CZAR'S REMAINS AT THE CAPITAL. Multitudes of People Witness a Magnificent Funeral Pageant.

St. Petersburg, Nov. 14.—The remains of Czar Alexander have arrived here and been deposited under a splendid catafalque in the cathedral of St. Peter and St. Paul.

The route of the procession was six miles long and all St. Petersburg saw it. The line of march was black with peo-ple, while windows, balconies, and roofs were packed, all showing the greatest reverence for the ashes of the late ruler. The ocession itself was well nigh indescribably magnificent, and all the royal personages in the funeral party were in the pageant. At the cathedral as impressive ervice was performed.

Admiral Gherardi Retired.

FRANKFORD'S MIRACLE.

SAMUEL HART, A PARALYTIC, AS-TONISHES PEOPLE BY WALKING.

The Story of a Man whom Physicans had given up-Once a Cripple and a Paralytic, now as Spry as a Boy-His Recovery a Re-

markable one. (From the Philadelphia Record.)

The wonderful experience of Samuel J

Hart, of Frankford, has set the whole twenty-third ward talking.

Mr. Hart and his wife conduct a dry goods store at 4661 Frankford avenue. He is about seventy years of age, is a ploneer in the Frankford district. He fought for the Union bravely throughout the war with Colonel Gray's galant regiment, the Twenty-eighth Pennsylvania Volunteers, and is a leading member of Phil J. Kearney Post No. 55, G. A. R. He also belongs to Shackamaxon Tribe No. 116, of the Improved Order of Red Men, the Knights of Dethics and programs of the contractions. Pythias, and numerous other organizations. Here is the story he told a reporter of his wonderful cure which has startled Frank-

"Six years ago while I was working at my trade as a carpenter, I fell down stairs and fractured my skull, sprained my spine in two places and sustained other serious injuries. I was picked up for dead, carried home and laid for thirteen months utterly unconscious of my surroundings; in fact I was out of my mind. Then I had my skull trephined at the Hahnemann hospital," here Mr. Hart exhibited a small portion of his own skull bone which he carries as a pocket piece, "and I began to improve, but my spine gave me a great deal of trouble and eventually resulted in locomotor ataxia. First I found that I could not walk without two canes, I became so bent that I felt like a living interrogation point. Although 1 was under teatment by a skilled physician

"On February 14th last," continued Mr. Hart, "I was suddenly seized with locomotor ataxia. Both my legs below the knees were numb and completely paralyzed and I had a painful sensation about the hips. I fell and was confined for about five months in an invalid chair. Besides the paralysis of my lower limbs I suffered exeruciating pains in my back and legs, could not sleep soundly, my nerves were completely upset and my appetite went back on me, I would frequently go several days without eating a mouthful of food. Once I tried to raise myself in the crutches but I fell helpless forward and would have struck the floor had not the doctor selzed me. He told never to try and walk again. Then I was selzed with frightful convul-

sions which came on at intervals.

One day last June I happened to read in a newspaper of a remarkable cure, effected by Dr. Williams' Pink Pills for Pale People, of a man up in Maine suffering from locomotor ataxia. I told my wife about it, we both agreed that it would do no harm to try the pills and we got a supply. Before I had finished the first lot I was able to leave my invalid chair. The life blood again coursed through my once dead legs, and I put the chair up in the garret. It has been there ever since. I have steadily improved the chair up to the chair up and my legs are now as sound as eyer since and my legs are now as sound as a dollar. My form is more erect and I walk with the same springy motion that I had when I was twenty-five years old. Let me

give you an instance of my activity.

He picked up a cane, held it with both hands a slight distance apart and hopped through it and back again with the agility of a school boy. That is something very few young men can do, he said, with a touch of

pride in his tone.
"I suffer no more pain in my limb," he resumed, "but my fractured skull gives me some trouble. I have severe pains in the head, beyond these I am a well man, and I ascribe my recovery entirely to Dr. Williams' Pink Pills for Pale people. Again I repeat, beyond the pain in my head I feel like a young man."

I Samuel J. Hart, of Frankford, Phila-delphia county, Penna., do, certify that the above statement is correct and trae in every particular. X SAMUEL J. HART.

Certified to before me this 21st day of August, 1894. George L. Battershy. [SEAL.]
Dr. Williams' Pink Pills for Pale People Dr. Williams' Pink Pills for Pale People are now manufactured by the Dr. Williams' Medicine Company, Schenectady, N. Y., and are sold in boxes (never in loose form by the dozen or hundred, and the public are cautioned against numerous imitations sold in this shape) at 50 cents a box, of six boxes for \$3.50, and may be had of all druggists, or direct by mail from Dr. Williams' Medicine Company.

HISTORY OF A WEEK

M. de Naucort, a Frenchman, has a record of having killed 500 tigers. An order issued by Secretary Herbert details Captain Philip Cooper as superin-tendent of the Naval academy.

