

Studebaker

"Nearly all those Wagons and Buggies are Studebakers"

Every year over one hundred thousand Studebaker vehicles are sold.

This tells you what the farmers of the country think of the Studebaker wagons.

This appreciation has been constantly growing for sixty years.

This appreciation has been earned by the determination of Studebaker to produce an honestly built wagon that will do a full day's work and keep on doing it, and not to build a cheap one.

The man who buys the Studebaker gets all the improvements gained by the experience of two generations of wagon builders.

CAMP FIRE OF OLD SOLDIERS

THIS IS PLANNED TO BE ONE OF THE PLEASING REUNION FEATURES.

Special to The Herald.

CHATTANOOGA, Tenn., May 9.—Commodore A. L. Key, of this city, and W. B. Gillispie, of Newmarket, Tenn., are planning to have a reunion and camp fire of surviving members of the Forty-third Tennessee Infantry incident to the general reunion of the United Confederate Veterans and Sons of Veterans in this city May 27-29. Commodore Key's father, the late Judge D. M. Key, was lieutenant colonel of the forty-third, and Mr. Gillispie's father, the late Col. J. W. Gillispie, was colonel. So far as known the only surviving officer is Capt. J. A. Tompkins, of Oil City, Pa., who commanded company A. Capt. Tompkins and his daughter will be guests in the home of Commodore Key during the reunion. The fact that he will be here, it is believed, will furnish an added incentive to any survivors of the Forty-third to come here if they possibly can do so. Commodore Key and Mr. Gillispie plan to have some kind of formal entertainment that will be very pleasant and profitable for the veterans of the command in which they are so much interested on account of their father's connection with it. Both request that all surviving members of the regiment communicate with them

POLICE SENTENCED TO IMPRISONMENT BY NEW YORK COURT

FOUR OF THE OFFICERS MUST DON THE PRISON STRIPES.

YEAR FOR EACH OF THEM

Fine of \$500 Also Placed Against Convicted Men, Who Are Yet to Be Tried Under the Serious Charge of Bribery.

NEW YORK, May 10.—Dennis Sweeney, John J. Murtha, James E. Russey and James F. Thompson, former police inspectors, convicted of conspiring to obstruct justice to check graft revelations involving them, were sentenced today to serve one year in the penitentiary and pay a fine of \$500 each. This is the maximum sentence.

Up to the moment that sentence was pronounced, the belief prevailed that one of the four would "sneak" to the district attorney on the "man higher up." If any of them entertained such intention, he masked it under a stolid front of calmness as he faced the bar. Reports that one of the four was bargaining with Mr. Whitman for a suspension of sentence and that the long-sought guiding genius of the system would be brought to justice through a confession were still prevalent about the criminal court building after sentence had been pronounced. It is not yet too late for one of the inspectors to save himself by an eleventh hour statement.

No move of any sort looking to an appeal was taken by any of the four prisoners today. An effectual club against appeal is held by the district attorney in the form of nineteen indictments for bribery—a felony—recently returned against the quartet.

The crime for which the four inspectors—highest uniformed officials in the department—were convicted, was brought to light by the district attorney in his crusade against graft in the police department, begun after the murder of Herman Rosenthal. George A. Sipp, a resort keeper, told Mr. Whitman that he paid regular protection money to collectors acting for Sweeney. When it came time for Sipp to testify before the grand jury he had fled. He was found at Atlantic City, brought back to New York and testified that Sweeney and his three co-defendants had raised a fund and hired him to remain out of the state.

BRISTOL WET BY FIFTY-TWO

VIRGINIA HALF OF THE TOWN HAD A STRENUOUS CONTEST.

BRISTOL, Tenn., May 10.—The Virginia half of Bristol voted wet by a majority of fifty-two Friday after the hottest local option campaign in the history of the city. The "wets" made their fight for a continuance of the high license and regulation, which the city has had for four years.

It is thought that the fact that the liquor houses had just paid over \$50,000 in license tax, which the city would have been compelled to return if it had voted "dry" had much to do with influencing today's election. The fact that Abingdon, a nearby town, has maintained a dispensary was also used again. It was shown that if the Virginia half voted dry, the big mail order houses could simply move across the street into the Tennessee half of the city and continue to ship under the interstate traffic law, as they are now doing.

The election today was different from the local option elections heretofore held in Bristol in that the women and children were not in evidence, and there was no temperance parade. However, a hundred temperance workers spent the entire day on the grounds. Both sides engaged many automobiles to bring out the voters.

The vote was heavy, only thirty-two persons eligible to vote having failed to participate. Several came a thousand miles or farther to cast their votes.

MISS CLARA M'FALL TREATED TO A SURPRISE IN WAY OF A PRIZE.

NOT ABSENT DURING TERM

Twenty-One Present at Every Roll Call During the Entire Year—Lilliputian Minstrels to Be Repeated at Opera House.

The McDowell commencement exercises on Friday were impressive and interesting.

The large class filed into their places on the stage at the appointed time. Morning, a chorus of exceptional beauty was given, followed by Dr. Haggard's invocation. The salutatory was given by Miss Clara McFall, with Leslie Letsinger as the valedictorian.

Col. Weber followed in a most excellent address.

The certificates were then given by Superintendent John P. Graham.

The next was perhaps the most interesting scene of the morning program, it being the occasion of the giving out of the medals by Col. Weber. These were for the highest general average in scholarship, attendance and deportment.

Miss Margaret Cecil secured the first prize in the fifth grade with an average of 99.

Mayhew Derryberry in the fourth was the winner with the same grade, 99. Clara McFall was surprised when it was announced that the third and most valuable prize was for her, a beautiful signet ring, the gift of her father.

The pupils who were not absent during the term were Arthur Anderson, Marvin Anderson and Oscar Hardison of the first grade; William Gordon, Irene Parks, Oma Morton, Laura McGaw, of the second grade; Bessie Kirby, third grade; Mayhew Derryberry, Elmira Huckaby, Ruby Erwin, Gladys Journey, Elizabeth Martin, Murry Rittenberry and Paul Roberts, of the fourth grade; Margaret Cecil, of the fifth grade; Orton Roberts and Henry Morion, of the sixth grade; Annie Matthews, of the seventh grade.

Pupils making the highest average during the year were:

Fourth grade—Mayhew Derryberry, 99.
Fifth grade—Margaret Cecil, 99.
