LIUTENANT FISHER. ANOTHER ACCOUNT.

Lordsburg, N. M., Dec. 24.—A fight occurred near Duncan to-day, between a party of men and quite a large body of Indians. The attack was made from an ambush of rocks and but little time was afforded the whites to defend themselves. Several volleys were fired by the Indians, resulting in the wounding of three of the whites.

School Exercises.

The various exercises at the school-house yesterday were of a very interesting character. The Tombstone schools, under the present excellent management, are deserving of greater attention from our citizens. A reporter of the EPITAPH was present yesterday, and was both surprised and pleased to observe the marvelous progress made in our public school during the past year—especially pleased to witness the wonderful results effected by kindness and good management.

Dedicated to the Mugwumps.

The following contribution to the columns of the New York Graphic is from the pen of our esteemed townsman, Rev. J. H. Young. The Graphic says: "Obviously Rector Young draws a sharp line between mugwumps and genuine independents. His muse may be a little rugged and sardonic in tone, but nuisances are more effectively abated with carboic acid than with rosewater."

Oh, all ye mugwumps, come, listen to me, While I sing of our national pet— A Sheriff, a Mayor, a Governor, he, And he'll make a good President yet.

Your phenomenal vote in the year '72 Was an omen we could not forget. You endorsed him again; but before he gets through He will make a good President yet.

And again this gubernatorial year, When your knives for our life-blood were whet, You swore by our Grover, and lied in his ear; But he'll make a good President yet.

Your hopes of success as the powers that would be, Must, by this, be considerably wet. But this rainbow of hope on your cloud you can see, That he'll make a good President yet.

The rascals already turned out by the score Are a thousand and one; and you bet That so the good work will go on more and more, Till he'll make a good President yet.

In Stockholm, Sweden, the Government runs the saloons. In this city too often the saloons run the Government.

As King Thebaw goes into exile he takes his suite of four with him, thus resembling a royal flush with a king at the head.

The dance at the skating carnival last night was largely attended. The lovers of this aluring sport are always sure of an enjoyable time at this popular resort.

The EPITAPH lives in the hope that before another Christmas rolls around, the Apaches will be removed from our borders and peace and prosperity will come to our people.

A party of Boston capitalists are en route to Arizona, for the purpose of purchasing the ranch and stock of H. C. Hooker. The agent informed an EPITAPH reporter that if they failed to make the purchase of Mr. H., some other portion of the Sulphur Spring valley would probably be selected.

The desire of the company is to secure a track of land, on which a large number of imported cattle will be placed in the near future. The EPITAPH will welcome the gentlemen to Cochise county, and trusts that a suitable locality may be obtained for the purposes desired.
