### ORGANIZE A BOARD OF TRADE.

The effect of the change of ownership of the Sonora Railway upon the business of Nogales is a subject of speculation among our merchants. The consensus of opinion is that it will be beneficial for the following reasons:

The Southern Pacific Company has unlimited resources, is controlled by able men, and while its policy may be selfish, its service is generally efficient. Every department of the road will be improved or renovated, to the advantage of travelers and shippers; it will become an integral part of a great continental system with proportional rates of freights, and fares, and cease to conduct a predatory warfare against foreign lines. Of course the S. P. Co. may bring some pressure to bear on our merchants to force them into the markets it controls, but the question of market is not material if other things are equal. The merchant is most interested in the volume of his trade and the profit in it. It is probable that our merchants will be restricted to certain territory and will not be permitted to ship to Tucson or Yuma, but in the other hand they will be maintained in their own domain against all competition. We do not believe that the S. P. Co. will make Guaymas a distributing point for the reason that it is not to their interest to do so. There is no doubt a line of steamers will be put on to handle the coffee trade of Central American through Guaymas, and the tea trade of the Orient, but these are transcontinental matters and do not directly affect us. The shops will certainly be removed from Guaymas to this point, as this is an economical necessity. If the Sonora coal-fields are as good as represented, the S. P. Co. will take an active interest in their development, and this consideration opens up a pleasant vista of manufacturing possibilities.

On the whole, we see in the change nothing to decrease our present growing trade and much to encourage us to hope for a brighter future for it. The S. P. Co. is, however, a business concern, and it behoves our people to prepare to deal with it as such. In order to this the merchants of Nogales should take immediate steps to organize a strong Chamber of Commerce for the proper consideration of matters affecting our trade interests.

ONE of the saddest accidents which has happened in this country was the killing of young George Webb last Monday by a premature blast. George was a bright boy and the pride of his parents hearts. He was just bordering on manhood and had a bright future before him. The young man had taken an active part in the affairs of life from an early age. He was a clerk in the U. S. custom house at 16, and when he was 17 years old he was editor and publisher of the BORDER VIDETTE, which paper he sold to engage in mining with his father in Sonora, having been foreman in the Favorita mine, for a year where he lost his life. George was a favorite with all who knew him and his tragic death has cast a gloom over this community. The many friends of Mr. and Mrs. Webb in this territory join the VIDETTE in extending sincere sympathy to the bereaved parents and relatives in this, their hour of affliction.

ELSEWHERE we give our readers an extract from the work on the History and Resources of Southern Arizona now being prepared by Mr. Hinzinger, which gives some idea of the material gathered from interviews with prominent people. This one extract is alone worth the price of the volume, which we are assured, will be full of just such matter, brightened with reminiscences of early days from the lips of men who have helped to build up Arizona.

THE business men of Nogales should by all means organize a board of trade. The town is of enough importance now to have a body to represent her business interests.

SOME of McKinley's Arizona appointments will help elect the democratic ticket next election.

So RICHARD E. SLOANE "got there" as judge of the northern district.

MARK HANNA and the trusts have got the Republican party by the tail with a downhill pull.

### SONORA NEWS.

#### Some Interesting Items From La Colorado.

Wm. Brown, foreman of the Colorado mill, sports the finest nag in the camp.

Rumors are afloat to the effect that Mr. W. Seeker and Miss Stuart are soon to be one.

The Colorado mill shut down Saturday morning owing to the scarcity of water.

They talk about the heat; but think of 110 degrees and no shade and behold the sign "Keep off the grass."

Naril Paderas happened to be one of the lucky ones who bought tickets in the lottery and drew \$5000. A good way to make money.

Tommy S. we believe has been trying to quit the bachelor's club. That is right Tommy, stay by Miss Mill and you are all o. k.

John Ross, who met with an accident in the Creston mines, some weeks ago, has been confined to his bed at the hospital ever since, but is slowly recovering.

It is rumored that a change will be made in the company store at La Colorado in which the Exploration company will take charge. We hope they will veto Mr. Dempsey's racket in short order.

Mr. A. H. Leavett, the watchmaker, is doing a rushing business in the repairing line. He has located in the same building with J. P. Furlong in La Colorado. Now is your time to get your watch overhauled.

The Hotel Grand Central is now vacant and is offered for rent by C. C. Rountree. Mr. Carnabastone, its former proprietor, moved to Hermosillo this week. We expect that C. Wadlough will rent it and move from Pretas.

The Amarillas mine is now run chiefly by Yaquis. The Americans lost their best friend when M. O. Mahon resigned. He had full charge and made a grand success. We hope that a little experience will teach this company that well-paid, responsible men are the cheapest in the end.

At noon on June 27, a fire broke out in a wood pile just south of Torres and near the round house. When discovered it was beyond control and soon the whole pile was on fire which was estimated to be about 5,000 cords. Mr. Tapia owned the wood and had no insurance. It will be a total loss to him. It is claimed that a Mexican tramp set it on fire by cooking his grub close by.