At the recent fruit show at the Crystal Palace the queen took first prize for 100 varieties of pears and apples.

The Prussian government spends over \$50,000 a year in support of the laboratories in connection with the medical department of the University of Berlin. This is ex-clusive of the salaries paid to professors. It is thought that war will follow the refusal of the Madagascar government to accede to the demands made by France.

In the public schools of France 24.2 per cent. of the pupils are short sighted. Self-murder is decidedly on the increase

in Christian countries. An attempt at fraudulent voting at Harpersville, Ala., resulted in a riot in which two men were shot.

Owing to the heavy traffic in coal, live stock and fruit, the eastern lines are suffering from a car famine.

Friday, Nov. 9.

During Tuesday night some men climbed a high furnace stack on Painter & Co.'s mill at Pittsburg, which has been idle for several months, and nailed large American flag to the highest point.

A mail train on the Bengal and Nagpore railway ran into a wild elephant that was straying along the line near Guilkhera. The engine left the rails with the first five carriages, but no one was seriously in-

IN MEMORY OF THE ANARCHISTS. Chicago Socialists Hold a Meeting, and

Talk Anti-Dynamite. CHICAGO, Nov. 12. - West Twelfth Street Turner hall was crowded with socialists who gathered to attend the commemoration exercises of the anniversary of the hanging of the anarchists. The meeting was held under the auspices of the Socialistic Labor party of Chicago. The stage was decorated with flags and red bunting, and a life size portrait of August Spies heavily draped with red bunting was suspended from the stage. Bernard Berlyn, who called the meeting to order, said that the meeting was the first which had been held since the hang-ing of the anarchists which was composed entirely of socialists. Jesse Cox was the next speaker. He said it was not the purpose of the socialists to gain their point by using force, but it was their object to gain a strong foothold by having complete organization and then to win out by ballots and not dynamite.

Hundreds of men, women and children went out to Waldheim cemetery and held memorial exercises at the graves of the anarchists. En route the locomotive drawing the train of ten coaches was derailed, and a panic ensued, but only two persons were slightly bruised—the engineer and fireman of the train. The speeches were all of the mild anarchistic order. Herr Most, of New York, was the principal speaker. He culogized the dead anarchists, reviewed the labor troubles and praised Governor Altgeld for purdoning Fielden and Schwab. His address was very wild in tone.

TALKED ABOUT STRIKES.

Important Labor Conference at Chicago-Springer and His Bill.

CRICAGO, Nov. 13 .- The congress on industrial conciliation and arbitration was called to order in Willard hall by Lyman J. Gage, president of the Civic Federation, under whose auspices the congress has met. Mr. Gage made the opening address, after which the history of industrial arbitration in England and on the continent was discussed by Professor E. R. L. Gould of Johns Hopkins university in Baltimore. The morning session ended with a speech on state bords of arbitration by Joseph Bishop, who is president of the state board of Ohio and familiar with

its practical workings in that state, At 2 o'clock Judge William A. Vincent called to order the afternoon session, which concerned itself with railway arbitration and with the sphere of the United States government in arbit-ation affairs. The second part of the afternoon session was particularly concerned with the Springer bill, introduced at the last session of congress by Mr. Springer, He himself explained the bill to the confer-ence, and was followed by Congressman James A. Tawney, who spoke on the same subject. At the evening session the Rev. John Henry Barrows presided. The distinction between arbitration and conciliation was discussed by Mrs. Josephine Shaw Lowell, who has been the leader of Dr. Parkhurst's women's crusade in New York.

Made an Assignment.

St. Louis, Nov. 10.-The Schulenberg

& Boeckelar Lumber company filed deeds of assignment here, naming C. F. Orthwein assignee for the local interests with Edward Mallinekrodt as associate. Edward C. Tittman is named as general assignee. The assets are \$500,000, consisting of real estate in St. Louis and lumber lands in Illinois, Wisconsin, Kansas and Missouri. Liabilities are unknown as yet, but preferences for \$215,000 are recorded. Adolph Bocch der of the firm died in Germany Oct. 27 and the assignment was precipitate! by the -entanglement conse-

Chicago Policemen Suspended.

SUMMARY OF ELECTION FACTS.

Situation as It Stands at the End of a Week

CHICAGO, Nov 12.-Nearly a week has passed since the voters gave their decision of the political issues, and although the general result was sufficiently emphatic to have been made definitely known before midnight Tuesday, Nov. 6, there were a few uncertainties, a few of which remain to be cleared up. One of these, and the most uncertain, is the question who will be governor of California. A telegram from San Francisco says that has again become a question which a few

days ago was considered settled.

What was at first supposed to be a decided victory for Budd, the Democratic candidate for governor, has now developed into a question of very serious doubt and the official canvass will probably be left to decide the contest between Budd and his opponent. Of the 2,274 precincts in the state 2,115 have been heard from and Budd has but 700 plurality. The Demo-crats claim that the official count will give Budd 500 more in San Francisco, which will leave him with 1,200 plurality and 159 precincts to hear from. There is talk of contesting the election if the official count gives the election to Budd. The Republicans have practically everything

else and six of the seven congressmen.

