Notice to Policy Holders.

Citizens Mutual Fire Insurance policy holders:

Since the signing of the order by Judge Shepard, on June 25th., we have succeeded in collecting \$9,400, and have nearly \$7,000 worth of notes, which makes our plan more than a success.

There will be money coming back to us all, settling on the 60 per cent basis.

You fellows that have been waiting before paying to see if we could collect enough on this plan, have no further excuse for waiting, so come on with your cash.

You haven't helped us any in making it a success, now don't hinder us by not paying so that we can clean up this affair at once.

Yours Truly,
J. L. BARBER.

P. S.—Be sure you take your notice when going to pay. I will be in East Jordan at Taylors Inn Thurs. July 25th. and will be glad to see any policy holders.

That the price of meats is to remain at top notch is the prediction freely made among the butchers of New York and other large cities of the east. Credence is given to the prediction by the unusual number of shops which are closing the first week in July. The usual custom is to close shops for certain hours during the summer, but this month even large shops are closing down entirely for the months of July and August. The butchers state that the setting in of the sultry season makes it improbable that prices can fall any lower, since under normal conditions rates are necessarily marked up because less meat is consumed at this time.

Camp Fire Coffee

open air? You can smell it now. How do you like it. Nero Coffee always has that same delicious taste. When mother pours it, your old "camp fire appetite" returns.

But for coffee to be good, you must have the right kind. Nero is a blend of pure coffee berries—properly roasted—and delivered fresh. We are sure you will like it.

Royal Valley Coffees

are without that bitter taste—that burnt flavor—that muddy color. They are unusually strong and make richer flavored coffee because they have so much more of that natural rich coffee oil.

Come in and buy a pound of our coffee and you will want none better.

The season for Graham Pudding, Muffins and Gems

is here again. There is no food so well adapted for use in the warm and hot months as that prepared from Graham Flour, if the Graham is the real true-to-name kind as it contains the natural phosphates of the grain. Our Graham is made from native wheat, cleaned, re-cleaned, and ground by one reduction on a French Burr, so that it contains all the natural elements of the grain. It is far better than all the so-called health foods and cuts down the high cost of living. Ask your dealer for it and get the
