Mrs. A. A. Heinemann Injured Mrs. A. A. Heinemann and children who are visiting relatives at Winnipeg, Canada, had a very narrow escape from being killed in a runaway accident while out driving a week ago Sunday. The team became unmanageable and started to run, and the occupants were hurled from the vehicle. Mrs. Heinemann was the only one in the rig that was injured and she sustained a compound fracture of the left lower limb. She was immediately taken to the hospital where everything was done to make her as comfortable as possible and the broken bone set. The children, who had accompanied her on the drive, escaped without an injury. Doctor Heinemann was wired to come at once and departed on the noon train last Monday. Word was received from the doctor after his arrival there stating that he found his wife severely injured and suffering from the nervous shock, but hopes to have her on the road to recovery in a few days. The hand of misfortune seems to have fallen heavily on the shoulders of the family, as Mrs. Heinemann's mother sustained a fracture of the shoulder recently, and is still confined to her home near Winnipeg.