The next mooted question was as to the governorship of Tennessee, but that has apparently been settled by the Democrats conceding the election of Evans, Repub-lican, on the face of the returns and the Republicans claim a plurality of about 1,500 votes. The legislature is Democratic and there is much talk of fraud on both sides. One of the charges is—on both sides—that returns have been held back to see "how many votes were needed." But the fact is that the returns were never sent in so rapidly in the history of

The result in Texas is definitely known, and is the election of a Democratic gov-ernor by a plurality of about 50,000, a Populist vote largely increased over 1892, twelve Democratic congressmen and one Republican. In New Mexico the Republicans get the delegate and the legislature stands two Republican majority in the house and two Democratic majority in the senate. The Populists carried one county

The Democrats wound up the week by gaining two congressmen credited to the Republicans, Kem in Nebraska now beats his Republican competitor, Dougherty. Holcomb, however, has over 3,000 plurality, and the Republicans have concluded not to contest the case. They have the legislature and everything else. Re-

publicans are reported to have lost another congressman—Hopkins, in Ketucky, who was reported to have beaten Kendall. Later reports give the fight to the latter by 104 plurality.

Revised figures on the plurality of Morton for governor of New York give him a plurality of 155,688. Some other figures that are very nearly correct are as follows
—on pluralities for the head of the Republican ticket: Wisconsin, except four counties casting 12,000 votes, gives Upham 51,498. Indiana, all but ten counties, 45,445, Minnesota, all but six countles, 59,258, Missouri, official, unofficial and carefully estimated from the whole state, 11,092. Iowa, from every county, 78,703. The Populists claim a gain of 45,000 in Wisconsin.

Illinois gives a plurality for the Republicans of about 130,000. North Carolina advices are scarce, but the fusionists have carried the state and will send two sen-ators to the United States congress. In West Virginia Hon. William E. Chilton, secretary of state and chairman of the Democratic state committee, states that the Republicans will have a majority on joint ballot in the next legislature of thirty-eight. There are already ten candidates for United States senator in the field, and the list is being swelled daily. Judge Goff and Stephen B. Elkins are the

Chicago Returns One Democrat.

board has completed the count of the ballots in the race between Belknap and Mc-Gann for congress and the result gives the Democrats one representative from Chicago and two from the state, The delega-tion stands twenty Republicans and two Democrats. McGann's plurality is 70.

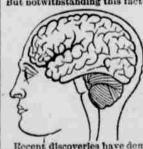

Collapse of a Building.

PHILADELPHIA, Nov. 14.-By the collapse of the wall of a new building in course of erection at 2438 Frankford ave aue one man was killed and six others seriously injured. James Mullen was so severely injured that he died shortly after-wards in the Episcopal hospital.

MYSTERIES!

The Nervous System the Seat of Life and Mind. Recent Wonderful Discoveries.

No mystery has ever compared with that of human life. It has been the leading subject of professional research and study in all ages. But notwithstanding this fact it is not generally known that the seat of life is local to the seat of life is local to the leading the perpart of the splinal cord, and so send and so send and so send.

and so sensitive is this portion of the nervous system that ever the prick of a needle self-

Recent discoveries have demonstrate the all the organs of the body are under the control of the nerve centers, located in organithe base of the brain, and that when the search deranged the organs which they supply with nerve fluid are also deranged. When it is remembered that a serious injury to the spiral cord will cause paralysis of the body below the injured point, because the nerve force is prevented by the injury from reaching the paralyzed portion, it will be understood for the derangement of the nerve centers which they supply with nerve force.

Two-thirds of chronic diseases are due to the imperfect action of the nerve centers at the base of the brain, not from a derangement of the imperfect action of the nerve centers at the base of the brain, not from a derangement of the imperfect action of the nerve centers at the base of the brain, not from a derangement of the imperfect action of the nerve centers at the base of the brain, not from a derangement primarily originating in the organ itself. The great mistake of physicians in treating these diseases is that they true the organ rather than the nerve centers which are the cause of the trouble.

Dit Franklin Miles, the celebrated specialist, has profoundly studied this subject for over 29 years, and has made many important discoveries in connection with it, chief among them being the facts contained in the above statement, and that the ordinary methods of treatment are wrong. All headache, dizziness, dulinoss, confusion, pressure, blues, mania, melancholy, insanity, epilepsy, St. Vitus dance, etc., are nervous diseases no matter how caused. The wonderful success of Dr. Miles' Restorative Nervine is due to the fact that it is based on the foregoing principle.

Br. Milles' Restorative Nervine is due to the fact that it is based on the foregoing principle.

Br. Milles' Restorative Nervine is due to the fact that it is based on the foregoing principle.
