

HAVE YOU A CHILD?

Many women long for children, but because of some curable physical derangement are deprived of this greatest of all happiness.

The women whose names follow were restored to normal health by Lydia E. Pinkham's Vegetable Compound. Write and ask them about it.

THE NEWEST REMEDY FOR BACKACHE, RHEUMATISM AND DROPSY
Kidney, Bladder and Uric Acid troubles bring misery to many. When the kidneys are weak or diseased, these natural filters do not cleanse the blood sufficiently, and the poisons are carried to all parts of the body. There follow depression, aches and pains, headaches, drowsiness, irritability, chills, and rheumatism. In some people there are sharp pains in the back and loins, distressing bladder disorders and sometimes obstinate dropsy. The uric acid sometimes forms into gravel or kidney stones. When the uric acid affects the muscles and joints it causes lumbago, rheumatism, gout or sciatica. This is the time to send Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., 10c for large trial package of "Anuric."

During digestion uric acid is absorbed into the system from meat

and, even from some vegetables. The poor kidneys get tired and backache begins. This is a good time to take "Anuric," the new discovery of Dr. Pierce for Kidney trouble and Backache. Neglected kidney trouble is responsible for many deaths, and insurance companies examining doctors always test the water of an applicant before a policy will be issued. Have you ever set aside a bottle of water for twenty-four hours? A heavy sediment or settling sometimes indicates kidney trouble. If you wish to know your condition send a sample of your water to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and describe symptoms. It will be examined without any expense to you, and Dr. Pierce or his medical staff will inform you truthfully. Anuric is now for sale by dealers, in 50c pkgs.

Shipping Fever
Shrimps, crabs, oysters, clams, and all other shellfish are carriers of typhoid fever, cholera, and other diseases. They are also carriers of the bacteria which cause the "shipping fever" which is so common among sailors and seamen. To protect yourself and your family, always cook shellfish thoroughly before eating it. Do not eat shellfish if you are sick or if you have been in contact with someone who is sick. Do not eat shellfish if you have been in contact with someone who has been in contact with someone who is sick.

BUSINESS IN CANADA IS GOOD

Successful Crops and Big Yields
Help the Railway.

The remarkable fields that are reported of the wheat crop of Western Canada for 1915 bear out the estimate of an average yield over the three western provinces of upward of 25 bushels per acre. There is no portion of that great west of 24,000 square miles in which the crop was not good and the yields abundant. An American farmer who was induced to place under cultivation land that he had been holding for five years for speculative purposes and higher prices, says that he made the price of the land out of this year's crop of oats. No doubt, others, too, who took the advice of the Department of the Interior to cultivate the uncultivated land, have done as well.

But the story of the great crop that Manitoba, Saskatchewan and Alberta produced this year is best told in the language of the railways in the added cars that it has been necessary to place in commission, the extra trains required to be run, the increased tonnage of the grain steamers.

It is found that railway earnings continue to improve. The C. P. R. earnings for the second week of October showed an increase of \$762,000 over last year, the total being only \$310,000 below the gross earnings of the corresponding week of 1913, when the Western wheat crop made a new record for that date.

The increase in C. P. R. earnings for the corresponding week of that year was only \$351,000, or less than half of the increase reported this year. The grain movement in the West within the past two weeks has taxed the resources of the Canadian roads as never before, despite their increased facilities. The C. P. R. is handling 2,000 cars per day, a new record. The G. T. R. and the C. N. R. are also making new shipment records. The other day the W. Grant Morden, of the Canada Steamships Company, the largest freighter of the Canadian fleet on the Upper Lakes, brought down a cargo of 476,315 bushels, a new record for Canadian shipping. Records are "going by the board" in all directions this fall, due to Canada's record crop. The largest Canadian wheat movement through the port of New York ever known is reported for the period up to October 15th, when since shipments of the new crop began in August, 4,265,791 bushels have been reloaded for England, France and Italy. This is over half as much as was shipped of American wheat from the same port in the same period. And, be it remembered, Montreal, not New York, is the main export gateway for Canadian wheat. New York gets the overflow in competition with Montreal.—Advertisement.

Watched Her Step.
The lawyer was cross-examining a witness.
"Do you happen to know," he asked, "what time it was when the wife of the defendant stepped into the taxicab in front of the National bank?"
"Yes," replied the witness. "It was seventeen minutes past one."

"Ah, it was seventeen minutes past one, eh? Now will you please tell the jury how you happen to be so positive that it was precisely seventeen minutes past one?"
"Certainly," said the witness. "The lady was wearing an ankle watch."

International Sunday School Lesson
(By E. O. SELLERS, Acting Director of Sunday School Course of Moody Bible Institute of Chicago.)
(Copyright, 1915, Western Newspaper Union.)
LESSON FOR NOVEMBER 28
AMOS, THE FEARLESS PROPHET.

LESSON TEXT—Amos 5:1-15.
GOLDEN TEXT—He that hath my word let him speak my word faithfully.—Jer. 23:28.

