WINSLOW, NAVAJO COUNTY, ARIZONA, AUGUST 29, 1919.

NO. 27

Local Happenings.

Mr. Jesse Smith is in town this week from the Reservation.

Lewis Fisher is in from the ranch on a pleasure and business trip.

Mr. Tom Dye was in town Monday from his ranch south of town.

Mrs. Lester Fuller left Tuesday for Flagstaff, where she will visit with friends.

Charles Cahn, the local Merchant Prince, was in Holbrook Tuesday on business.

Mrs. Bert Savage and son returned this week from a delightful month's visit in Los Angeles.

T. M. Quebedeaux, Dr. R. G. Bazell and E. R. Chambers were in Holbrook Monday on business.

Mrs. Curtis returned this week from the east where she has been visiting the past several weeks.

Misses Louise and Ella Dadey spent the week end at the home of their parents, Mr. and Mrs. Martin Dadey.

The Misses Hilliards of Albuquerque, are visiting this week at the home of their aunt, Mrs. James Claffey.

Wednesday afternoon Mrs. Claffey entertained in honor of the Misses Hilliards, of Albuquerque, with a daintily appointed tea.

Paul Luck, and sister Miss Luck, Leo Aherns and Mr. and Mrs. A. R. Goldman motored Sunday to Grand Falls in Mr. Goldman's new car.

Walter McLaws and wife motored down from their ranch at Joe City Sunday. Walter has many friends here who are always glad to see him.

Miss Doris Rogers, who has been visiting the past month at the home of Mr. and Mrs. Hugh Sherrill, has returned to her home in Comanche, Texas.

Robert Moore, better known as "Dinty" returned this week after two years spent in the service. He has resumed his old position with the Santa Fe.

The reason of the smile on the face of the genial Chevrolet agent Harry Seigmund is that his wife has returned from Los Angeles, and Harry is now looking for a house.

Miss Beulah Chambers returned home from Los Angeles this week, accompanied by her cousin, Miss Marion Chambers, who will remain in Arizona this winter.

Mr. Mongahon, a plumber of Los Angeles, is here going over the plumbing in the school building. Mr. Mongahon is the man who secured the original plumbing contract for the schools.

Mrs. J. J. Abell returned Saturday from an extended visit at the home of her parents in Blackwell, Okla. Mrs. Wm. R. Peck, mother of Mrs. Abell, returned home with her. Mrs. Peck left Monday for California for a month's visit.

Mrs. N. S. Bly and children returned this week from several weeks vacation spent in California. While there, her daughter, Virginia, had the misfortune to have been run over by a street car and suffered quite painful injuries, but is now able to be around and on the road to recovery.

John W. Biller returned home this week after being discharged from the army at Fort Bliss. John says he has traveled over all the United States and most of Europe and nothing looked half as good to him as Winslow. He has gone to Los Angeles for a week's visit and will return and resume his old position with the Western Union.

Les Hart, the cattle king of Flagstaff, is in town this week on business.

Miles Heitzberg, of the Sawyer & Wolfe Sheep Company, is in town this week on business.

Will Freeman, of Snowflake, was here this week, coming down to destroy some infected live stock.

Ben Ferguson, engineer for the Corporation Commission, was in town Wednesday enroute to Holbrook.

Mrs. Ben Doolittle returned home Tuesday from a two weeks visit at Topeka, Kansas, visiting her parents.

C. D. Richardson, of Richardson Bros., Indian traders, went to Castle Buttes Wednesday on a business trip.

Miss Francis Moore and Mrs. Harvey returned this week from a three day's sight-seeing trip to the Grand Canyon.

We acknowledge a very pleasant call from our friend, Os Flake, of Snowflake, who is here with the live stock squad.

Reverend Barkley of the Baptist church, returned home Monday from a week's visit at Flagstaff and the Grand Canyon.

Farm Supervisor Fillerup was in this city Tuesday, coming here with the live stock squad, which is touring the state in the interest of stockmen.

George Spence is in town this week on business. Mr. Spence is manager of one of Richardson Bros. Indian trading stores on the reservation.

