## Gov. Cox Starts for Evansville With a Bale of "Evidence"

TERRE HAUTE, Ind., July 25.—ENROUTE WITH GOV. COX TO EVANSVILLE.—(By United Press.)—A portfolio filled with closely written pages that appear much like daily balance sheets, the big bank was the most important "baggage" carried by Governor Cox as he traveled through Indiana toward Evansville and Princeton, where he will resume his stump battle. In the case was most of the evidence with which Governor Cox says he will prove the charges against the republicans who are seeking to raise a campaign fund of \$150,000,000. A few highly prized tables of figures were carried by the Governor in his inside coat pocket. It is the evidence of the Governor in his announced "expose" of republican finances at Pittsburg Thursday night that he is planning to make public. Cox was told that the republican quota from one county was \$30,000. He pulled some papers from his pocket, and said, "No, it is \$40,000. You know, the republicans have been very careless with their financial campaign."

KNOXVILLE, Tenn., Aug. 25.—Rev. W. A. Sunday will hold a city-wide evangelistic meeting in Knoxville, January and February, 1921, according to an unanimous decision at a called meeting at the Central Y. M. C. A. building Monday morning. Further action regarding the appointment of committees will be taken at the next regular meeting of the association to be held September 5. Rev. C. K. Mahoney, president, presided at the meeting which was attended by a fairly large number of the pastors, in view of this being the vacation period.

Rev. C. K. Wingo read a letter from Mr. Sunday in which he stated that the January date reserved for Cincinnati had been requested postponed and that if Knoxville desired she could take advantage of this change and have the revival in January, 1921, instead of November, 1921. Dr. Wingo said that although the committee had been given power to act in respect to setting the date for the meeting he wished to have the approval of the association before taking this step. He stated that he and Dr. R. E. Vale, chairman of the committee, who is now out of town, personally felt that the earlier date would be better.

### Senator Harding Is Entertained by Party of Actors

MARION, Ohio, Aug. 25.—A group of theatrical folks brought a touch of Broadway to Senator Harding's front porch yesterday and pledged their support of the Republican nominee.

About twenty actors and actresses were in the delegation, and they presented their regards to Marion and the Hardings in a succession of characteristic fetes. In a short front porch speech the Senator expressed his appreciation and suggested that in the drama of American politics the country wanted a change of bill to do away with "one-lead activities," and to let every citizen play his fair part.

### CHICAGO DECLARED WET AS IT EVER WAS

CHICAGO, Ill., Aug. 25.—Major A. V. Dairymple, federal prohibition agent, Tuesday asked the assistance of Attorney General Edward J. Brundage in enforcing the prohibition law in Chicago and vicinity. He said that while his force of twenty-one men had reported more than 3000 cases of liquor law violation to the District Attorney's office in the past few months, his force was too small to handle the situation.

"Chicago is as wet as it ever was," he stated. "I have not enough men to investigate all the complaints that come in from a city of 3,000,000. The state law is as drastic as the federal law, and I have called on the Attorney General to help me."

### Suffragists Expect Proclamation Within 24 Hours

WASHINGTON, D. C., Aug. 25.—Suffragists yesterday evening announced that ratification of the nineteenth amendment would be proclaimed by Secretary of State Colby within 24 hours. The prediction of Woman's Party leaders came upon the heels of a telephone message from Miss Sue White, Tennessee chairman of the National Woman's Party, to Alice Paul chairman, stating that the certificate of Tennessee's ratification had been mailed to Secretary of State Colby at noon yesterday by registered mail, after the Tennessee Supreme Court granted a writ of supercedeas, taking the injunction against Governor Roberts out of the hands of the lower courts. Immediately upon the receipt of the certificate of Mr. Colby Wednesday evening or Thursday, the issuance of the formal proclamation announcing the completion of suffrage ratification is expected by representatives of the Woman's Party who have been in close touch with the Secretary of State during the past few days.

The action of legislators in fleeing from the State when defeated to break a quorum is bringing them in for much ridicule in Washington. Commenting on this action the Washington Star yesterday afternoon says editorially, "The bolting Tennessee legislators are making a very sorry spectacle of themselves. They are not playing the game in a manly fashion. They are trying to defeat a measure by trickery that should be met squarely and passed or beaten on its merits."

### Famous Highway Is Dedicated

DENVER, Colo., Aug. 25. (United Press.)—The world's longest continuous auto scenic highway—4,500 miles—connecting eleven national parks and traversing nine western states, was dedicated here today to all America by Stephen T. Mather, director of the National Park Service and officials of the National Park-to-Park Highway Association.

The simple ceremony consisted of "a world challenge to compete with the enchanting wonders contained in the federal recreational areas," which lure the traveler to snow-cooled heights. The dedication here was marked with the opening of a publicity tour by federal, state and city officials, including Director Mather. The days of all praise schooner travel were wiped out forever in the caravan of 25 automobiles that carried the official party in comfort on the circle swing that will require 60 days to complete. It also heralded a new era in which every man, woman and child in the country is given a share in the hospitality of the great West.

The park-to-park highway, laid out by A. L. Westgard, scout for the American Automobile Association, reaches the Rocky Mountain National Park in Colorado, Yellowstone Park in Wyoming, Glacier Park in Montana, Mount Ranier Park in Washington, Crater Lake Park, Oregon; Lassen Volcanic Park, Yosemite General Grant and Roosevelt Parks in California, the Grand Canyon in Arizona, and Mesa Verde in southwestern Colorado.

The ultimate object of the National Park-to-Park Highway association is to prevail upon Congress to furnish a hard-surfaced boulevard making easily available to the people America's playgrounds.
