C. J. STUART'S,

And all in want should not buy until they have examined my Stock and got prices as I have the most complete Stock in the county. If you want to do your house work with comfort and economy buy a

VAPOR STOVE,

Of which we have a large variety, and we invite all, and especially ladies, to call and see them in operation. Order one sent to your home on trial, as we guarantee it to do as much work and as quick as the *Best Wood Stove made or no Sale*. Do not throw away your money on an Oil Stove that will only do half of your work, (and that the lightest half) but get a Vapor Stove and do it all. We have also bought a Stock of the well-known PETER A. VOIT

REFRIGERATORS,

And they are the best finished Refrigerator in the market, and will be cheaper than ever; all contemplating purchasing we invite to call and look them over. We are Sole Ag'ts for the

RAILROAD PAINT,

Acknowledged by all Painters to be the *Very Best Paint* in the market, and we guarantee a better finish, and to be more durable than any paint made, and to cost one-third less or money refunded. In **Locks and Knobs** we have a great variety, and can please any and everyone as we have all makes including the GILBERT PATENT KNOB, of which our competitors claim exclusive sale, but you can settle that question by calling and examining for yourself.

Estimates given on Plate Glass a Specialty.
