## COURT ADJOURNS TO AUGUST 30TH.

The Circuit Court for Baraga county convened L'Anse Monday. Frank Jym-ericki, charged with the murder of Regina DeMars, was the first prisoner to be tried. The jury disagreed in this case at the last term of Court, but this time they rendered a verdict of not guilty and he was set free.

The case against Antoine Molesch, agent of the Bink Liquor Supply Co., charged with selling liquor to a person of Indian descent, was nolle prossed. The case against Victor Viras, charged with felonious assault, was also nolle prossed.

Andrew Hendrickson was convicted of felonious assault. He used a razor on a Mr. Fraser in Baraga last May, cutting him across the lips. Hendrickson was sentenced to from one to three years in the Marquette prison, with a recommendation of one year.

Thomas Bond was convicted of selling liquor without a license and was fined \$125, including the fine and costs. The second case against him on the same charge was continued to October term.

William A. Bond pleaded guilty to desertion and was put on probation for a year.

John C. Pryor was awarded judgment over Andrew Wantaja for \$251.90, the charge being assumpsit.

The case of Anna Burns against the Township of Baraga was started Thursday morning and still occupies the attention of the Court. Mrs. Burns is trying to recover damages to the amount of \$10,000 for injuries received June 19, 1912, when the outside platform of the Baraga township hall collapsed, as the people were standing on it, throwing her and others to ground, a distance of nearly fifteen feet.

### Baraga Beats Chassell.

On the Baraga diamond last Sunday, the Chassell nine was defeated by the Cubs by the score of 11 to 9. The vis-

itors led up to the seventh inning, when by misplays by the visitors and good hitting by the home boys, Baraga took the lead and held in. The batteries were: Baraga—Neelbit and St. Arnold and Neelbit and Rose. Chassell—Carpenter and Harrington. George La-Court and James Madden did the umpiring.

### Boost a Little Bit.

Anyone almost can be a knocker. It's easier to tear down than to build. So why not try to be a booster? With pessimists the world's already filled.

You can't expect that things will always suit you:

In melancholy judgement then you sit? No. Better far to help along a little; Better far to boost a little bit.

It never pays to join the anvil chorus. Or spread unkind reports about your town;

Many there are who hamper and retard it,

Who do their level best to run it down. What if it has its little failings?

It has its good points, also—hasn't it? So why not to the wheel adjust your shoulder;

Why not get out and boost a little bit?

A churlish dog may bay the moon in anguish;

The frog must croak, for nature willed it so,

The mules were placed on earth to do the kicking

(As any good zoology will show).

The good Lord has provided for the knocking,

So if a wider groove you long to fit,

Adopt this as a motto: "Be a Booster."

And then get out and boost a little bit.

The management wishes to impress upon the public mind the fact that in arranging for this Fair, they are trying to make it educational as well as entertaining. Arrangements will be made for the display of all products of the farm, and the public will surely be benefited by the exhibits in the different classes. We surely want to make our Fair a success, and in order to achieve this result, the hearty support of every farmer, merchant and manufacturer in the county must be given to the project.