W. Mede, F. Jockes and Graymore returned from a long and difficult trip which they made for the purpose of prospecting the Delors mine in Chihuahua, which they report favorably. This claim was worked a number of years ago by a man named J. Dotson, who put up a 20-stamp mill and and hoist but on account of sickness was compelled to abandon it. Mr. Graymore will leave here in a few days well equipped to start up. They have other very valuable claims located on the Yaqui river which they will develop at once.

#### A TRAGIC DEATH.

##### George Webb is Killed by a Blast.

George W. Webb, the eldest son of Mr. and Mrs. Sam F. Webb, was killed last Monday at the Favorita mine in Sonora, forty miles from Nogales, by a premature discharge of a blast.

It was at noon and the men had loaded five holes to be fired as they went out for lunch. George went down to help set off the shots. He had lighted two and was lighting the third when the first one went off, throwing a large quantity of rock into his face and breast. Chape, a Mexican miner, who had attempted to help him but let his candle go out, was not hurt as he had moved about ten feet down the tunnel in which the accident occurred.

George was knocked down but was not entirely insensible. The men with the wounded boy's brothers, Sam and Morg, secured a quilt and cot and carried him out to the surface, where they administered to his sufferings as

best they could with their limited means. His sufferings were terrible, but he never lost consciousness until he died the same evening at 9:30 o'clock.

Morgen Webb was sent immediately after the accident, to Nogales for the doctor and to notify the parents.

Mr. and Mrs. Webb with Dr. Chenoweth, started as soon as they received the news, but they were met eight miles from the mine by a courier with the sad news that the boy was dead. Arriving at the mine they made a box and started to town with the body. The Mexican miners went ahead of the wagon and carried lanterns to light the way as the night was dark and the road rough. They walked for miles in this manner silent and sad.

The body had lain from Monday night till Wednesday evening and had it not been for the thoughtfulness of little Sammy Webb, to keep it wet with line water they would have had to bury him at the mine. By traveling all night, they were enabled to reach Nogales in time to have the funeral Wednesday evening at 6 o'clock. The funeral was from the family residence on Crawford avenue and a large number of friends and acquaintances were present.

The Workmen and Knights of Pythias of which Mr. Sam Webb is a member, both turned out. Funeral services were had at the house by Rev. S. V. Dilley.

#### The Grandest Remedy.

Mr. R. B. Greeve, merchant, of Chilhowie, Va., certifies that he had consumption, was given up to die, sought all medical treatment that money would procure; tried all cough remedies he could hear of, but got no relief; spent many nights setting up in a chair; was induced to try Dr. King's New Discovery, and was cured by use of two bottles. For three years has been attending to business, and says Dr. King's New Discovery is the grandest remedy ever made, as it has done so much for him and also for others in his community. Dr. King's New Discovery is guaranteed for coughs; Colds and Consumption. It don't fail. Sold by Chenoweth & Mix, Nogales, Arizona.

#### CRISP NOTES.

##### Duquesne and Washington Camp Notes.

WASHINGTON CAMP, July 2.

Capt. J. L. Hathaway was over to Nogales during the week.

Dr. F. H. Welles was over from Nogales during the week on professional business.

Harry Harrison and Frank Olsen were both stabbed San Juan's day by a Mexican gambler called Big Juan. They had all been having a time when they got into trouble with the Mexican who slashed the two men with a knife. None of the wounds are serious however.

Mr. J. S. Tebbets, vice-president and general manager of the Duquesne Mining & Reduction Co., is in the city. He reports works at the mines progressing in a most satisfactory manner. Big lodes of ore are opened up sufficient to justify the belief that the company have a large and very valuable property. The grade of the ore is not high, but can be worked on the ground at a fair profit. Some 250 tons of the ore has been shipped to Pittsburgh, Pa. for treatment. The working of this ore will determine largely the character of the works that will be placed at the mine. The company is working quite a force of men and lucky for old Tucson, they draw most of their supplies from here. Mr. Tebbets, during his present visit, paid out over \$4000 for merchandise. Tucson, as well as the company, is fortunate in having such an excellent gentleman in charge of the mines. He leaves on his return to Duquesne in the morning.—Citizen.

To Cure Constipation Forever. Take Cascarets Candy Cathartic. 10c. or 25c. If C. C. fail to cure, druggists refund money.

There is no better hotel at which to stop when you go to Los Angeles, California, than the Hollenbeck. Arizonans make this magnificent house their headquarters for they get first class treatment there at reasonable rates. The house is first class and up to date in every respect. Be sure and go there when you make your summer trip to California.

### BENSON ITEMS.

Joe Delaney is the proud father of a fine ten pound girl which arrived last Saturday. Joe is getting along very well.

W. C. Murdock, bill clerk for the S. P. at Benson has taken a thirty days layoff and returned to San Francisco to cure up the rheumatism. Mr. Clotfeller has taken his place.

General Foreman Turner of the shops at Nogales, came up from there Tuesday to receive S. P. engines Nos. 1632 and 1693 which arrived Monday.

Miss Elith Siewart, who has been visiting friends at Benson returned to Tucson last Saturday night. A large number of friends were at the depot to see the young lady off. She made many new friends here who will miss her pleasant company.

Ward McAllister Jimmie Keen has a lonely look on his countenance these days.
