WELD SEVEN WAR WORK AGENCIES INTO RELIEF ARMY

Great Organizations Which Are
Helping to Keep Up the Morale
of Fighting Millions Unite in
Campaign for \$170,500,000.

With millions of American men on war fronts, in training camps and on the seas and with thousands of American women on foreign soil, all engaged in the stupendous task of making the world safe for democracy, a great duty devolves upon those who remain in the United States,—the duty of sending Home to those who have put Home behind them for the period of the war. The agencies through which this can be accomplished are joined in the United War Work Campaign.

From being given the cigarette or chocolate bar, with which he stays his hunger in the fury of battle, to the theatrical entertainment or the athletic games, which relax him into normal comfort after weeks of terrific combat, the American fighter is dependent upon the continued efforts of the Y. M. C. A., the Y. W. C. A., the National Catholic War Council and K. of C., the War Camp Community Service, the Jewish Welfare Board, the American Library Association and the Salvation Army. To carry on this work the combined welfare organizations are seeking a fund of \$170,500,000.

The Y. M. C. A. provides 538 huts in American training camps and more than 900 in the war zone as centres which the fighters can use as clubs, schools, theatres, stores, churches, libraries and writing rooms. More than 7,000 men and women had been sent overseas or approved for overseas work by early autumn and 3,822 were serving in American camps at home.

Y. M. C. A. huts are the canteens of the American Expeditionary Force and are the theatres where the American entertainers, sent over by the "Y," appear. Noted American public men and clergymen speak in the huts. Classes are conducted there. Millions of letters are written there on paper provided free by the "Y." Physical directors of the "Y" teach and spread mass athletics, using material furnished free by the organization.

The Y. W. C. A. does similar work for the thousands of American women in war work overseas—signal corps telephone operators, nurses and French munition workers. It provides cafeterias, rest and recreation centres, entertainment and reading for these women and girls.

The Y. W. C. A.'s outstanding contribution to soldier welfare work in training camps was the establishment of Hostess Houses, where the soldier or sailor may receive his mother, wife, sister or sweetheart in the surroundings and atmosphere of the best homes.

The National Catholic War Council co-ordinates all Catholic welfare work in support of the government and through the K. of C. provides club-houses for our fighters in all American training camps, as well as having seventy-five centres in France and three in England. In their huts the K. of C. provides entertainment, movies, boxing bouts, educational work, religious services, free stationery, reading matter and writing rooms. In France their rolling canteen accompanies the American army, their secretaries march with the troops, giving away cigarettes, cookies, chocolates, soap and towels.

The K. of C. had 300 workers in France at the beginning of autumn, with 450 more passed by the government and 200 others signed up. At the same date they had 468 secretaries in American training camps, 150 buildings, fifty-six more in the course of erection and contracts let for fifty more.

War Camp Community Service functions exclusively in America, its special mission being to "surround the camps with hospitality." In place of leaving the soldier or sailor to the promiscuous companions and diversions formerly his lot, the organization obtains for him the best to be had in communities adjoining camps or through which he passes.

W. C. C. S. obtains for him invitations to dine, bathe or spend the day in the best homes. It introduces him to the best women and girls at social gatherings, church entertainments, theatre parties. It arouses communities to provide concerts, athletic contests and other wholesome diversions for the soldier, and to drive out or discourage the vicious elements which have been historic camp followers.

The Jewish Welfare Board is correlating the strength and purposes of 100,000 Jewish soldiers, sailors and marines with that of the Gentile soldiers. The board teaches the English language, American civics and ideals to thousands of young Jewish men who were inducted into service after only a few years' residence in this country. While safeguarding his religious rites, the board assists in the process of welding the Jewish soldier into the solid American unit and in bridging over the differences between him and the others.

The American Library Association is providing reading matter for every American soldier, sailor, marine and prisoner of war. In addition to gathering and forwarding three million

SERVICE THAT WINS THE SOLDIER HEART

Fred Lockley, Y. M. C. A., Tells of
the Gratitude of the Boys
at the Front.

"One of the discoveries men are making over here," Fred Lockley, of the Y. M. C. A. and of Portland, Oregon, writes from London, "is that more pleasure can be had out of giving than getting. Many a man who has spent money freely in the old days to buy pleasure is finding that he gets more pleasure over here by the spending of one's self in the service of others."

"A few months ago I went out with a fellow Y. M. C. A. secretary to hunt up out-of-the-way detachments of troops. A stable guard here, a machine gun company there, a platoon somewhere else. We carried our goods in an automobile. We had plenty of writing paper and envelopes for free distribution, and chocolate, cookies, chewing tobacco and smoking tobacco, cigarettes, razor blades, tooth paste and things of that kind for sale. American war service workers were busy everywhere. We found Salvation Army lassies making doughnuts for the boys and K. of C. secretaries giving help. Books furnished by the American Library Association were to be seen on all sides."

"Hearing firing at a distance, we drove down the road and found a score or so of men at machine gun practice. The officer gave the men half an hour recess to buy goods."

"At another place we came in sight of a lieutenant drilling a platoon. I said to the lieutenant: 'How soon before you dismiss the company? We have Y. M. C. A. goods for sale.'"

"He said: 'Right now. Sergeant, dismiss the company!'"

"And ten seconds later the company was in line waiting to buy goods from our traveling 'Y.' Grateful is no name for it. The men can't do enough to show their gratitude."

Why You Should Give Twice What You Did Before

The government has fixed the sum needed for the care of the men in the service at \$170,500,000.

Unless Americans give twice as much as ever before our soldiers, sailors and marines in 1919 may not enjoy their

Tusculum Notes.

Died, at his home in the Thirteenth district, on Saturday afternoon at 2 o'clock, J. Wesley Swiney, aged 82 years. Mr. Swiney had been confined to his home for several months with a complication of troubles, until a few days before his death, when his condition suddenly grew worse and produced much suffering until the summons came that relieved him of the agony and excruciating pain which he had borne with Christian fortitude. Mr. Swiney was born at Wautauga, Carter county, Tenn., and lived there until some years ago,

when he bought a farm in this county and removed to it and lived there to the day of his death. Mr. Swiney was a member of the Christian church for 57 years, and was a close student of the scriptures, and requested that the old Bible which he had so long read, and had for so many years been his guide, be placed in his casket and buried with his remains, which request was complied with by his family. For a number of years prior to his removing to this county, Mr. Swiney was in the employ of the East Tennessee, Virginia & Georgia Railway Co., as track master, and was regarded by the company as a faithful servant. Mr. Swiney is survived by two sons, James and Tom Swiney, of this county; and three daughters, Mrs. Alice Daily, who was living in the home with him at the time of his death, and Mrs. Martha Kidwell, who lives in Greenville, Mrs. K. D. Miller, who lives in Bristol, together with a number of grand-children and great-grand-children. His funeral obsequies were conducted at Fairview church, on Monday, at 10 o'clock a. m., by Rev. J. N. Shepherd, of Milligan College, who with well chosen words paid a tribute to a long life well spent in a manner that was unostentatious in all its ways, but with simple devotion served his Creator and waited the day of transition with the hope of enjoying a more beautiful life than this world can give.

The interment took place in Fairview cemetery, by the side of his wife who preceded him to the grave three years since. The burial was under the supervision of the Mitchell Furniture Co., of Greenville, and was personally directed by Col. J. J. Mitchell, a member of this popular firm. The newly made grave, which was covered by a blanket of beautiful flowers, was evidence of the esteem in which this good old man was held by his neighbors and friends.