Miss Rickle, of Flagstaff, is visiting with friends here this week. Miss Rickle has been employed as a teacher in the High school for the coming year.

Wednesday afternoon Mrs. A. S. Brayman and Mrs. E. C. Gilpin entertained a party of their friends at the home of Mrs. Brayman in honor of Mrs. Roach.

Miss Jeanette Wilcox of Great Falls, Montana, who is visiting at the home of Mr. and Mrs. Hubert Richardson, has accepted a position as teacher in the high school, and will remain here this winter.

Carl Behn, Sr., and wife are expected home Tuesday, but due to the tie-up of the railroads, they were delayed. Mr. and Mrs. Behn have been in New York City the past month, purchasing their fall supply of goods.

Kenneth Myers, assistant cashier of the Arizona State Bank, returned Tuesday night from a month's visit in Iowa, and from there he went to Billings, Montana, to spend a week visiting with his parents. Mrs. Meyers will return at a later date.

Mr. and Mrs. J. D. Thomas and daughter, Rachel, of Holbrook spent the week end at the home of Mr. and Mrs. T. M. Quebedeaux. Mr. Thomas, better known as Judge, is the cashier of the Merchants' and Stock Grower's Bank at Holbrook.

Rev. Andrews, of the Methodist church started Tuesday for his ranch near Prescott, but after driving out of town a few miles, had the misfortune to break the connecting rod on his automobile and was compelled to return to town, so the usual services will be held at the church this Sunday.

The Culture Club is giving a farewell party at the home of Mrs. V. C. Proctor on Thursday afternoon in honor of Mrs. N. T. Roach, who is leaving for Florence Saturday. Mrs. Roach was one of the organizers of the club, and has been an enthusiastic member, contributing many valuable and interesting papers, and will be greatly missed by the Club.

Oil Notes

It is reported that the Adamana well is making good progress, having made more than 700 feet the present month. It is claimed that they are near 1700 feet.

The Wind River Co. have not drilled for the past three weeks, although it is stated that their cable and other supplies are at the Holbrook station, but up until this morning had not been taken to the well. This delay sparing for leases, will not materially strengthen the Hopi stock or confidence in the management.

The Holbrook Oil Company is now making good progress, having received their needed repairs and immediately took them to the field and began operation last Thursday. They have the heaviest rig on the field. This company is headed by Ex-Governor Meiklejohn of Nebraska, and Jack Marden of this state, two good men.

The first well of the Black Lime Oil Co., of Texas, in which several of our citizens hold stock, was a "Duster," but the company is drilling two more wells the deepest being 2900 feet at last reports. The third being in the Desdemonia pool.

After nearly six week's delay it is now reported that Silver Cycle in block 75 of the Burkburnett field brought in a Gusher, and it took more than 24 hours to get it under control. It was later reported that they had some fire, but did little damage, and the well is reported now as flowing between 1,800 and 2,000 barrels per day, and the pipe line is only able to take half of the product at this time.

It is stated that Fred Craise, the special geologist for the Allen Oil Company, was delayed in reaching here on account of no train service out of Los Angeles. Mr. Craise was in the Ventura field, and there being no train service, had to reach Barstow by "Jitney." We expect a more definite report relative to the Allen Oil Company for our next issue.

Secretary to State Prison

N. T. Roach, who has been collector for the Water Company and Electric Light Company here for the past several years, has secured a nice promotion, having been appointed by Governor Campbell as secretary to the state prison at Florence. Mr. and Mrs. Roach will leave here Saturday to make their future home in Florence. Mrs. Roach had been employed in the city schools as teacher for the coming year, and her resignation will create a vacancy which will be hard to fill. The many friends of this popular young couple will be glad to hear of Mr. Roach's promotion, but they will be greatly missed in the social life of the city.

Base Ball

We are in receipt of a letter from Mr. McKloskey, assistant manager of the Snowflake ball team, in which he seems to think that they have some ball team, in fact one which can beat any team in Winslow, and they are very desirous of coming down here at any time and demonstrate the fact. We have turned Mr. McKloskey's letter over to the local manager and we are quite sure that we can arrange a game for them in the near future. We have seen the Snowflake team perform and they are a very good aggregation of ball tossers and will give any team here a run for the money.

