## REQUISITION ISSUED FOR NEWT MARLEY

Governor Sloan Honors Application For Extradition.

Sheriff Jos. F. Woods Leaves for New Mexico to get Prisoner.

From the Prescott Journal Miner: On the application of W. P. Geary, district attorney of Navajo county, presented by Joseph F. Woods, sheriff of the same county, Governor Sloan yesterday issued a requisition on the Governor of New Mexico for the return to Winslow, Arizona, of Newt Marley, a fugitive from justice, now in Roswell, N. M. Sheriff Woods left last Monday for Roswell to secure the prisoner, whose arrest was asked for by wire, says the Phoenix Republican.

The charge against Marley is that he conspired with his father and four brothers in the stealing and butchering on the range in that county, of cattle that did not belong to them.

Sometime ago publicity was given a very sensational case in Mohave county, in which a well known cattleman was charged with similar lawlessness. The story was rather an interesting one and showed that the crime had been committed deliberately and after careful planning. At the same time casual mention was made that similar conspiracies had been carried out in the neighborhood of Winslow but the facts were not published as the men were not in custody.

An affidavit made by O. L. Hart of Coconino county, filed with the application for requisition in the Marley case, recites that criminal proceedings in Navajo county charge the six Marleys, father and five sons, with this cattle stealing conspiracy; that the other five have all had preliminary examinations and have been held to answer to the grand jury under bond of \$5,000 each and subsequent personal recognizance of \$1,000 in each case; that Newt Marley had left the country and was in Albuquerque, February 13, 1911, on his way home when he heard of the status of the actions against his relatives, and decided to stay away, subsequently going to Roswell.

The Mohave county case and the Navajo county case are two of the most notable violations of the Territorial laws in recent years in which the Live Stock Sanitary Board has been interested and for a long time the inspectors and officers of the board have been ferreting out the cases. They have been working quietly but vigorously, saying nothing, as they have been very desirous of bringing the guilty parties to justice, and if they produce convincing evidence will surely earn the commendation of cattlemen generally.

Mrs. Roy Brennan left last week for Prescott, where she will visit with relatives.

Mrs. L. A. Schaar and children returned Monday to the construction camp at Maine, after a week spent visiting relatives here.

Dispatcher C. E. Schaeffer made an inspection trip over the first and second districts during the week past, spending a day or two at Albuquerque.

Mrs. T. E. Kiernan left Monday for Los Angeles where she goes to visit with her sister who is a patient at the Santa Fe Hospital.
