moize moNEX NEEDED. motie monex nerided.
The supply of money having been
wilfully and disatrously diminished, it
has become necessary to find some sort wilfully and diasatrously diminisbed, it
has become necessary to find some sort
of ofloial authorisy for the preposterous of oflicial authority for the preposterous
proposition that nobody really needs ac
tual maney any

 to prove this proposillon. The invesil-
gation was narrow and partial, but, so
fact gar ss $1 t$ went, $1 t$ indloated that over
per cent. of the retall trangactiong
it of this country are made with onkh. This
was somowhat discouraging to the theo-
zista who had been deolaring that Wista who had been deolaring thas
per cent. of the total exohanges ar
made with bank cheoke, and so $M$ made with bank eheoks, and
Comptroller Eekels is about to tr
again, with snother inquiry. It
asrdly necessary to hardly necessary to soy that results ob
tafned by perions who are very eager
prove the correctness of a preconcelved prove the correetness of a preeoncelve
theory are always open to suaplolon.
One part of the proposed inquiry wil One part of the proposed inquiry win
beadetermination of the degreein whic
wages are pald with ohecke. Wages are pald with obecks. The re
quirement of monay for wages is the sung upon whloh all these fforts to show
that money is not much needed, swor hua moner wreked. Ohook payments fo
usually
wazes are surely fow in number; bo wazes are surely few in number; but,
suppose they ware many in number
what then? $\Delta$ laboring man does not de poitit wage-check. He has is oashe
so that he can get money to apend; and
so whather an employer cashes one big
cheork to checik to pay wages, or pass in many
small checks which the reciplents turn into cash. The whole iden that mone
ts not a positive eesential of the succe日s.
ful operation of the social maccininery it
a del a delusion of the mosi fatal character.
It is contradicted by experlence and by
common sense; and it would never hat common sense; and it would never have
been conceived by asne mind had not
the poliogy of whithrawing the people's practioe for the benefit of certain influ-
ential interesta.
