for you!

Learn more of Sioux City's growth!

## SURE, WE'RE GOING!

The biggest livestock show ever held in these parts will be put on at the big South Dakota State Fair, Huron, September 13-18.

Every man, woman and child who can should attend the South Dakota State Fair.

There—under one top, you might say—will be the most entertaining and educational exposition of the year. The foods we eat, the clothes we wear, in fact everything of an essential nature in our daily life, will be exhibited in some form or other.

Of course there will be auto races, aerial acrobatics, and other entertainment features that will attract thousands of visitors to the fair. But the fundamental principles underlying the fair is its organization for the improvement and increased production of live stock and farm products.

Wonderful progress has been made the past few years in the improvements of breeds of live stock. Our state ranks as one of the leading agricultural states of the union, largely because of the part which the fair has played in encouraging the raising of pure-bred cattle, horses, swine, sheep and poultry.

Few persons realize what a wonderful community it is in which we live. A visit to the fair will acquaint us with the resources of the state.

Ability to increase production won the war but still greater production is needed to cut the high cost of living. Increased production of all live stock is one of the principal reasons for the big amount of premiums for live stock offered by the South Dakota State Fair.

## Our Gain

Our profit on a bale of binder twine doesn't amount to much—in fact, it is probably considerably smaller than any other merchant would accept on any sale of equal volume. Of course, there are some brands of twine on which we'd make more money than we do on Deering—but our ultimate gain wouldn't be as much.

No, we don't make much profit on a bale of Deering twine although it sells for just a trifle more than some other twines. But we do gain considerably by supplying our customers with this reliable high-quality product because of the greater satisfaction it gives the user.

It means a good deal to us to have your good will. That's why we prefer to sell you good binders and good twine to go with them, because no binder will work satisfactorily with inferior, poorly spun twine. You are safeguarded against length shortages, poor tying and breakage, when you use

### Deering Twine

Guaranteed for weight, strength and length.

### NOTICE.

State of South Dakota, County of Haakon, In County Court.

In the Matter of the Estate of Joseph Neville, Deceased.

It appearing to this court from the petition of J. E. Kurka the administrator of the estate of Joseph Neville, deceased; that it is necessary and that it would be for the advantage, benefit and best interests of the estate and those interested therein, to sell the whole of the live stock in the said estate for the purpose of raising funds to pay outstanding indebtedness and costs of administration and for the reason that the said live stock is an expense to the estate and not the source of any income thereto;

Therefore notice is hereby given to all persons interested in the said estate to appear before this court on the 7th day of August, 1920 at 10 o'clock A. M., at the office of the County Judge in the City of Philip, Haakon County, South Dakota, and then and there show cause why said petition should not be granted and an order made authorizing such sale.

Dated at Philip, South Dakota the 24th day of July, 1920.

By the Court:  
O. K. WHITNEY,  
County Judge.

Attest:  
A. S. ANDERSON, Clerk  
July 29—Aug 5

### Notice for Bids.

Notice is hereby given that bids will be received by the clerk of Grandview School District No. 64 Jackson county South Dakota, for furnishing eight tons of soft coal the same to be delivered at the East School House of said District. Bids must specify kind of coal and be in the hands of the clerk on or before August 20th, 1920.

Esther B. Williams, Clerk. P.O. Cottonwood, S. D. 37 3t

## Save Money—Put Goodyear Tires on Your Small Car

Avoid disappointment with tires made to be sold at sensationally cheap prices by using Goodyear Tires built to deliver maximum mileage at minimum cost.

The high relative value built into Goodyear Tires, of the 30 x 3-, 30 x 3½-, and 31 x 4-inch sizes, results from the application of Goodyear experience and care to their manufacture in the world's largest tire factory devoted to these sizes.

Such facts explain why more cars, using these sizes, were factory-equipped last year with Goodyear Tires than with any other kind.

If you drive a Ford, Chevrolet, Maxwell or Dort, take advantage of the opportunity to enjoy true Goodyear mileage and economy; equip your car with Goodyear Tires and Heavy Tourist Tubes at our nearest Service Station.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50  
30 x 3½ Goodyear Double-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit with flak costly casings when such sure protection is available. \$4.50  
30 x 3½ size in waterproof bag
