NORMAL SCHOOL NOTES

Although displaying plenty of fight and determination to run up the score, the Kingman five were subdued in a rather slow but interesting contest by Coach Drake's "Lumberjacks", last Friday evening, by a score of 32 to 12. During the first half, Kingman had every little opportunity to exhibit their wares, as the Lumberjacks were making intelligent use of the five-man defense. Kingman's inability to find the loop when opportunity favored them kept the tally to 17 to 2 at the half-way mark.

In the second frame, Kingman gradually perked up, thereby making the game more interesting. To a certain extent, the contest was marred by personal fouls. Kingman, however, carried off honors in this respect. Walter Carlson, of Flagstaff, handled the game efficiently.

The line-up was: Camp, Stevens, forwards; Hamblin (Captain), center; Naegle, Fillerup, guards.

Flagstaff will see a hot contest tomorrow when the Lumberjacks tangle with the Jerome quinces. Jerome always places high-class aggregations on the floor, and are usually runner-ups for high honors during the basket ball tournament. Jerome defeated the Lumberjacks last year on the Normal court by a one point margin.

President McMullen left last Sunday morning for a professional trip of about two weeks duration through the middle west. A meeting in Cleveland of the Department of Normal School Presidents and School Superintendents of the National Educational Association is the outstanding object of his trip. President Matthews, of Tempe Normal School, President Marvin, of the State University, and Superintendent C. O. Case all expect to attend the same meeting in Cleveland.

On the way, Mr. McMullen plans to visit some of the Normal Schools of the central states, among which are: Normal School, Charleston, Illinois; State Teachers College of Indiana, at Terre Haute; Harris Teachers College, St. Louis; the City Training School, at Indianapolis.

So many pleasant things happen at N. A. N. S. that we are always joyous. Last week, it was a visit from the new Normal School Board. Our new guardians are C. O. Case, of Phoenix. Mr. Case is not new in this capacity, having served on this Board earlier in the life of the school. He belongs to us also through his daughter, who teaches us art and color and all things beautiful.

Mr. Proctor, of Winslow is a "jolly good fellow" who oozes jollity and good fellowship.

Mr. Kennedy, of Williams, gives the necessary substantial dignity, without looking severe. We understand that Mr. Kennedy has been elected Secretary.

The Board met for the first time at N. A. N. S., attended assembly where they heard us play and sing, orchestra and Glee Club and cheer for our teams. Following the assembly an informal reception was held at which the members of the Board were introduced to the members of the faculty, after which a luncheon was served by the domestic science classes.

We liked them and we hope they liked us, and will come often to see us.

The third grade pupils entertained

Three Things PAINT Must Do

- 1st. It must cover the surface, be true to shade and not fade.
- 2nd. Resist change of temperature without cracking.
- 3rd. Stand the sun without blistering, chalking or peeling, endure last and satisfy

Bradley Vrooman Paints Will Do This

PAINT 3 to 4 years off your car by using Bradley Vrooman's auto Paint.

Paint your porch, Paint your kitchen, Paint your bathroom.

Varnish your furniture with Bradley Vrooman Varnishes.

TO HOME BUILDERS

A Guiding Hand and a Money Saver

How much rent have you paid in the last ten years? Part of it was unkeep—interest on the landlord's investment—and part was profit. That profit would be yours if you owned your home.

Now you have only rent receipts—no home. If you start now to build a home and let your rent money apply on the purchase price, you'll have the profit and the immediate comforts of home ownership.

It takes a little nerve, to be sure, and perhaps you don't know as much about building values as you'd like to, and so hesitate to build. We'll be glad to counsel with you. You can rely upon us for designs to fit your family and pocketbook and for advice on materials that prove most economical in the long run.

PROF. MASTERS LEAVING

Prof. W. Masters, the noted clairvoyant, who has been stopping at the Palace Hotel for several days will leave here March 4th, for California. During his stay here Prof. Masters has made many friends who will regret to learn of his departure. He has made a wonderful success while in Winslow, many people calling to see him at the Palace Hotel, and lots of others have made appointments for the remaining days of his stay. Prof. Masters is well and favorably known through out Arizona.

Seh. Moore has introduced S. B. 117, which amends the law to provide that selections from the Bible may be read as a part of the opening exercises of the morning sessions of the public schools.
