MANY WAYS OF SERVING TH POPULAR POTATO.

Easy to Avoid Common Mistakes in Preparation - Three Recipes That Are Used in Public School Classes.

"More than half the ills that tend the middle and latter part of life are due more to errone us habits of diet than to the use of a cohol, great as I know the latter evil to be."—

After the first potato lesson, says
Mrs. Mary Williams, instructor in domestic science, the girls have learned what mistakes are commonly made in the cooking of this vegetable and how to avoid such mistakes. They will to avoid such mistakes. They will not serve potatoes that are soggy and waxy instead of mealy. They know that potatoes should be left uncovered to allow the steam to escape, instead of recondensing and soaking into the starch.

The practical work in the second lesson on potatoes has to do with valesson on potatoes has to do with various ways of serving this vegetable. Potatoes appear on the table so often that this variety in serving is most important. The girls learn that with little trouble and expense they can prepare creamed potatoes, equal to those served in the finest hotels. The use of starch in thickening liquids for sauces and gravies is explained when making white sauce for the creamed potatoes. The important point in this is to keep the starch from lump-ing when it is used as a thickening material. There are three ways by which the lumping may be avoided. First, by mixing the starch with a lit-tle cold water before adding it to the hot mixture; second, by rubbing the starch with the butter or other fat before adding the liquid; third, by mixing starch and sugar together.

Before leaving the subject of potatoes it will probably be of value to

housekeepers (who dearly love reci-pes) to give some potato recipes which are used in public school

Creamed Potatoes.—Cut freshly boilcold boiled potatoes into one-Aspinwall Street and Apache
Avenue.

with Esauce (for Vegetables.)—But the more tables properties; salt one half

ter, two tablespoonfuls; salt, one-half teaspoonful; flour, two tablespoon-fuls; pepper, one-eighth teaspoonful; milk, one cupful. Rub the butmilk, one cupful. Rub the butter and flour together with a spoon in a small saucepan. Add the milk and stir steadily over a moderate heat until the sauce boils. Add salt and pepper. For richer white sauce use part cream. Cream sauce is white sauce made with all grapes instead of part cream. Cream sauce is white sauce made with all cream instead of milk. Use one and one-half teaspoon-fuls of flour to one cupful of cream Mashed Potatoes.—Mash potatoes

In the saucepan in which they were cooked, using a fork or a wire potato masher. When free from lumps to masher. When free from lumps add one-third cupful of scalded milk in which has been heated one table-spoonful of butter, one-half teaspoonful of salt, and one-eighth teaspoonful of white pepper. Beat all together until light and creamy. Heap in a dish without smoothing the top, or it may be put into a baking dish, the top brushed with milk and browned in a hot oven. Riced Potato.—Press boiled potatoes through a strainer or vegetable

toes through a strainer or vegetable press into a hot dish. Serve potatoes uncovered

Printer's Ink