Among the prophets Amos bulks large. His message (B. C. 787 ?) is most thoroughly modern and its application to our present day problems deserves careful consideration. Read the entire book prayerfully. Chapters 1 and 2 enumerate the sins of the nation and of Israel: 3-6 contain addresses of the prophet: 7:1-9, 10 records his visions and the conclusion, 9:11-15 is a Messianic prophecy. The modern prophet of social service and those who neglect a proper consideration of "applied Christianity," both ought to ponder well this passage.

I. Jehovah's Lamentation, vv. 1-3. The words of this lesson are those of Jehovah spoken to the house of Israel but apply to all people of all ages. Verse one is a prophecy of the master's grief over the holy city (Luke 13:34; 19:41). Outwardly rich and opulent, in Jehovah's sight the nation had already fallen (v. 2 R. V.) and there "is none (present tense) to raise her up." Israel is personified as a maiden sorely wounded. Spoken decades before, Israel did fall and has risen no more. But there is a possibility of mercy. There is here a command and a promise and those who obey the command will obtain the promise of life.

To "seek ye me" (v. 4) is to turn the face to him rather than to turn the back. It implies the forsaking of all evil thoughts, you, our own thoughts and ways and to turn unto him who will abundantly pardon (Isa. 55:6-7; Deut. 30:28). There is life for the most outbreathing and outrageous sinner if he will seek the Lord.

II. The Prophet's Exhortation, vv. 4-9. The places mentioned in verse five had each been made sacred by God's presence and subsequently degraded by idolatry. Bethel especially so. (Gen. 12:8; 28:10-18; 1 Kings 12:29-29). These new religions and the false worshiping were beguiling even the sincere and unwary, hence the warning. We need to beware of the mapfold "new cults" lest we depart from the faith of our fathers. America is today standing upon a social and religious crater in many ways similar to ancient Israel. God is either a consuming fire (Heb. 12:28-29; Mark 9:43-49) to the impenitent or else a minister of grace to those who repent. Verse seven is a suggestion regarding the rulers of that day and finds far too many counterparts in our own times. In verse 8 Jehovah exhorts the people to "seek him and live." In verse 9 the prophet utters the same cry. Now (v. 8) the appeal is to seek him because to do so is wisdom. (a) It is he "that maketh the stars," the earth, yea, everything, and it is well to be on his side (Ps. 19). (b) He "turneth the shadow of death into morning" (R. V.) (see Ps. 30:5). Who can comprehend the vast host of his saints for whom this has been done? (c) He "maketh the day dark with the night" (R. V.). This he is doing repeatedly. The God who set the day in its turn can also turn it aside; he has done it both past and present.

III. The Word of Application, vv. 10-15. Sinners always hate the man who rebukes their sin. Scripture is not needed to prove this fact, for we see it today. We are specifically warned against the praise of the wicked (Luke 6:26) and any true and upright witness for Christ knows that he is abhorred by those whose lives are crooked. (John 3:18, 20). Verse 11 (A. V.) sounds very much like many of the strictures that are being made regarding the acts of some of the rich of today. How frequently we behold mansions built from the proceeds of oppression deserted by the ones who anticipated their occupancy. How few fortunes are really expended and enjoyed by those who make the accumulation. The manner by which we accumulate, our conduct towards the just (Acts 7:53), our acceptance of bribes, and our neglect of the needy and the poor is all known to God. (v. 12). "Therefore," even as today it is difficult and costly to get justice in our courts, even as iniquity is rapidly growing in the earth, about all the prudent man can do is to hold his peace, to wait upon God and watch for him. He it is who must call with trumpet voice (Isa. 58:1) even though he does not speak with human lips. The fourth exhortation to "seek" (v. 14) is to search after the good, though the time be an "evil one."

True goodness is to "hate evil and love the good" (Ps. 97:10; Rom. 10:9). By this test we may know if we really hate sin, if we are truly righteous. We have churches and lack reverence; we have preachers but are not sufficiently conscious of our weak morals; we hear sermons yet our faith is flabby. We can get on without armies and navies, airplanes and submarines, kings and legislators, yet lacking in all of the conveniences of modern civilization, but we cannot exist, much less grow, flourish and triumph without God.

Prizes Awarded to Western Canada for Wheat, Oats, Barley, Alfalfa and Grasses

The winnings of Western Canada at the Soil Products Exposition at Denver were easily made. The list comprised Wheat, Oats, Barley and Grasses, the most important being the prizes for Wheat and Oats and sweep stake on Alfalfa.

No less important than the splendid quality of Western Canada's wheat and other grains, is the excellence of the cattle feed and fattened on the grasses of that country. A recent shipment of cattle to Chicago topped the market in that city for quality and price.

Western Canada produced in 1915 one-third as much wheat as all of the United States, or over 300,000,000 bushels.

Canada in proportion to population has a greater exportable surplus of wheat this year than any country in the world, and at present prices you can figure out the revenue for the producer. In Western Canada you will find good markets, splendid schools, exceptional social conditions, perfect climate, and other great attractions. There is no war tax on land and no conscription.