Navajo County Fair

The Navajo County Fair Association wishes, to particularly call attention to the Floriculture Department under charge of Miss Alice Young of Taylor, Arizona. Miss Young had charge of this display at the first annual fair and her success in the handling of her department warrants the Association in asking for the hearty support of Navajo County for this Department. Let the display in this department be at least equal to the interest Miss Young is showing.

Floriculture is a phase of agriculture that is somewhat neglected in some parts of the county, and many could add much pleasure to their life, and add much to the beauty of their homes. Prepare your exhibits at an early date, and correspond with Miss Young in regard to them.

Free Mail Delivery

Mr. C. F. Dutton, inspector for the United States Postoffice, was in the city last week making an inspection of our side-walks preparatory to free delivery of mail. Mr. Dutton left the impression that he would approve the move, thus assuring us that we would have free delivery of mail in the city limits in the near future. When our sidewalks and paved streets are in, together with free delivery of our mail, we will have quite metropolitan airs.

British Ace in Town

Wallace Herne, formerly a Lieutenant in the Aviation Corps of the British army, is in the city this week. Lieut. Herne saw over two years service abroad, and is one of England's famous aces, having downed 17 German airplanes and 3 balloons. He is now in the Government War Camp Community Service, and until recently was stationed at Gallup. Mr. Herne is no stranger to Winslow, having been one of the speakers here on the last Liberty Loan drive.

Homes Wanted

Never before was there such a scarcity of houses here. We haven't the necessary accommodations for the school teachers this year, let alone the various out of town people who move here in the winter to give their children the advantage of our excellent schools. Twenty-five new four- or five-room modern houses should be built here at once, and they could be rented on long leases before finished.

Drug Store Moves

A. E. Gillard is this week moving his drug store on Front street into his new quarters on the corner of Second street and Kinsley avenue. Frisky will have an up-to-date store which will be quite an improvement to our business district.

Chas. E. Siegmund & Sons Used Car Bargains

1914 Ford with large enclosed delivery body, good rubber shock absorbers and mechanically O. K., \$350.

1917 Dodge touring in good shape; fair rubber and body. A good buy at \$350.

Cash or terms. Chas. E. Siegmund & Sons, 423 Kinsley Ave. Phone 266.

We are in receipt of a letter from Rev. Brewster from Flagstaff, where he has been attending a church conference, saying there will be regular services at St. Paul's Sunday consisting of Morning Prayers at 11 a. m., and at 8 p. m. his text will be Annual Labor, to which all the unions of the city are cordially invited.

The Missionary Society of the Christian church will hold their September meet Tuesday, September 2d, at Mrs. G. W. Bullock's. Every one cordially invited.

School Opens September Eighth

Preparations for the opening of school the second Monday in September are in a satisfactory manner and Superintendent Grover promises that everything will be in good shape on that date.

A large enrollment is expected and preparations have been made to take care of it. The attention of school patrons is called to some changes in the state school law. Attendance is now compulsory up to the age of sixteen whether or not the eighth grade has been completed. For example, a pupil completing the grammar school at 14 is required to attend high school for two years. This however will make little difference in Winslow as every year practically the entire eighth grade class enters the high school.

An unusually strong faculty has been secured and the utmost care was exercised in obtaining the best material available.

The following new teachers have been engaged for the high school:

Fred A. Price, principal and history. Mr. Price holds a degree from Baker University and has had a number of years experience as high school principal, coming to Winslow from Council Grove, Kansas. Mr. Price will also have charge of the Athletics.

Mr. Chas. A. Goodhall, Manual Training, is a graduate of the Kansas Manual Training College at Pittsburg, Kansas, and has had ten years experience as a practical carpenter and builder.

Mr. E. F. Lewis, Commercial, is a graduate of De Paul University, Chicago, and has been teaching for the last five years in the Chicago Schools.

Mr. John Branigan, Science and Military Training, is a graduate of the University of Nebraska, and has had several years experience in teaching and holds a Lieutenant Commission in the army, having served twelve months in France.

Miss Isabel Dinsmoor, Mathematics, is a graduate of the Northwestern University and has taught several years in Missouri High schools.

