

A WOMAN'S BACK

The Aches and Pains Will Disappear if the Advice of this Citizen is Followed

A woman's back has many aches and pains. Most times 'tis the kidney's fault. Backache is really kidney ache. That's why Doan's Kidney Pills cure it.

Many Belding women know this. Read what one has to say about it. Mrs. George Martin, E. State St., Belding, Mich., says: "For some time I was bothered by dull heavy pains across the small of my back and through my kidneys. I often had dizzy spells and headaches and I felt so weak that I could scarcely get about. On a neighbor's advice I procured a box of Doan's Kidney Pills at Connell's drug store and commenced using them. I was soon cured and for that reason I do not hesitate to give this testimonial."

Mrs. Martin gave the above testimonial in November, 1905, and confirmed it on May 26, 1909, saying: "I have used Doan's Kidney Pills on one or two occasions since I publicly recommended them, and they have always given me prompt relief from kidney difficulties. You are welcome to continue the publication of my former testimonial."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.