Miss Cleo Morgan, Fine Arts, is a graduate of the Warrensburg, Mo., Normal School, and has taken special work in the Chicago Institute of Art.

In addition to the foregoing the following high school teachers have been re-employed:

Pauline Claffey, Domestic Arts; Winifred Pearson, Music; Ione Wilson, Language.

Registration at the High School will be held Saturday afternoon, Sept. 6th, beginning at one p. m. All high school pupils are urged to register at this time as sufficient time may then be had to discuss schedules.

Word from Jack Gavin

We are in receipt of a letter from our old friend Jack Gavin, who is now secretary to Congressman Carl Hayden, and located in Washington. Jack enlisted in the army about one- and one-half years ago, and went to France as an Army Field Clerk, being discharged at Camp Meigs, Washington, July 31st, and was appointed secretary to Mr. Hayden August 1st. We are certainly glad to hear of Jack's advancement, and we feel sure that Mr. Hayden could not have made a better selection for his secretaryship. Jack was a former Winslow boy, having spent several years here as a clerk for the Santa Fe, and going from here to Phoenix on the Corporation Commission, from where he enlisted. He sends his best wishes to his numerous friends in Winslow.

Latest Strike News

Los Angeles, Calif., August 27, 1919.

TO ALL CONCERNED:

"Am just advised that the following notice addressed to members of the Brotherhood of Railroad Trainmen is being distributed today at Oakland.

"Advise all members of the Brotherhood that we will not engage in sympathetic strikes and tell our members that less than two months ago, one hundred and fifty-eight members of the Brotherhood were expelled from the organization at Winnipeg for sympathetic action while many of them lost their positions. Our members must return to work and uphold their contracts if they expect to retain membership and support of the organization."

(Signed) W. G. LEE.

Am also advised that local chairman, W. E. King, of Southern Pacific Brotherhood of Locomotive Engineers, West Oakland, post notice quoting telegram signed by Grand Chief Engineer Warren S. Stone, reading as follows:

"Effective at once, notify all members of the division that the strike is illegal from start to finish, all members of B. of L. E. will be required to abide by the laws of the organization and carry out contracts made in good faith, both with the individual roads and the Federal Government, failing to do, they will be expelled inside of twenty-four hours, unless there is a decided improvement there the government will take steps to operate the roads. You all know what this will mean. Impress upon every one the necessity of using sober thought and exercising common sense and not be carried away by a wave of mob law."

(Signed) WARREN S. STONE.

In connection with which General Chairman, L. L. Stanford of Southern Pacific instructed:

"Positive orders from Stone to instruct your men to perform usual duties and carry out agreement provisions."

WASHINGTON, D. C.

August 29, 1919.

All employes of Railroads operated by U. S. Railroad Administration:

The chief executive of the four train and engineers' organization have sent final and unqualified instructions today to their men on strike on the Southern Pacific, Santa Fe Coast lines and Salt Lake line, to return immediately to work, and are confident that the instructions will be complied with. The Railroad Administration has thought it highly desirable to give the organizations an adequate opportunity to obtain control of the situation, but the government is taking the necessary steps to deal with the matter without the lapse of further time unless this last effort of the chief executive proves successful. WALTER D. HINES, Director General.

New Equipment

"Bill" O'Hara, the tailor, has just installed new up-to-date modern machinery consisting of a steam presser, washer, boiler, extractor and all things necessary for a complete modern pressing, cleaning and tailor shop. Mrs. Furbush, a lady tailor of several years experience arrived this week from Denver and is working for Mr. O'Hara. "Bill" is now prepared to do all kinds of lady tailoring.

A Small Blaze

Thursday night about ten o'clock what threatened for awhile to be a very serious fire, broke out in the rear of the property at 207 west Fourth street. A coal shed, chicken house and hay shed burned to the ground, and the fire threatened the residence property, but due to the efficient work of the fire department the fire was confined to the out houses only. Mr. E. N. Wanders was owner of the property, and suffered a loss of about one hundred dollars, which was not insured. The fire was started from a lighted cigarette which some small boys threw into the alley.
